1. If a player does not report in, the forfeit shall result in a 0-8 score in favor of the player forfeited to.
2. If a player is late checking in, they may join their foursome at the next tee, with the any missed hole being a forfeited hole (signified by an X) and the total score going to the opposing player.
3. If a player does not complete 9 holes, their opponent automatically wins each of the remaining holes plus total score.

**MATCH PLAY SCORING:**

1. Matchups will be determined by low handicap through high handicap (for example, Team A has handicaps 3, 8, 9, 12; Team B has handicaps 6, 8, 10, 12. Matchups would be 3-6, 8-8, 9-10, 12-12)
2. In a team who is playing non-handicapped players versus a team with all players with established handicaps, all handicapped players must be matched up, as described above, prior to matching up the non-handicapped player with an established handicap player.
3. If a team has only 1 non-handicapped player, and the opposing team has only 1 non-handicapped player, the non-handicapped players will be matched against each other.
4. If both teams have equal number of non-handicapped players, but more than one, the non-handicapped players should be matched up according to their estimated handicap prior to the round.
5. If players on the same team have identical handicaps, they can make the decision which opponent they will match up against, assuming Rule #1 is not compromised.

**7. PAIRINGS MUST BE DETERMINED AND MARKED ON THE SCORECARD BEFORE TEEING OFF THE FIRST TEE AND CANNOT BE CHANGED.**

  4. All scores over triple bogey will be adjusted to triple bogey when computing handicaps.
  5. Players will be given a handicap after their first round played.
  6. Players who do not have a league assigned handicap will play with a minimum net score of 40, and their first round handicap will be based on their total net score\* minus 40.

**HOW TO PLAY PENALTY SHOTS:      SEE NEXT PAGE**

## Penalty Shots: How to play and score them

1. Out of Bounds (white stakes) – we see these a lot at Chula Vista, occasionally at Eastlake, and rarely at Salt Creek, but nonetheless, they are there. Since this is a twilight Golf League with time constraints, we play OB shots a little differently (or least have the option to play them differently) than the USGA rule book states.
  - a. If you hit a ball Out of Bounds, you have the option to 1) go back to the spot where your original shot was taken and add a **one-stroke penalty** to your score, or 2) you may drop at the nearest point of relief where your ball went OB for a **two-stroke penalty**.
    - i. Example for Option 1: Player A tees off and hits his ball OB. He searches for his ball but realizes it went OB. He drives back to the tee box and hits his **3<sup>rd</sup> shot** off the tee.
    - ii. Example for Option 2: Player B tees off and hits his ball OB. He searches for his ball but realizes it went OB. He drops at the point nearest to where his ball went OB and hits his **4<sup>th</sup> shot**.
  - b. If you think your ball may be OB, please hit a provisional ball in the essence of saving time.
2. Water Hazard (yellow stakes) – if you see water directly in front of you, you will probably see a yellow stake. Here are some options to playing these hazards.
  - a. You can always try to play out of a water hazard with no penalty. You cannot ground a club in any hazard (yellow staked, red staked, or sand hazard).
  - b. If you wish to drop you may:
    - i. Return to the spot where you took the original shot, and add a **one-stroke penalty**, or
    - ii. Drop anywhere in line with where your original shot was taken and where your ball entered into the hazard, plus add a **one-stroke penalty**. You must keep the hazard between where you hit your next shot and the hole (you must hit OVER the hazard).
3. Lateral Water Hazard (red stakes) – the most common hazard stakes (think the creek at Chula Vista Muni for most of the front nine).
  - a. You can always try to play out of a water hazard with no penalty. You cannot ground a club in any hazard (yellow staked, red staked, or sand hazard).
  - b. If you wish to drop you may:
    - i. Return to the spot where you took the original shot, and add a **one-stroke penalty**, or
    - ii. Drop two-club lengths from where your ball entered the margin of the hazard, no closer to the hole, and add a **one-stroke penalty**.
    - iii. Drop on the opposite side of the lateral water hazard, equidistant to the hole (no closer to the hole, equal to how far it would have been if you would have dropped your two-club lengths), and add a **one-stroke penalty**.
