ROUGH GRADING & PAD
CERTIFICATION**

PW-E-106A and PW-E-106B
Request for Building Permit Issuance

Section A

FORM 5519

Complete Form 5519 Sections A and B including engineering stamps and signatures. Submit to Engineering & Capital Projects Department, Construction Inspection section via email to ConstructionInspection@ChulaVistaCA.gov five working days before scheduled pad certification inspection. See Muni Code Section 15.04.100.A.

Permit Information

Applicant Information

Grading Permit No: _____

Developer's Name: _____

Building Permit No.: _____

Developer's Signature: _____

Lot Numbers(s): _____

Date: _____

Location: _____

The building permit will not be issued until the rough grading phase of the work has been approved. As part of obtaining this approval, the following items shall be completed to the satisfaction of the Engineer of Work. Select the appropriate status for each item and sign below confirming the accuracy of the information provided.

- _____ 1. A compaction report when required by the permit.
- _____ 2. Engineer of Work Rough Grading and Pad Certification signed and stamped by the Soils Engineer and Civil Engineer.
- _____ 3. All drainage facilities, retaining walls, and rough grading in accordance with the approved plans.
- _____ 4. The property lines flagged and staked.
- _____ 5. All cut and fill slopes in excess of fifteen (15) feet vertically are planted. At the discretion of the City Engineer, install the required irrigation system and/or any slope considered a potential erosion hazard.
- _____ 6. Set final grade and location stakes for pads, slopes and structures as required by the City Engineer.

If an item is not completed, check this box and provide a written description identifying why the item has not been completed, how the site will function without the item, and a schedule for when the item will be completed.

I hereby confirm that I have reviewed items 1-6 above and provided an accurate completion status for each item.

Section B

FORM 5519

Soils Engineer and Civil Engineer Statements

The following statements are furnished as evidence of having completed the rough grading for Land Development authorized under the conditions of the subject permit and in accordance with the City of Chula Vista Municipal Code.

Soils Engineer Statement

Soils Engineer Stamp

I hereby state that inspections and tests were made by me, or under my supervision, and that in my professional opinion all embankments have been compacted to a minimum 90% relative compaction and in accordance with the earthwork specifications for the project, subject Land Development permit, and the applicable sections of the Municipal Code applying to this statement.

Name: _____

CA License No. _____

Signature: _____

Date: _____

Civil Engineer Statement

Civil Engineer Stamp

I hereby state that I have checked the building pads, cut and fill slopes, and related grading as shown on the grading plans for the subject permit, and that in my professional judgement the grading has been completed to the lines and grades in substantial conformance with the approved plans, subject Land Development permit, and applicable sections of the Municipal Code. All rough grading work has been completed.
