**LETTER FROM THE
CITY MANAGER**

Honorable Mayor and Members of the City Council

I am pleased to present the Fiscal Year 2023 operating budget and capital improvement budget for fiscal year 2022-23. City staff developed a budget that is both responsive to community needs and continues to fund and enhance services most important to our residents. Due to the years of prudent financial oversight and sound fiscal policies of the City Council, the City was well-positioned to manage through the unprecedented challenge of the COVID-19 public health and economic crises over the last two years. While the worst of this public health crisis is hopefully behind us, we continue to closely monitor the impacts of COVID-19 to ensure we are ready to protect and provide essential services to our community. The budget for the coming year anticipates continued economic growth and recovery from the COVID-19 crisis, infrastructure investments, and continued commercial and residential development throughout the City.

The City continues to plan for increased infrastructure projects and increased public safety expenditures, largely due to the passage of sales tax Measure P in 2016 and Measure A in 2018. This budget includes nearly \$10 million from Measure P to fund parks, recreation centers, drainage, and other facility improvement projects. While Measure A continues to support ongoing public safety expenditures, resulting in a total of 95 additional public safety positions to date. Also reflected in the budget, is the ongoing annual pension cost savings from the issuance of \$350 million in pension obligation bonds last year. A decision of this City Council that not only generates millions in pension cost savings, but also includes safeguards to mitigate potential increases in pension and other post-employment benefit costs.

The American Rescue Plan Act (ARPA) spending plan, adopted last year, continues to support households, small businesses, impacted industries, essential workers, and communities hardest hit by the COVID-19 crisis. The amended ARPA spending plan, included in the budget, strategically includes an additional \$28 million for public health, operational support, infrastructure projects, and economic development initiatives in fiscal year 2022-23.

Addressing homelessness and affordable housing continues to be a top priority and over the next few months as federal and state funding is finalized, City staff will be coming forward to the City Council with updates on current City housing programs and new proposals to address this complex issue.

Budget Goals

The City continually strives to find new ways to maximize limited resources to deliver high quality services to our community. In preparing the General Fund budget for fiscal year 2022-23, Staff focused on the following budget development goals:

- Fund the highest level of municipal services possible based on available resources.
- Enhance core community services and strategically add operational and administrative support positions.
- Make significant progress on key programs and projects in support of the City's Strategic Plan.
- Incorporate conservative revenue projections in the development of the budget.
- Avoid the use of reserves to balance the budget or fund ongoing commitments.

Budget Overview

The combined budget for all City funds totals \$533.7 million. This amount includes a General Fund operating budget of \$248.9 million, Capital Improvement Program (CIP) budget of \$50.5 million, and other funds. The General Fund presented in this document is balanced without the use of operating reserves.

The following highlights some of the priorities for fiscal year 2022-23 City services and programs:

- ARPA: Second year of federal funding for responding to the COVID-19 and economic crises with \$28 million in funding
- \$14.1 million for the Loma Verde Aquatic and Recreation Center in the CIP Budget
- \$11.9 million in Pavement Rehabilitation projects in the CIP Budget
- Second year of funding for the Ambulance Transport System
- Funding for a Fire Academy to address attrition within the Fire Department
- Repairs and improvements to various public facilities
- Repairs and improvements to sidewalks and other infrastructure
- Increased tree trimming services
- Increased library funding for books and materials, and expansion of Passport services to all branches

Budgeted Positions

The total number of positions for all City funds totals 1,226.75. This amount includes 867.75 positions in the General Fund and 359 positions in other funds. This is an increase of 39.5 positions from the fiscal year 2021-2022 adopted budget. Six of these positions were made possible due to ARPA funding.

These new positions will allow the City to do the following:

- Strengthen the City's position against cybersecurity threats and ensure alignment with the National Institute of Standards and Technology
- Provide additional resources in the Public Works department to address high priority projects and ensure projects are completed within the timeline of ARPA funding.
- Increase citywide grants oversight and administrative support to ensure the City is in compliance with applicable grant agreements
- Enhance community services for animal care and parks recreation services to keep up with the increased demand and maintain the quality of these services across the City
- Provide additional Police services to protect and enhance the quality of life in all communities

ACKNOWLEDGEMENT

City staff is the key component in delivering high quality municipal services to our residents. I am proud of all our City employees who are essential to the wellbeing of our community. They work tirelessly to deliver the best services to our community, and as demonstrated during the last two years, were able to quickly mobilize and transition to providing essential services needed during the COVID-19 crisis.

I would like to thank you and the Executive Team for their leadership and support. Finally, I would like to recognize the Finance Department for their exceptional work in once again preparing a balanced budget using sound financial management practices. The Finance Department will continue to provide the City Council with financial updates in order to continue to maintain a balanced budget through fiscal year 2022-23.

Respectfully,

A handwritten signature in blue ink that reads "Maria V. Kachadoorian". The signature is written in a cursive style.

Chula Vista at a Glance

About Chula Vista

Today the City of Chula Vista is located at the center of one of the richest cultural, economic and environmentally diverse zones in the United States. It is the second-largest City in San Diego County with a population of approximately 276,000. Chula Vista boasts more than 52 square miles of coastal landscape, canyons, rolling hills, mountains, quality parks, and miles of trails. Chula Vista is a leader in conservation and renewable energy, has outstanding public schools, and has been named one of the top safest cities in the country. Thus, the city serves as a base for strong education, clean technology, and advanced manufacturing to its growing and well-educated middle-class.

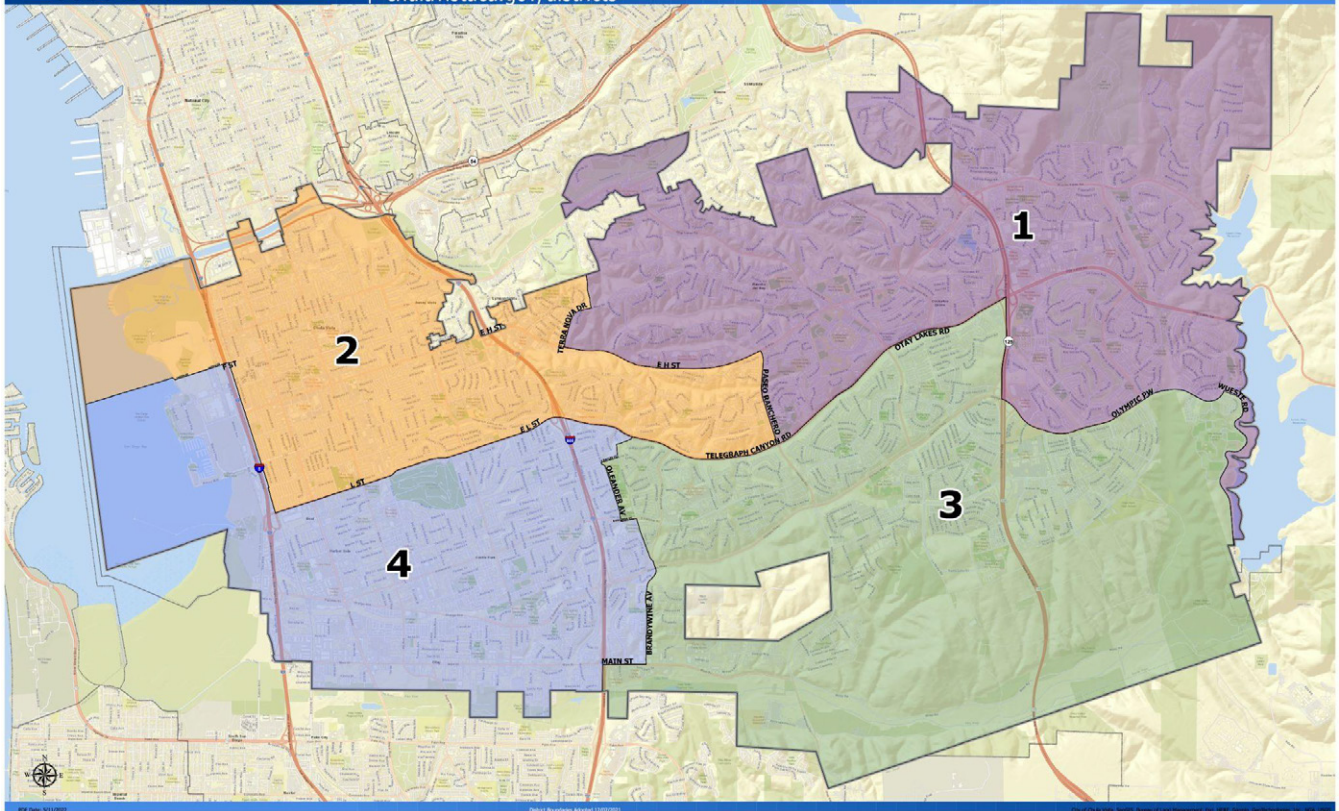

Chula Vista means “beautiful view” and this is shown through great year-round weather with miles of trails, coastline, and mountains. The open space beckons runners, hikers, cyclists, birders, and outdoors enthusiasts from the bay to the lakes. The bayfront, the Sweetwater Marsh National Wildlife Refuge, and the Living Coast Discovery Center showcase the unique animals and plants of Southern California. The city provides enough services to enjoy every end of its “beautiful view”. The Chula Vista Marina & Yacht Club awaits kayakers and boaters. Additionally, the Bayshore Bikeway gives a two-wheeled tour of more wonders on San Diego Bay.

Shopping, dining, and entertainment abound with two major malls and a historic downtown district. Otay Ranch Town Center is an exciting outdoor shopping, dining, and entertainment destination.

Chula Vista Center in the downtown area boasts major retailers, dining, movie theaters, and more than 100 fine specialty shops. And, Third Avenue Village, billed as the cultural center of the city, features historic buildings, unique shops, landmark restaurants, and seasonal outdoor music concerts. It’s also home to a brewery and tasting rooms.

Established neighborhoods, modern communities, start-up firms, corporations, nationally recognized entertainment venues, the Chula Vista Elite Athlete Training Center, 74 parks, an award-winning nature center and a historic downtown all contribute to Chula Vista’s attraction for both families and businesses.

Document Guide

The budget document is organized in a manner to facilitate a general understanding of the City's fiscal status, to present management's assessment of major issues and, finally, to present the plan for allocating resources to address those issues during the coming fiscal year. The budget document is organized as follows: Budget Message, General Fund Summary, Other Funds, Capital Improvement Program, Measure A Summary, Measure P Summary, Summary Tables and Appendix.

General Fund

The General Fund budget funds the day-to-day operations of most city services. This section of the document provides an overview of General Fund revenues and expenditures, staffing changes, and budgetary trends. This section is followed by Department Summary reports that include departmental mission statements, operating budgets, staffing and significant budget adjustments and service impacts for each General Fund department.

Significant budget adjustments are defined as: 1) additions and deletions of positions during the Fiscal Year 2023 budget development process; and 2) increases or decreases in revenues and expenditures categories in the amount of \$250,000 or greater.

Other Funds

In order to facilitate understanding of the different City funding sources, this portion of the document has been organized into the following major categories: Development Services Fund, Successor Agency to the Redevelopment Agency and Housing Funds, Sewer Funds, Fleet Fund, Capital Project Funds, Debt Service Funds, and Other Funds. Detailed descriptions and funding are provided for each fund. Due to various legal restrictions, these funds are limited in their uses and generally cannot be applied to fund day-to-day City operations such as Police and Fire public safety services.

Capital Improvement Program

This section provides an overview of the City's Capital Improvement Program for the coming fiscal year. The Capital Improvement Program accounts for the acquisition, rehabilitation, or construction of major capital facilities, infrastructure, or equipment. More detailed information about each capital project, project status, expenditures to date, current year appropriations, and future funding, can be found in the Capital Improvement Program budget document.

Measure A Summary

The voter approved one-half cent Public Safety Sales Tax related income and expenses are budgeted in a separate fund. The Measure A Fund Summary provides the allocation summary for the coming fiscal year.

Measure P Summary

The City established a separate fund to track and account for income and expenses related to the voter approved one-half cent Sales Tax. The Measure P Fund Summary provides a summary of the allocation for the coming fiscal year.

Summary Tables and Appendix

The Summary Tables provide a quick way to view budget allocations by department (or fund) and expenditure category, revenues by fund and type, and Council authorized positions by department. The Appendix contains supplementary information on a variety of topics, including an overview of the budget development process along with relevant timelines and milestones, fiscal and investment policies, debt administration, and a glossary of finance and budget terms.

Summary of Staffing Changes

BUDGET PROCESS

Budget Process

The City of Chula Vista's budget is created in conjunction with City Council, City staff, and City residents. The budget process begins each year with development of the preliminary base budget in January and is completed with the City Council adoption of the budget in May/June.

The fiscal year 2023 budget cycle began with a preliminary base budget developed by the Finance Department's Budget and Analysis staff in January 2022. The base budget accounts for the normal operating costs of the City. Through April 2022, Finance staff worked with departments to refine the base budgets and incorporate departmental changes to align the budgets with anticipated department operations for the coming year.

The budget development process provided City departments the opportunity to recommend budget adjustments based on department operational requests and/or one-time funding requests. Requests are reviewed by City Administration and are included in the City Manager's Proposed Budget.

While Finance staff was developing the operating budget, Engineering & Capital Projects staff worked to develop and finalize the Capital Improvement Program (CIP) budget.

Finance staff presented the City Council with a balanced General Fund budget on May 10, 2022. At this meeting, the Council accepted the fiscal year 2023 City Manager's proposed operating budget as their own and set the public hearing date of May 24, 2022, prior to Council acting on the adoption of the budget.

Copies of the Proposed Budget were available for public review in the Office of the City Clerk and the City's website at least ten (10) days prior to the public hearing.

As set forth in the City Charter, at any meeting after the adoption of the budget, the City Council may amend or supplement the budget by motion adopted by affirmative votes of at least four (4) members. Throughout the year, the Finance Department provides the City Council with quarterly financial status reports comparing expenditure and revenue projections to budgeted amounts, highlighting any variances and recommending corrective actions as necessary.

Budget Strategy

The City's budgeting process is built around the objectives outlined in the City's Strategic Plan. The Plan's framework assists Staff in weighing our community's priorities against the limited resources available to achieve strategic goals.

City Strategic Plan

The City's Strategic Plan is an important management tool to guide operations, assessing the current environment and envisioning the future, to increase effectiveness, organizational commitment and consensus of City strategies and objectives. The Strategic Plan provides a comprehensive framework that ensures priorities set by the Council are clear to all employees and that the City government is accountable to meeting community needs by setting objectives to meet identified goals. The City has set five core goals critical to achieving our shared vision of ensuring a vibrant and sustainable quality of life for Chula Vista residents and businesses:

Operational Excellence Economic Vitality
Healthy Community
Strong and Secure Neighborhoods
Connected Community

The City's full Strategic Plan can be accessed at the following link: www.chulavistaca.gov/departments/city-manager/strategic-plan

Strategic Plan Process

A Steering Committee was formed to draft the City's initial Strategic Plan in 2013. Each department and various commissions provided input on long-term strategies and annual initiatives. The goals encompassed visions the City Council and public have already expressed.

Budget Development Milestones

- **April 20 & 27, 2022**

Two public workshops were held at City library branches to provide an overview of the City Manager’s Proposed Budget.

- **May 6, 2022**

The City Manager’s Proposed Budget Document was submitted to City Council as required by the City Charter, which was at least thirty-five (35) days prior to the beginning of the fiscal year. Copies of the Proposed Budget were made available for public review on the City’s website.

- **May 10, 2022**

Staff presented to City Council the Fiscal Year 2023 City Manager’s Proposed Budget and Council consideration and acceptance of the Budget as the City Council’s Proposed Budget. Concurrently, a public hearing on the Budget was scheduled for the May 24, 2022 Council meeting. Leading up to this hearing, the City Council’s Proposed Budget was made available for public review for at least ten (10) days. A comment form was provided on the City website to accept public comment.

- **May 24, 2022**

A public hearing was held before the City Council considered adoption of the budget. To comply with the City Charter, a notice of the public hearing was published in the local newspaper at least ten (10) days prior to the meeting. After the public hearing, the City Council voted and unanimously adopted the budget for Fiscal Year 2023.

Proposed Versus Adopted FY 2022-23 Budgets

There are no substantive changes between the Fiscal Year 2022-23 Proposed Budget and the Fiscal Year 2022-23 Adopted Budget.

Consistency with Financial Policies & Procedures

It is the expectation and general understanding of the City Council and the citizens of Chula Vista that City Staff conduct financial affairs in a thoughtful and prudent manner. Several financial policies have been established to provide the direction and limits within which the City is to fulfill its fiscal responsibilities. The FY 2022-23 Adopted Budget conforms with the requirements of the City's Finance Department Policies and Procedures. An overview of compliance with major policy sections are described below. See the *Appendix* for additional details on the City's Fiscal and Investment Policies.

General Financial Policies (*City Council Policy 100-01*)

Budget Development

The FY 2022-23 budget development process included opportunities for public input, occurring in open and publicly accessible forums, via budget workshops and public hearings held before City Council which accept public comment.

The City has also utilized a ten-year financial plan and a long-term financial forecast model to promote orderly spending patterns, engage in long-range planning, and reduce the time and resources spent preparing annual budgets.

Balanced Budget

By policy, City Council must adopt a balanced budget with projected operating revenues fully covering projected operating expenditures. The FY 2022-23 Adopted Budget is a balanced budget. Operating revenues are budgeted to support the operating expenditures, including debt service, for the FY 2022-23 fiscal year.

Fund Balance and Reserves

During the close of each fiscal year, actual fund revenues are compared against actual fund expenditures. When revenues exceed expenditures in a fiscal year, a *positive* fund balance will result (surplus) and add to the historical, accumulated fund balance. When expenditures exceed revenues in a fiscal year, a *negative* fund balance would result (deficit) and reduce the fund balance. An accumulated positive fund balance may also be restricted/earmarked for usage or unrestricted as to its use. For instance, Council has set forth policies to maintain minimum fund balances as reserves, with funds set aside for particular circumstances or purposes, such as catastrophic events, economic downturns.

The FY 2022-23 Adopted Budget maintains the minimum unreserved, undesignated fund balance in the General Fund as established by *City Council Policy 220-03* (General Fund Reserves – Fiscal Health Plan) of no less than 15% of the annual operating budget, which is \$24.3 million for FY 2022-23. The FY 2022-23 Adopted Budget also maintains the minimum unreserved, undesignated fund balance in the sewer enterprise fund as established by *City Council Policy 220-04* (Sewer Service Revenue Fund Reserve). See historical reserve levels in the *All Funds Summary* section.

General Fund Long-Term Financial Plan

The City of Chula Vista General Fund Long-Term Financial Plan (LTFP) serves as a long-range fiscal planning tool to identify financial trends, projected budgetary surpluses or shortfalls, and encourage discussion to proactively address the City's long-range needs. The goal of the LTFP is to assess the City's ability over the term of the plan to: maintain current or expand service levels; preserve the City's long-term fiscal health; and strategically increase the City's reserve funds to meet the City's reserve policies thresholds. The LTFP also serve as a guideline for the development of future budgets.

The LTFP focuses on baseline revenues and expenditures that are essential for the City to achieve the strategic goals over the next ten years. These goals include:

- ▶ Providing the highest level of municipal services based upon available resources
- ▶ Maintaining safe and appealing neighborhoods
- ▶ Providing funding for City infrastructure
- ▶ Continuing to expand the City's economic development and financial base

The LTFP is presented to the City Council at the beginning of the budget development process. It is important to stress that the LTFP is not a budget. It does not make expenditure decisions, but rather highlights the need to prioritize the allocation of City resources, to ensure the continuation of core City services. The purpose of the plan is to provide the City Council, key stakeholders, and the public an overview of the City's fiscal health based on various financial and service level assumptions over the next ten years; and allow for the discussion of necessary steps to be initiated during the development and implementation of future budgets. The LTFP is intended to look beyond the annual budget cycle and serve as a planning tool to bring a long-term perspective to the budget process. It should be noted that the LTFP is a snapshot in time and will change as additional information is made available and incorporated into the fiscal projections.

Revenue and Expenditure Projections

The LTFP considers the annual growth of all currently known elements of city revenues and expenditures. Projecting the various budgetary line items is challenging when determining the financial recovery due to COVID-19 and overall economic rebound locally and nationally. Projecting revenues including property taxes, sales taxes, franchise fees, departmental revenues, and other revenues is essential part of the planning process. Forecasting expenditures, including rising salary, pension and healthcare costs, contractual obligations, cost of goods and services, and factoring the impact of inflation on operational expenditures is a critical element of the process.

As a result, the LTFP utilizes growth rates that vary by revenue and expenditure category. The plan also considers other assumptions such as the impact of future development, debt obligations, and other commitments as part of the revenue and expenditure projections.

ECONOMIC OVERVIEW

Economic Overview

This section of the budget document outlines economic indicators that impact City revenues and expenditures forecasts and assumptions. Several sources of economic data and research are utilized in the development of the City’s budget and forecasts, such as the Federal Reserve, U.S. Census Bureau, State offices and UCLA Anderson School of Management.

Themes

- National economy continuing to recover from the negative economic impacts related to the COVID-19 pandemic
- Economic growth will slow to a more moderate pace, but no recession in the short-term
- High inflation, low unemployment
- Uncertainty from Russia-Ukraine relations, China COVID-19 shutdowns, federal regulatory actions, lasting industry and consumer impacts of COVID-19

National

Over two years have passed since the onset of the COVID-19 pandemic which led to global health and economic crises that continue to impact supply chains, prices, and employment today¹. Through recovery funds from the CARES and American Rescue Plan Acts, and other localized efforts, cities have demonstrated their resiliency and fiscal leadership in responding to COVID-19 and a myriad of challenges such as affordable housing and infrastructure. While heavily impacted industries like trade and tourism are rebounding, uncertainties remain in regards to higher labor, materials, and energy costs. Persistent, broad inflationary pressures as well as geopolitical factors like the Russia-Ukraine conflict and COVID-19 shutdowns in China also contribute more uncertainty to our globalized economy overall.

Economic Growth

In the UCLA Anderson Forecasts from March and June 2022, economists’ focus for 2022 are the impacts of inflation and globalized supply chains on US economic growth². Though gross domestic product (GDP), a metric for estimating the size of a country’s economy, declined by 3.54% in 2020, government action through business loans, unemployment insurance, and direct aid has helped the United States rebound as it works to reduce the spread of COVID-19. As a result, GDP growth in 2021 was a strong 5.7%. Anderson economists project more moderate growth of 2.8% in 2022; 2.0% in 2023; and 1.9% in 2024³. The chart from the US Bureau of Economic Analysis below shows recent quarterly results, with a 1.4% reduction of GDP (economic contraction) in the first quarter of 2022⁴.

¹ HdL Companies, December 2021 “California Forecast – Sales Tax Trends & Economic Drivers”
² UCLA Anderson, March 2022 Economic Outlook www.anderson.ucla.edu/about/centers/ucla-anderson-forecast/events/march-2022-economic-outlook
³ UCLA Anderson, June 2022 Economic Outlook www.anderson.ucla.edu/about/centers/ucla-anderson-forecast/events/june-2022-economic-outlook
⁴ US Bureau of Economic Analysis, Gross Domestic Product, April 28, 2022, “First Quarter 2022 (Advance Estimate)”

Interest Rates

The Federal Open Market Committee (FOMC), part of the Federal Reserve, is committed to Congress’s mandate to promote maximum employment, stable prices, and moderate long-term interest rates. During the FOMC’s March 2022 meeting, interest rates were increased by 0.25% – to between 0.25% and 0.50% – for the first time since 2018, in order to combat inflation¹. In May 2022, the FOMC communicated that inflation is still much too high and decided to raise the policy interest rate by one-half of a percentage point (0.50%)². Again, in June 2022, the FOMC raised interest rates by three-quarters of a percentage point (0.75%) – the highest increase since 1994 – resulting in a benchmark federal funds rate of between 1.50% and 1.75%³. The FOMC signaled several additional future adjustments to the target rate range until labor market conditions improve and inflation returns to 2% for the long-term, which the FOMC admitted would take longer than expected to reach its price-stability goals. Anderson economists predict the federal fund rate to peak between 3.75% and 4.0% by mid-2023⁴.

The “federal funds rate” established by the FOMC is important as it sets the interest rate at which banks lend money to other banks to maintain overnight reserves of funds. As a result of the federal rate increase, the cost to banks for lending increases and passed on to businesses and consumers on other borrowing, such as for business investments, credit cards, cars, mortgages and other bank loans. Policymakers will be monitoring whether this tightening of monetary policy too quickly could hinder economic growth. Overall, raising of rates signals a confidence in the U.S. economy, supported by low unemployment rates. A graph of the effective federal funds rate is shown below; the effective funds rate is essentially determined by the market but is influenced by the Federal Reserve through open market operations to reach the federal funds rate target.

Labor

In the U.S. Bureau of Labor Statistics report from May 2022, the national unemployment rate was 3.6% for the third month in a row, nearing the 3.5% national unemployment rate from February 2020, prior to the onset of the COVID-19 pandemic⁵. Job gains were notable in leisure and hospitality, professional and business services and transportation and warehousing. Employers are continuing to increase wages, attracting additional workforce⁶. However, as the labor market gets tighter and wages rise, threats of inflation become stronger.

⁶ Reuters, “U.S. employment rate drops to 3.6% as labor market rapidly tightens,” Accessed April 25, 2022, www.reuters.com/world/us/us-job-growth-solid-march-unemployment-rate-falls-36-2022-04-01

Housing

Aside from the Federal Reserve's focus on labor and inflation, housing data remains a leading indicator of U.S. economic activity. The Federal Reserve is carefully watching the recent housing market boom as strong demand has sent home prices soaring during the months after the onset of the COVID-19 pandemic. The Federal Reserve's March, May and June 2022 increases in the federal interest rate will continue to increase interest rates on home mortgages, ultimately leading to some decreased demand. The average interest rate for a fixed 30-year mortgage averaged just over 5.7% in June 2022, up from just under 3% in April 2021¹. Anderson economists in their June 2022 Forecast emphasized that home price appreciation has likely peaked and will slow through 2024².

According to the U.S. Census Economic Indicators report from May 2022, sales of new single-family houses were at a seasonally adjusted annual rate of 696,000, which was 5.9% below the May 2021 estimate of 740,000³. The median sales price of new homes sold in May 2022 was \$449,000 while the average price was \$511,400. Sales prices are continuing to increase as demand outstrips supply. Homes sales are showing signs of declines as demand cools amid increases in mortgage interest rates, tied to the recent changes in the federal interest rate.

California

UCLA Anderson also prepares a California specific economic forecast as part of its quarterly updates. In their June 2022 update, Anderson notes the record surplus generated in California as protective against downturns in tax revenues and projects a more moderate pace of growth in the state in the next two years⁴. In fact, Governor Newsome recently announced a \$17 billion inflation relief package including direct payments to Californians to help address inflation and provide support for those still recovering from the pandemic.⁵

Economists noted leisure and hospitality sectors have largely recovered—showing the strongest change in jobs by sector—followed by professional scientific and technical services. Residential construction is expected to grow faster than the U.S. due to California's housing shortage and strong demand. Average unemployment rates for years 2022, 2023 and 2024 are projected to be 4.5%, 4.1% and 4.5%, respectively.

The State of California's Employment Development Department (EDD) regularly releases a "Labor Market Review" publication. In the March 2022 edition, the EDD reported a 4.9% unemployment rate for the State of California, with net job increases of 60,200 across industries in March 2022.⁶ The unemployment rate decreased 3.5 percentage points from 8.4% one year ago in March 2021.

County

The EDD also publishes reports on countywide data. In its San Diego metropolitan area press release from June 2022, the unemployment rate in the San Diego County was 2.7% in May 2022, down from 6.6% one year ago in May 2021, and lower than the national rate of 3.4%⁷

The Bureau of Labor Statistics's consumer price index for urban customers (CPI-U) illustrates the change in the prices of a standard list of goods and services. Based on the May 2022 CPI-U, the County of San Diego experienced an 8.3% increase in prices paid for the standard set of goods and services which is slightly less than the average United States city of 8.6%⁸. Higher prices for shelter and energy were major contributors to the CPI change.

⁸ Bureau of Labor Statistics, May 2022 "San Diego Area Economic Summary"

For housing, the San Diego Association of Realtors (SDAR) reported the median home price of a detached home in San Diego County was \$955,000 in May 2022, an increase of 18% compared to one year ago¹. This substantial rise in housing costs demonstrates the lack of affordability locally and the challenges of cities in the region in providing housing.

Another cost of living factor for the County is the average gasoline prices are also consistently significantly higher than the national average. Gasoline prices have been even more volatile due to stay-at-home orders, telecommuting, changes in travel demand and the Russia-Ukraine conflict. Prices have increased 51% since March 2021 from \$4.10 per gallon to \$6.19 per gallon in March 2022. However, signs of gas prices stabilizing are beginning to show.

City

The fiscal year 2023 Adopted General Fund revenues budget is \$248.9 million. This reflects an increase of \$30.8 million or 14.1% when compared to the fiscal year 2022 Adopted General Fund revenues budget. General Fund revenues provide funding for essential City services including police, fire, library services, and park and recreation programs. Property taxes are the largest revenue source for the City and accounts for 16.4% of the General Fund Revenue Budget. This revenue category's budget increased by \$1.4 million or 3.7% over the prior year adopted budget.

The City's other major revenue sources are: Sales Tax, Measure A Sales Tax, Measure P Sales Tax, Franchise Fees, Transient Occupancy Tax (TOT), Utility User Tax, and Property Tax collected in lieu of Motor Vehicle License Fees. The other major revenues sources (excluding Measure A and Measure P Sales Tax revenue) account for 37.8% of the General Fund Revenue Budget and total \$94.0 million dollars of the budget. Additional information on City revenues are provided in the All Funds Summary and General Fund Revenue Summary sections of this budget document.

City Sales Tax Measures

Measure A, the half-cent sales tax to fund public safety staffing and services. This tax took effect on October 1, 2018 and brought Chula Vista's tax rate to 8.75%. The fiscal year 2023 Adopted Budget includes an estimated \$25.9 million in Measure A sales tax revenues.

Measure P, a temporary ten-year, half-cent sales tax to fund high priority infrastructure needs. The collection of this sales tax began on April 1, 2017. The fiscal year 2023 Adopted Budget includes an estimated \$25.9 million in Measure P sales tax revenues.

City Unemployment

The Bureau of Labor Statistics (BLS) shows the City's current unemployment rate from February 2022 data is at 4.7%, compared to 8.4% at this time last year, and 3.5% in February 2020 (prior to the onset of the COVID-19 pandemic).

¹ San Diego Association of Realtors, June 2022, "Economic Report - June 2022"

This improvement in employment is largely due to an economy recovering from COVID-19 public health restrictions and economic impacts¹. Chula Vista's unemployment rate is slightly lower than the state's rate of 4.8% and slightly higher than the national unemployment rate of 4.1%.

City Housing Market

The City's housing market remains strong, as home prices have increased nearly 10% compared to last year and median prices have grown to \$731,000². Trends in the Chula Vista housing market reflect a national, record-breaking surge in home prices largely due to a lack of supply. Demand is likely to remain high for the Southern California housing market overall despite some tempering by the increasing mortgage rates and costs of construction.

ALL FUNDS SUMMARY

All Funds Summary

The following section provides an overview of the combined, all City funds budget. The City has over 150 funds which include the General Fund, enterprise funds, housing funds, redevelopment successor agency funds, special revenue funds, internal service funds, capital project funds, and debt service funds. Detailed descriptions, funding, and staffing levels are provided for each fund under the corresponding fund section in this document. This section is intended to provide a citywide overview of the Adopted Budget for fiscal year 2023.

All Funds Revenue Summary

The combined revenue budget for all City funds totals \$552.5 million, of which \$144.9 million represents interfund transfers. The revenues for all funds are anticipated to increase by \$89.7 million when compared to the fiscal year 2022 Adopted Budget revenue of \$462.8 million. The following table reflects a summary of all City revenues by category.

Sources of Funds (All Funds Combined)

Fiscal Year 2020 – 2023 Expenditures
In Thousands (000)

Revenue Category	FY 2020 Actual	FY 2021 Actual	FY 2022 Adopted	FY 2023 Adopted	Change
Charges for Services	\$ 72,653	\$ 84,114	\$ 86,922	\$ 88,283	\$ 1,361
Fines and Penalties	1,699	1,346	1,658	1,600	(59)
Licenses and Permits	5,347	6,228	5,675	5,771	96
Motor Vehicle License Fees	23,773	25,150	24,886	26,886	2,000
Other Local Taxes	104,633	120,478	120,459	133,441	12,982

Property Taxes	41,717	43,416	44,401	45,844	1,443
Revenue from Other Agencies	40,154	45,332	29,154	58,081	28,927
Transfers In	73,648	78,859	104,298	144,894	40,597
Use of Money and Property	20,118	6,341	5,176	5,290	114
Total	\$ 426,246	\$ 766,210	\$ 462,849	\$ 552,532	\$ 89,683

All Funds Expenditure Summary

The combined expenditure budget for all City funds for fiscal year 2023 totals \$533.7 million, of which \$144.9 million represents inter-fund transfers. The combined budget amount includes a General Fund operating budget of \$248.9 million and a Capital Improvement Program (CIP) budget of \$50.5 million. When compared to the prior year budget, the fiscal year 2023 Adopted Budget reflects an increase of \$60.8 million.

The expenditures have been assigned to the appropriate expense categories and are shown in the following table.

Uses of Funds (All Funds Combined)

Fiscal Year 2020 – 2023 Expenditures
In Thousands (000)

Expenditure Category	FY 2020 Actual	FY 2021 Actual	FY 2022 Adopted	FY 2023 Adopted	Change
Personnel Services	\$ 163,379	\$ 481,294	\$ 164,813	\$ 174,984	\$ 10,172
Supplies and Services	62,067	64,927	72,801	79,023	6,222

Total	\$ 403,467	\$ 743,288	\$ 472,932	\$ 533,711	\$ 60,778

American Rescue Plan Act of 2021 - COVID-19 Fiscal Recovery

On March 6th 2021, Congress passed the American Rescue Plan Act (ARPA), a historic \$1.9 trillion relief package for addressing the COVID-19 pandemic and its impacts on the U.S. economy. Over \$350 billion in “Coronavirus State and Local Fiscal Recovery Funds” (SLFRF) has been set aside for state and local governments to be used for responding to the COVID-19 emergency and negative economic impacts. Funds are to be spent via:

- Assistance to households, small business and impacted industries;
- Paying premiums to essential workers;
- Providing government services affected by revenue reductions as a result of COVID-19; and
- Investing in water, sewer or broadband infrastructure.

Notably, no ARPA SLFRF recipient may use this funding to make a deposit to a pension fund or offset a reduction in net tax revenue due to tax cuts during the period.

The **City of Chula Vista was allocated \$57.5 million in ARPA funding** to be committed by December 31, 2024 and spent by December 31, 2026. This funding will help support our community recover from the COVID-19 pandemic and in reactivating City services, especially public safety, libraries and parks.

On August 24, 2021, staff presented to Council and the public a spending plan for ARPA which aligned with the City's goals and objectives. Staff carefully evaluated the allowable uses of these federal funds to ensure they could be leveraged to the fullest extent possible for the community on unfunded projects that pose a threat to the General Fund. The ARPA spending plan makes critical investments in economic development, small business recovery, strategic infrastructure projects, operational support and public health while working to minimize arduous federal reporting requirements through the revenue recovery approach. Most importantly, the proposed spending plan prioritizes the importance of equity as we work towards a community recovery from the COVID-19 health and economic crises.

During Fiscal Year 2022, several ARPA projects were underway:

- COVID-19 testing and vaccinations
- Create CV public arts grants program
- Transitional employment programs: Alpha Project “Take Back the Streets”
- Jacobs & Cushman San Diego Food Bank support
- Homeless supportive services
- *Choose Chula* business marketing and promotion
- Small business/non-profit organizations grants via San Diego Foundation
- Rehabilitation of the YMCA Building
- Premium pay for essential workers
- Additional 10 positions (FTE) critical for project delivery
- Supported general government services (Animal Care, Economic Development, Development Services, Engineering/Capital Projects, Fire, Police, Parks & Recreation, Library)

Please see our website for additional details on the American Rescue Plan Act, including our annual Recovery Plan Reports: <https://www.chulavistaca.gov/departments/american-rescue-plan-act-of-2021>

American Rescue Plan - Spending Plan

General Fund Reserves

The General Fund Operating Reserve is to be used to provide temporary financing for unanticipated extraordinary needs of an emergency nature, such as a major storm drain repair, litigation or settlement costs or an unexpected liability created by Federal or State legislative action. In November 2009, the City Council approved a resolution updating the City's General Fund Reserve Policy. With the issuance of pension obligations bonds (POBs) in November 2020, the Policy was amended. The revised reserve policy (City of Chula Vista Council Policy 220-03):

- Provides guidelines for the use of reserves;
- Sets a long-term goal for a higher General Fund minimum Reserve level, from 8% to 15%;
- Established two new reserve funds – the Economic Contingency Reserve and the Catastrophic Event Reserve; and
- Established an additional reserve fund based on POBs issuance, the Pension & OPEB Reserve Fund Policy.

A brief summary of the uses and minimum/target level for each reserve is as follows:

- The **General Fund Operating Reserve** may be used to provide temporary financing for unanticipated extraordinary needs of an emergency nature, such as a major storm drain repair, litigation or settlement costs or an unexpected liability created by Federal or State legislative action. This reserve has a minimum level of no less than 15% of the annual operating budget.
- The **Economic Contingency Reserve** may be used to mitigate service impacts during a significant downturn in the economy that impacted the City revenues such as sales tax, property tax, etc. This reserve has a minimum level of no less than 5% of the annual operating budget.
- The **Catastrophic Event Reserve** may be used to address unanticipated expenses related to a major natural disaster in the City. This reserve has a target level of 3% of the General Fund operating budget.
- The **Pension & OPEB (Other Post-Employment Benefits) Reserve** would set aside surplus funds and savings from the issuance of pension obligation bonds (POBs) to address future potential pension liability increases and potentially pay off the POBs debt early. The Reserve is to be funded only after funding the 15% minimum reserve level of the General Fund Operating Reserve. Should the fiscal year result in a surplus, such funds will be split between the Pension & OPEB Reserve and the other two reserves, the Economic Contingency Reserve and Catastrophic Event Reserves, until all three reserves are fully funded.

The General Fund Reserve Policy is established to ensure that the City's finances are managed in a manner that will (1) continue to provide for the delivery of quality services, (2) maintain and enhance service delivery as the community grows in accordance with the General Plan, (3) minimize or eliminate the need to increase taxes and fees because of temporary revenue shortfalls, and (4) establish the reserves necessary to meet known and unknown future obligations and ability to respond to unexpected opportunities.

The following chart depicts the General Fund operating reserves since fiscal year 2017 as a percentage of the respective adopted budgets. As the reserve is intended to be a gauge of the General Fund, Measure P, and Measure A funding is not included in the calculation of the General Fund reserve.

Pension Obligation Bonds

City Staff, in conjunction with discussions with City Council, explored over several years the use of pension obligation bonds (POBs) to help manage retirement costs. A pension obligation bond is a taxable bond issued to investors, with proceeds utilized to extinguish all or a part of the City’s pension liabilities. These liabilities are termed the “unfunded accrued liability” (UAL) and are due to the California Public Employees’ Retirement System (CalPERS). The UAL is the shortfall or gap between what the City has in assets and what it will need in assets to fully pay out the benefits that it has promised to retirees under CalPERS.

Issuance of the POBs provides the City several benefits, including: (1) generating cash flow savings to the City through historically low interest rates relative to the CalPERS discount rate assumption; (2) creating a repayment shape for the City’s pension liabilities that increases more gradually than currently mandated by CalPERS; (3) enhancing budget predictability and long-term fiscal sustainability by creating a smoother repayment shape at a lower level; (4) leveraging the projected savings to adequately fund various reserves; and, (5) setting aside a portion of the future savings into the Section 115 Trust and Bond Call Fund to mitigate future pension and OPEB cost increases and potentially pay off (redeem) the POBs prior to maturity.

At issuance, the projected benefit to the City from the 2021 Pension Obligation Bonds issuance is \$116 million (\$112 million on a present value basis). These savings estimates assume that CalPERS achieves its target rate (7.0% at the time of issuance; updated to 6.8% in July 2021) in the future. Savings will be higher if CalPERS earns more than the target rate and lower if it earns less than the target rate. These savings will be utilized to fund the new Pension Reserve Fund mentioned above, mitigating future fiscal impacts from anticipated CalPERS pension investment return shortfalls.

SUMMARY OF STAFFING CHANGES

Summary of Staffing Changes

The fiscal year 2023 Adopted Budget includes 1,226.75 positions for all funds. This is a net increase of 39.5 positions when compared to the fiscal year 2022 Adopted Budget that included 1,187.25 authorized positions. The summary of staffing changes is divided into two sections – the staffing changes that were approved by Council during fiscal year 2022 and changes made as part of the development of the fiscal year 2023 budget.

Position Changes Authorized during Fiscal Year 2022

During fiscal year 2022, Council approved the addition of 43.50 FTEs citywide, as well as several reclassifications to reflect changes in duties. Changes in the General Fund (GF) resulted in a net increase of 20.50 FTEs. Changes to other funds resulted in a net increase of 23.0 FTEs. These changes are summarized in the following table.

Summary of Fiscal Year 2022 Staffing Changes

Fiscal Year 2023 Changes

The fiscal year 2023 Adopted Budget reflects specific program changes based on the resources available. In total, the changes result in a net decrease of -4.00 FTEs across funds when compared to the fiscal year 2022 amended budget. Changes in the General Fund (GF) result in a -3.00 FTE decrease. Changes to other funds results in a net decrease of -1.00 FTEs. The following table summarizes the fiscal year 2023 staffing changes by department and/or fund:

Summary of Fiscal Year 2023 Staffing Changes

General Fund Expenditure Summary

Chula Vista General Operating Budget in thousands (000)	
FY 2021 Actual Expenditures	\$ 219,618
FY 2022 Adopted Budget	\$ 218,065
FY 2023 Adopted Budget	\$ 248,933
% Change FY 2022 to FY 2023	14.2%

The fiscal year 2023 Adopted General Fund expenditures budget is \$248.9 million, an increase of \$30.9 million or 14.2% when compared to the fiscal year 2022 Adopted Budget. Specific information related to the fiscal year 2023 Capital Improvement Program budget is provided in the Capital Improvement Program section of this document.

The fiscal year 2023 Adopted General Fund Budget is balanced, with budgeted expenditures equal to or less than budgeted revenues, plus other available sources. The fiscal year 2023 Adopted Budget continues positive growth in its revenue sources. However, due to multiple factors within the current economy, conservative growth assumptions have been incorporated into the budget projections. As such, the fiscal year 2023 Adopted Budget General Fund expenditures focus on maintaining current levels of service with limited additions.

The following table provides the total General Fund expenditures by category from fiscal year 2020 to the fiscal year 2023 Adopted Budget. The last column of the table calculates the change in expenditures by category for the fiscal year 2023 Adopted Budget over the fiscal year 2022 Adopted Budget.

General Fund Expenditures Summary

In Thousands (000)

Category	FY 2020 Actual	FY 2021 Actual	FY 2022 Adopted	FY 2023 Adopted	Change

Major Expenditure Changes by Category

The following summarizes the significant changes within the expenditure categories:

Personnel Services: Increase of \$5.4 million from the fiscal year 2022 Adopted Budget, driven by the following:

- Net addition of 17.5 FTE (20.50 FTE fiscal year 2022 mid-year additions and (3.00) FTE fiscal year 2023 reduction of General Fund budgeted positions).
- \$0.9 million increase for Flex/insurance costs.
- \$0.5 million increase for retirement/pension costs.
- (\$1.3) million Salary Savings target increase based on vacancy trends.

Supplies and Services: Increase of approximately \$3.2 million when compared to the fiscal year 2022 Adopted Budget.

- General/liability insurance increase of \$1.2 million.
- Contract Services increase of \$1.8 million.

Other Expenses: Increase of \$0.2 million when compared to the fiscal year 2022 Adopted Budget, largely due to administrative expense to the California Department of Tax and Fee Administration (CDTFA) for the collection and administration of sales related tax revenues.

Transfers Out: Increase of \$17.9 million over the fiscal year 2022 Adopted Budget, driven by the following:

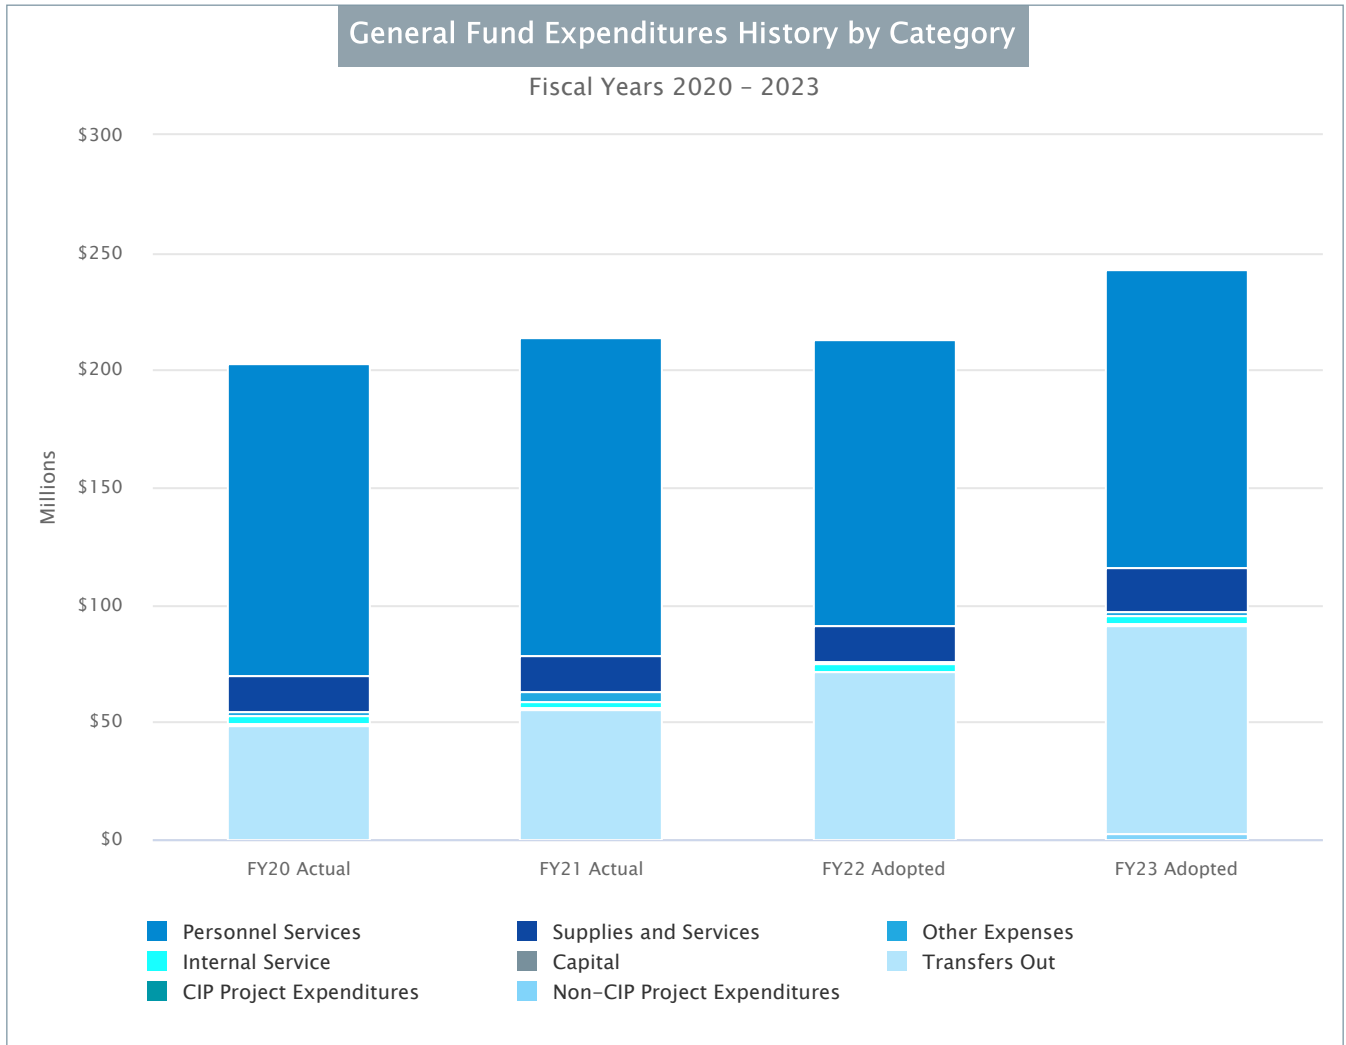

- General Fund support for Loma Verde Community Center of \$8 million to the Capital Improvement Fund.
- Measure A Sales Tax revenue transfer increase of \$2.7 million to the Measure A Fund.
- Measure P Sales Tax revenue transfer increase of \$2.8 million to the Measure P Fund.
- Section 115 Trust Contribution increase of \$1.7 million.
- Pension Obligation Bonds Debt Service increase of \$1.6 million.

Non-CIP Project Expenditures: Increase of \$2.5 million over the fiscal year 2022 Adopted Budget, primarily for reimbursement of the Small Business Grants program under the American Rescue Plan (ARPA) spending plan.

Utilities: Increase of \$1.2 million from the fiscal year 2022 Adopted Budget based on rate increases for gas and electric, and water.

The chart below illustrates the fiscal year 2023 expenditures by expense category as a percentage of the entire General Fund adopted budget, followed by a chart showing the City’s historical General Fund expenditures from fiscal year 2020 to the fiscal year 2023 Adopted Budget expenditure amounts.

The chart below illustrates the fiscal year 2023 Adopted General Fund Expenditure budget by department. Public safety (Police and Fire departments), represent approximately 33.4% of the General Fund budget for fiscal year 2023.

The following chart reflects the “Other” department costs included in the previous chart that includes the \$55.7 million of the General Fund department budgeted expenditures.

Staffing Levels

The fiscal year 2023 Adopted Budget includes a net increase of 17.5 General Fund positions over the fiscal year 2022 Adopted Budget. The staffing changes are divided by those approved by Council during fiscal year 2022 and changes made as part of the development of the fiscal year 2023 budget.

During fiscal year 2022, Council approved an addition of 43.5 positions citywide (20.5 General Fund positions and 23.0 positions in other funds). Fiscal year 2023 changes result in a net increase of 39.5 positions over the fiscal year 2022 Amended Budget due to specific program expansions based on available resources.

As shown on table, with the adopted General Fund staffing levels in fiscal year 2023, the City will have achieved a 2.8% increase in staffing since fiscal year 2020.

General Fund Staffing Level Summary Table

General Fund Budget	FY 2020	FY 2021	FY 2022	FY 2023	% Chg. FY2020 to FY2023
Legislative and Administrative	105.00	107.00	110.50	119.00	13.3%
Development and Maintenance	180.25	183.25	192.25	200.25	11.1%
Public Safety	480.50	457.50	464.50	465.00	(3.2%)
Community Services	78.50	78.50	79.50	83.50	6.4%
Total GF City Staff	844.25	826.25	846.75	867.75	2.8%

The modest increases in staffing have slightly lagged the City’s population growth as projected by the California Department of Finance. These growth patterns are reflected in the following graph which provides the number of General Fund full-time employees (FTEs) per thousand residents.

Salary Adjustments

The fiscal year 2023 Adopted Budget for the Personnel Services expense category, which includes salaries and benefits, is \$126.9 million or 51% of the budget, a 4% increase from the fiscal year 2022 Adopted Budget. The fiscal year 2023 Adopted General Fund Budget includes funding for the annualized costs of negotiated salary increases approved per the current Memoranda of Understanding (MOU) with each of the City’s employee groups.

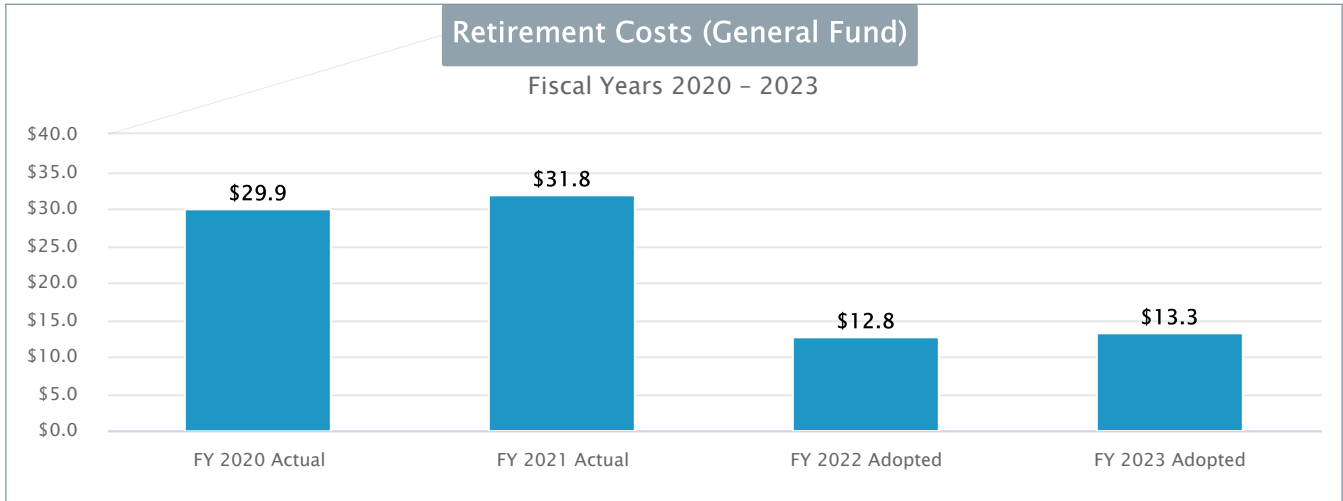

Rising Retirement Costs

The increase in retirement/pension costs driven by rising California Public Employees’ Retirement System (CalPERS) contributions is a significant budgetary challenge facing the City. Pension cost increases are the largest financial challenge facing most cities throughout the state and are primarily due to factors outside of the cities’ control, namely actuarial assumptions changes made by CalPERS and below average investment returns. The payments estimated to be made to the retirement system equal approximately \$13.3 million or 5.3% of the City’s fiscal year 2023 Adopted Budget. This represents an increase of \$0.5 million from the fiscal year 2022 Adopted Budget. This somewhat small increase is due to the issuance of pension obligations bonds (POBs) to fund retirement liabilities discussed in the **All Funds Summary** section of this document.

The chart below depicts the actual market rates of return for the CalPERS investment portfolio in relation to the typical 7.0% investment return assumption used by CalPERS in most years. Note, this assumption was lowered to 6.8% in Fiscal Year 2022 based on the Fiscal Year 2021 performance and CalPERS Risk Mitigation Policy.

The second chart reflects actual CalPERS costs in the General Fund for fiscal years 2020 to the fiscal year 2023 Adopted Budget. Due to the payment of the Unfunded Actuarial Liability (UAL) June 30, 2019 balance to CalPERS paid by the proceeds of the City's issuance of the 2021 Pension Obligation Bonds, retirement costs decreased significantly between fiscal year 2021 and fiscal year 2022. However, debt service payments are now scheduled annually in order to service the 2021 Pension Obligation Bonds.

The final chart reflects historical CalPERS contributions illustrating the employer (City) contribution rates from fiscal years 2020 to 2023 and projected rates for fiscal years 2024 through 2028. As noted above, due to the payment of the UAL in fiscal year 2021, employer contribution rates decreased significantly between fiscal year 2022 and fiscal year 2023.

Health Care Costs

The City’s “Flex Plan” is an annual allotment toward the purchase of benefits available under the City’s Cafeteria Benefits Plan for employees to choose health plan coverage. The Flex/health insurance expenses total approximately \$14.2 million or 5.7% of the fiscal year 2023 Adopted Budget expenditures. This represents an increase of 0.9 million or 6.7% from the fiscal year 2022 Adopted Budget. The increase in costs is primarily due to the City’s health insurance providers Kaiser and AETNA rate increases in calendar year 2022, based on healthcare utilization rates.

Flex Allotment Increases by Bargaining Group

Calendar Year 2020 to 2023

FLEX Allotment Increases by Bargaining Unit					
Bargaining Group	2020	2021	2022	2023 (Estimated)	2022-2023 % Change
Confidential	\$ 14,614	\$ 15,172	\$ 15,560	\$ 16,725	7.5%
Chula Vista Employees Association	\$ 14,114	\$ 14,672	\$ 15,060	\$ 16,225	7.7%
Executive	\$ 17,390	\$ 17,948	\$ 18,336	\$ 19,501	6.4%
Mid Managers and Professionals	\$ 14,990	\$ 16,048	\$ 16,436	\$ 17,601	7.1%
Non-Safety International Association of Fire Fighters	-	-	\$ 15,060	\$ 16,225	7.7%
Senior Managers	\$ 15,990	\$ 16,548	\$ 16,936	\$ 18,101	6.9%
Western Council of Engineers	\$ 14,990	\$ 15,548	\$ 15,936	\$ 17,101	7.3%
Mayor & Council	\$ 17,390	\$ 17,948	\$ 18,336	\$ 19,501	6.4%

The public safety (Police & Fire) bargaining groups are not included in the preceding table as their negotiated benefits differ from the other bargaining groups.

The City pays the full premium for public safety bargaining group members health plan and pre-paid dental plan for the employee and any eligible dependents depending on the provision of their specific bargaining group labor agreements. The current labor agreements with public safety employees stipulate that public safety employees who choose a medical plan that is not covered by their specific labor agreement will be financially responsible for paying the cost difference between that plan and the City’s plan coverage.

The following table presents the range of benefits the City provides in medical and dental insurance to public safety employees and their dependents.

City Provided Public Safety Flex Benefit Ranges

Calendar Year 2020 to 2023

Benefit	Public Safety FLEX Benefit Ranges			
	2020	2021	2022	2023 Estimated
Medical	\$6,408 - \$16,008	\$7,344 - \$18,348	\$6,972 - \$25,176	\$6,972 - \$27,964
Dental ⁽¹⁾	\$192 - \$468	\$192 - \$468	\$192 - \$468	\$192 - \$468

⁽¹⁾ Dental insurance for public safety employees is fully compensated for at the DHMO level. Employees may choose PPO and pay the variance between DHMO and PPO.

Insurance Premiums

The annual budget for Flex/Health Insurance has increased by \$0.9 million from the fiscal year 2022 Adopted Budget to \$14.2 million in the fiscal year 2023 Adopted Budget. Discussions with health care professionals indicate increases in health care costs are likely to continue for the foreseeable future based on healthcare utilization trends.

The following table reflects the changes in health care rate premiums the City has experienced from January 2019 to January 2022. The final rate premium that will be in effect for January 2023 will not be known until early Fall 2022.

Premium Increases by Health Care Provider

Calendar Year 2020 to 2023

Date of Increase	Kaiser	AETNA	Average
January 2020	(5.0%)	6.9%	1.0%
January 2021	20.0%	10.0%	15.0%
January 2022	20.0%	10.0%	15.0%
January 2023 (estimated)	15.0%	9.0%	12.0%
Annual Average Premium Increase	12.5%	9.0%	10.7%
Total Increase (January 2020 to January 2023)	50.0%	35.9%	43.0%

Measure P & Measure A Expenditures

Measure P – Approved in November 2016, Measure P is a temporary, ten-year, half-cent sales tax dedicated by the City to funding high priority deferred maintenance items such as infrastructure, fleet replacement, technology and other capital equipment. Collection of this tax began in April 2017 and is scheduled to terminate in March 2027. The fiscal year 2023 Adopted Budget projects approximately \$25.9 million in revenue from this tax and a corresponding transfer out (expense) of the General Fund to the Measure P fund for the same amount. The fiscal year 2023 Adopted Budget transfer amount is an increase of approximately \$2.8 million over the transfer amount included in the fiscal year 2022 Adopted Budget.

Measure A – Approved in June 2018, Measure A is a half-cent sales tax dedicated to addressing public safety (Police and Fire departments) critical needs. Collection of this revenue began in October 2018 and will remain in place, Measure A sales tax does not have a sunset date. The fiscal year 2023 Adopted Budget projects approximately \$25.9 million in revenue from this tax and a matching transfer out of the General Fund to the Measure A fund for the same amount. The fiscal year 2023 Adopted transfer amount is an increase of approximately \$2.9 million over the transfer amount included in the fiscal year 2022 Adopted Budget.

Although these measures were approved as “general purpose tax” (City has discretion to spend revenues generated for any lawful municipal purpose), the City has established specific uses and spending plans for each revenue stream. Accordingly, the City has set up separate funds to monitor and track the usage and balance of these funds. The General Fund serves as a pass-through conduit for these funds. The fiscal year 2023 Adopted Budget includes transfers out of approximately \$26.0 million to each of the Measure P and Measure A funds, respectively. Specific budget information related to these measures is provided in the Measure P and Measure A sections of this document.

GENERAL FUND REVENUE SUMMARY

General Fund Revenue Summary

Chula Vista General Operating Budget	
in thousands (000)	
FY 2021 Actual Expenditures	\$ 225,579
FY 2022 Adopted Budget	\$ 218,065
FY 2023 Adopted Budget	\$ 248,933
% Change FY 2022 to FY 2023	14.2%
*Excludes CIP Revenues	

The fiscal year 2023 Adopted General Fund revenues budget is \$248.9 million, an increase of \$30.9 million or 14.2% when compared to the fiscal year 2022 Adopted Budget revenues budget. General Fund revenues provide funding for essential City services including police, fire, library services, and park and recreation programs.

The City’s major revenue sources are: Property Tax, Sales Tax, Measure P Sales Tax, Measure A Sales Tax, Franchise Fees, Transient Occupancy Tax (TOT), Utility User Tax, and Property Tax collected in-lieu of Motor Vehicle License Fees. The major revenue sources account for 74.5% of the City’s General Fund revenue for the fiscal year 2023 Adopted Budget, an increase by \$10.9 million over the fiscal year 2022 Adopted Budget.

The following table compares all the revenue categories for the fiscal year 2023 Adopted Budget to the fiscal year 2022 Adopted Budget revenue categories and provides the actual revenues for fiscal years 2020 and 2021 for historical information.

Total General Fund Revenues	\$ 209,105	\$ 225,579	\$ 218,065	\$ 248,933	\$ 30,868

Significant Revenue Changes

Significant changes impacting the fiscal year 2023 Adopted Budget revenues – as compared to fiscal year 2022 Adopted Budget – include:

- Projected increase of approximately \$1.4 million in property taxes.
- Projected increase of approximately \$3.8 million in sales tax revenue (excluding Measures A & P).
- Projected increase of approximately \$2.0 million in Motor Vehicle License Fees revenue.
- Projected increase of approximately \$2.8 million for Measure A sales tax revenues and \$2.9 million for Measure P sales tax revenues.
- Projected increase of approximately \$1.6 million in Franchise Fees revenue.

Major Revenue Changes by Category

The following summarizes the significant changes within the revenue categories:

- **Property Taxes** – For fiscal year 2023, property taxes are anticipated to total \$40.9 million, which accounts for 16.4% of the General Fund revenue budget. This category reflects an increase of \$1.4 million or 3.7% over the prior year's adopted budget.
- **Sales Tax** – Sales tax revenue represents the largest revenue source for the City. The fiscal year 2023 Adopted Budget projects \$43.6 million to be collected in sales tax revenue. This revenue source represents 17.5% of the fiscal year 2023 Adopted General Fund revenue budget. When compared to the prior fiscal year adopted budget, Sales Tax revenues for fiscal year 2023 are projected to increase by \$3.8 million or 9.7%. This is exclusive of the Measure P and Measure A Sales Tax revenues.
- **Measure P Sales Tax** – The City of Chula Vista voters approved the Measure P Sales Tax Measure in November 2016. Measure P is a temporary, ten-year, half-cent sales tax dedicated by the City to funding high priority deferred maintenance items. Collection of the revenue began in fiscal year 2017 and fiscal year 2018 was the first full year the City received Measure P revenue. The fiscal year 2023 Adopted Budget projects \$25.9 million in Measure P Sale Tax revenues, which is an increase of approximately \$2.8 million or 12.3% over the fiscal year 2022 Adopted Budget. The full amount of revenue collected for Measure P is transferred out from the General Fund to the Measure P fund. The General Fund only serves as a conduit for these funds and provides no net impact to the General Fund.
- **Measure A Sales Tax** – The City of Chula Vista voters approved the Measure A Sales Tax Measure in June 2018. Measure A is a one-half cent Sales Tax increase to address identified critical needs and enhance public safety staffing. This sales tax will remain in place until and unless the voters repeal it. The fiscal year 2023 Adopted Budget projects \$25.9 million in revenue for this revenue, which is an increase of approximately \$2.9 million or 12.4% over the fiscal year 2022 Adopted Budget. The full amount of revenue collected for Measure A is transferred out from the General Fund to the Measure A fund. The General Fund only serves as a conduit for these funds. Per the Measure A approved Intended Public Safety Expenditure Plan, several city departments, such as Human Resources and Information Technology, receive reimbursements from Measure A for staff time used supporting Measure A (public safety) operations. These reimbursements are counted as department generated revenues within the respective support departments.
- **Property tax collected In-lieu of Motor Vehicle License Fees (MVLFF)** – The fiscal year 2023 Adopted Budget for the MVLFF is \$26.8 million, reflecting an increase of approximately \$2.0 million over the fiscal year 2022 Adopted Budget amount. Beginning in fiscal year 2006, due to a change in revenue allocation resulting from the Budget Act of 2006, MVLFF revenues are projected to grow in proportion to the change in gross assessed property valuation. As such, this revenue category reflects a 8.1% increase from fiscal year 2022 amounts.
- **Franchise Fees** – For the fiscal year 2023 Adopted Budget, Franchise Fees are anticipated to increase by \$1.6 million from the fiscal year 2022 Adopted Budget. Franchise fees are collected from three primary sources: gas &

electric, trash collection, and cable receipts. This increase is based largely on the rate increases related to Senate Bill 1383 and the new organic waste program with Republic Services.

- **Transient Occupancy Taxes (TOT)** – Transient occupancy tax revenues are projected to be \$5.2 million in fiscal year 2023, an increase of \$0.3 million compared to the 2022 Adopted Budget.
- **Utility Users Tax (UUT)** – UUT revenues are estimated at \$3.8 million for fiscal year 2023. The fiscal year 2023 Adopted Budget anticipates a very moderate increase in this revenue category of less than \$0.1 million over the fiscal year 2022 Adopted Budget amounts.

The following chart illustrates the fiscal year 2023 adopted budget revenues by revenue category.

The chart below shows the City’s historical revenue collection from fiscal year 2020 to the fiscal year 2023 Adopted Budget revenue amounts.

Major Revenue Sources

The following is a description of the City’s major revenue sources along with a brief discussion of the trends impacting these revenues for fiscal year 2023.

Sales Tax

Sales Tax revenue is estimated at \$43.6 million in the fiscal year Adopted Budget, a change of approximately 9.7% or \$3.8 million when compared to the fiscal year 2022 Adopted Budget. With the addition of Measure P and Measure A sales tax revenues, total Sales Tax revenues for fiscal year 2023 are projected to total \$95.4 million. Sales tax revenue is highly sensitive to economic conditions, and reflects the factors that drive taxable sales, including levels of unemployment, consumer confidence, per-capita income, and business investment.

Retailers must register with the California Department of Tax and Fee Administration and pay the state’s sales tax. Sales taxes are collected at the point of sale and remitted to the State Board of Equalization. Sales tax provides revenue for the State, County, and City. Sales tax is collected at a rate of 8.75% for the City of Chula Vista, allocated based on the following:

State General Fund (includes K-12/Community Colleges)	3.94%
Public Safety (Prop 172)	0.50%
County Realignment (Mental Health/Welfare/Public Safety)	1.56%
Countywide Transportation Fund	0.25%
San Diego County Regional Transportation Commission (TransNet)	0.50%
State and County Subtotal	6.75%
Local Jurisdiction (City or County of place sale/use) (City Share)	1.00%
City Transaction Tax (Measure P)	0.50%
City Transaction Tax (Measure A)	0.50%
City Subtotal	2.00%
Total Sales Tax Rate – Chula Vista ⁽¹⁾	8.75%

⁽¹⁾ Total sales tax rates will vary by City due to local sales tax initiatives.

With the approval of Measure P and Measure A, the City receives 2.0% of sales tax revenue applied to all taxable retail sales occurring within the City limits. The measures are projected to generate approximately \$51.8 million in revenue in fiscal year 2023. The General Fund will serve as a pass-through for these revenues; these funds will ultimately be recognized as a Transfer Out to the Measure P and Measure A Sales Tax Funds.

Sales tax revenue is highly sensitive to economic conditions, and reflects the factors that drive taxable sales, including levels of unemployment, consumer confidence, per-capita income, and business investment.

Sales tax revenue (exclusive of Measure P and Measure A) is the City’s largest discretionary revenue source, accounting for 17.5% of total revenue for the General Fund in the fiscal year 2023 Adopted Budget.

Consumer spending has slowly increased since the last economic recession. The positive trend is expected to continue in fiscal year 2023 and Sales Tax revenue is estimated at \$43.6 million (net of Measure P and Measure A revenues) in the adopted budget. This is a change of approximately 9.7% or \$3.8 million when compared to the fiscal year 2022 Adopted Budget. With the addition of Measure P and Measure A revenues, Sales Tax revenues for fiscal year 2023 are projected to total \$95.4 million.

The following graphs illustrate the gradually increasing trend in Sales Tax revenues (exclusive of Measure P and Measure A Sales Tax revenues) from fiscal year 2017 to the adopted amounts for fiscal year 2023; Measure P revenue collected in fiscal year 2018 to the projected amounts for fiscal year 2023; and the Measure A revenue in fiscal year 2023 Adopted Budget to the adopted amounts for fiscal year 2022.

Based on data collected by the City's Sales Tax consultant, the table below illustrates the variance in the taxable sales per capita for the cities within San Diego County. Taxable sales per capita for the City is only \$3,506 while Carlsbad has the highest taxable sales per capita at a rate of \$9,077. This comparison indicates that the City may lack a diverse marketplace as residents seek goods and services outside the City boundaries.

Property Tax

Property tax revenues comprise the City’s second largest discretionary revenue source and accounts for 16.4% of the total revenue for the General Fund. This revenue source is estimated at \$40.9 million in the fiscal year 2023 Adopted Budget and represents 3.7% or \$1.4 million increase from the fiscal year 2022 Adopted Budget.

Property Tax revenues are based on a 1.0% levy on the assessed value of all real property. Under the terms of Proposition 13, approved in California in 1978, annual increases in the assessed value are capped at a maximum of 2% per year unless there is a change in ownership or new construction. Annual increases in assessed value are limited by either the California Consumer Price Index (CPI) or the 2% cap, whichever is less. Property tax revenues represent a major funding source for the City of Chula Vista as well as other local jurisdictions. Currently, the City of Chula Vista receives approximately 12.6% of each property tax dollar. Distribution of property tax dollars is depicted below.

Franchise Fees

Franchise fee revenues are generated from public utility sources such as San Diego Gas & Electric (SDG&E) (2% on gas and 1.25% on electricity), trash collection franchises (20% fee), and cable franchises (5% fee) conducting business within City limits. SDG&E collects the franchise fee from Chula Vista customers based on gas and electricity usage. Revenue growth is projected based on population and inflation factors.

Overall, fiscal year 2023 Adopted Budget franchise fee revenues are projected to increase by \$1.6 million and represent 5.8% of the total fiscal year 2023 anticipated General Fund revenues.

Motor Vehicle License Fees

Motor Vehicle License Fees (MVLf) revenues are generated from vehicle license fees paid with vehicle registrations with the State of California and then allocated to cities and counties. The fiscal year 2023 Adopted Budget MVLf revenues are projected to increase by \$2.0 million and represent 10.8% of the total fiscal year 2023 anticipated General Fund revenues.

With the State Budget Act of 2004, the allocation of MVLf revenues to cities and counties was substantially changed. Since 2006 the majority of MVLf revenues for each city grew essentially in proportion to the growth in the change in gross assessed valuation. Due to the revised formula by the State, 96% of the City’s MVLf revenues fluctuate with changes in assessed values within the City.

The other 4% of MVLf revenues received by the City were based on a per capita formula but has since been shifted per Senate Bill (SB) 89 from June 2011. Provisions in SB89 shifted Vehicle License Fee revenues to fund the state law enforcement grants.

Utility Users Tax

The City adopted its Utility Users Tax (UUT) in 1970. The City of Chula Vista imposes a UUT on the use of telecom at a rate of 4.75% of gross receipts. For natural gas services UUT is applied at a rate of \$0.00919 per therm and \$0.00250 per kilowatt on electricity services, which equates to a tax of approximately 1% of utility charges.

In review of current data, UUT revenue projections are trending lower than prior years’ receipts and are not anticipated to achieve significant growth from the fiscal year 2022 Adopted Budget projections. Due to legislative changes in how the tax is assessed on utilities, retailer changes and consumer preferences toward prepaid mobile phones, UUT revenues are likely to continue slowly decreasing over time. As such, the fiscal year 2023 Adopted Budget projections increased approximately \$19.0 thousand, or .5% over fiscal year 2022 Adopted Budget amounts.

Transient Occupancy Tax (TOT)

The City of Chula Vista imposes a Transient Occupancy Tax (TOT) upon all hotel stays within the City boundaries. The TOT tax rate in the City is 10%. Major economic drivers for TOT revenue include room rates, average occupancy rates, and seasonal and non-seasonal tourism.

The potential for significant revenue growth is feasible provided additional hotels are built capturing the market created by the growth in the eastern section of the City. However, as the new hotels may lure some business from existing, nearby hotels, conservative growth estimates have been applied to the fiscal year 2023 TOT projections. Additionally, the City began the enforcement of TOT collection for short-term rentals beginning in fiscal year 2020. Revenue estimates will be provided during the City’s quarterly budget monitoring presentations.

As illustrated in the following graph, positive growth in fiscal year 2020 was disrupted by the COVID-19 pandemic and travel restrictions.

Estimated TOT revenues for fiscal year 2023 are \$5.2 million. This estimate includes a nominal \$0.29 million increase from the fiscal year 2022 Adopted Budget based on current trends.

Revenue Assumptions

Revenue projections are continually reviewed and updated by City staff. As described above, major general revenues, such as property taxes, sales taxes, franchise fees, utility users tax, transient occupancy tax and motor vehicle license fees, are projected by the Finance Department based on prior history, growth and inflation projections, and economic climate. Additional assistance in the projection of revenues is provided by subject-matter experts such as the City's sales consultant, the County Assessor and by reviewing regional and local economic forecasts provided by the UCLA Anderson Forecast and the County of San Diego, respectively.

GENERAL FUND NET COST

General Fund Net Cost

The fiscal year 2023 Adopted General Fund budget of \$248.9 million is based on funding from estimated department generated revenues totaling \$49 million and discretionary revenues totaling \$200 million. Department generated revenues are broadly defined as those revenues generated by a given activity (e.g., grant revenues, charges for services, licenses, permits). General revenues, or “discretionary revenues,” are broadly defined as those revenues that are generated not by any given activity, but by general or specific taxing authority such as property taxes and sales tax.

Departments that generate small amounts of revenue relative to their size generally have higher net costs, while those that generate large amounts of revenue relative to their size generally have lower net costs. The majority of discretionary revenue is allocated to public safety services, with the Police Department at 47% followed by the Fire Department at 27%. The next highest portion was allocated to Parks and Recreation at 5%.

The following chart depicts the percentage of net cost of all departments, excluding Non-Departmental, based on the fiscal year 2023 Adopted Budget.

General Fund Net Impact

Fund/Department	Expenditures	Revenues	Net Impact

**DEPARTMENT
SUMMARY
REPORTS**

General Fund Department Summary

The General Fund budget funds the day-to-day operations of most City services. For fiscal year 2023, the Adopted General Fund operating budget totals \$248.9 million. The General Fund budget supports the following departments:

- Mayor and City Council
- Boards and Commissions
- City Clerk
- City Attorney
- Administration
- Information Technology Services
- Human Resources
- Finance
- Non-Departmental
- Animal Care Facility
- Economic Development
- Development Services
- Engineering and Capital Projects
- Police
- Fire
- Public Works
- Parks and Recreation
- Library

To follow is a series of summary reports that reflect the anticipated revenues and expenditures, staffing information and significant budget adjustments and service impacts for each of the General Fund departments.

City Council

INFORMATION

WEBSITE www.chulavistaca.gov/departments/mayor-council

PHONE 619-691-5044

Title 2, Chapter 2.03 of the Chula Vista Municipal Code, (Ord. 2619 Sec. 1, 1994) consistent with Section 501 of the City Charter, established the City's Department of Mayor and Council. The Department is responsible for policy setting, constituent relations, inter-agency relations and intra-agency policy implementation. It is the professional support office of city government for the Mayor and City Council in the legislative branch and apart from the administrative functions of the City.

The City Council is comprised of a full-time Mayor and four part-time Council members. They are the governing and legislative body of the City. All powers of the City reside in the Council (the Mayor is considered a member of the Council) unless expressly delegated, assigned or excluded by the City Charter or controlling state or federal law (Article II, Sec. 201 City Charter). The City Council sets policy for the City through its legislative, budget and expressly granted executive functions.

The Mayor is elected at-large and Councilmembers are elected by district. Each holds office for a four-year term. The City Manager and City Clerk, the primary executive and document support officials, are appointed by and serve at the pleasure of the Council. The City Council reviews and approves the budget, enacts ordinances, authorizes public improvements, adopts traffic regulations, approves contracts and sits as the Redevelopment Agency and Housing Authority. The City Council is also granted some expressly defined executive functions such as confirmation authority over all executive management and department head appointments. In addition, the Mayor has eight specific responsibilities defined in the City Charter; these are:

1. To report to the City Council annually and from time to time on the affairs of the City and to recommend for its consideration such matters as deemed expedient, and
2. To be the official head of the City for all political and ceremonial purposes and to be recognized by the courts for the purpose of serving civil process, for the signing of all legal instruments and documents, and by the Governor for emergency purposes, and
3. In the time of public danger or emergency, the Mayor, with the consent of the council, and for such period as the council may fix, to take command of the police, maintain order and enforce the law, and
4. To assume the primary, but not the exclusive responsibility, for interpreting to the people the policies, programs and needs of the City government and for informing the people of any major change in policy or program. The Mayor may represent the City in any and all matters involving other governmental agencies, provided that no act, promise, commitment or agreement entered into or committed by the Mayor shall be binding upon the City of Chula Vista unless duly authorized or ratified by the City Council, and
5. To represent the City in all regional public agencies which require an elected City official, unless otherwise determined by the City Council, and
6. To supervise the operation of the Mayor/Council office and personnel assigned thereto,
7. To perform such other duties consistent with the office as may be prescribed by this Charter or delegated to the Mayor or imposed on the Mayor by the City Council if not inconsistent with the provisions of this Charter, and

8. To exercise the full-time function as Mayor of the City during the usual business hours that the offices of the City are open, and such other hours and times as shall be necessary to discharge in full the duties imposed upon the Mayor.

Under Section 304 (4) of the City Charter, The Mayor is assigned the primary responsibility for interpreting to the community the policies, programs, needs of the City government and communicating any change in these policies and programs. By Charter, the Mayor is designated as the City's representative to serve on committees that review policies, programs and practices at regional, state, national and international levels. This is accomplished through work on bodies such as SANDAG, the League of California Cities, and the U.S. Conference of Mayors.

Responding to the Community

The Mayor and Council members respond to requests from the public. They support resident input and participation in policy-setting and review of city operations. City Boards and Commissions, and active civic, interest and community groups offer valued and diverse feedback. The flow of information between residents and City Hall is welcomed and encouraged. In addition to phone calls, letters and email, the public can learn more about Council actions by visiting the City's website at www.chulavistaca.gov.

Regular City Council meetings can be viewed via livestream at www.chulavistaca.gov/departments/mayor-council/council-meeting-agenda, on AT&T U-verse channel 99 (throughout the County), and on Cox Cable channel 24 (only in Chula Vista). Recorded meetings are also aired on Wednesdays at 7 p.m. (both channels) and are archived on the City's website.

The Constituent Services Representative facilitates the Mayor's role established by City Charter as having the primary responsibility for communicating with the community regarding City policies and programs. While each Council member can respond to community inquiries, the Mayor is vested with this responsibility. The Constituent Services Representative facilitates coordinating incoming concerns and efficiently handles timely responses. This process means that responsive City departments get one referral and not five, and constituents receive factual and consistent responses. Problems are addressed either directly or by referral to the responsible department. Responses to requests for assistance are made within as short a time frame as possible.

MISSION STATEMENT

The City Council is comprised of a full time Mayor and four part-time Councilmembers. The Mayor and City Council are elected at-large, and each holds office for a four-year term. The City Council reviews and approves the budget, enacts ordinances, authorizes public improvements, adopts traffic regulations, approves contracts and sits as the Housing Authority and the Successor Agency to the Redevelopment Agency.

The process of establishing boards and commissions is one that began with the City Charter as a method to give citizens a greater voice in the determinations of policies at all levels of government. Four commissions were established by the Charter:

- Board of Library Trustees
- Civil Service Commission
- Parks & Recreation Commission
- Planning Commission

All other City boards and commissions have been established through an ordinance or resolution since that time in order to meet specific needs of the City Council. The members for Chartered commissions are appointed by a majority vote of the City Council, with applications for these appointments accepted throughout the year from all interested residents.

- Board of Appeals and Advisors
- Board of Ethics
- Charter Review Commission
- Citizens Oversight Committee – Measure A
- Citizens Oversight Committee – Measure P
- Commission on Aging
- Cultural Arts Commission
- Districting Commission
- Growth Management Oversight Commission
- Healthy Chula Vista Advisory Commission
- Historic Preservation Commission
- Housing Advisory Commission
- Human Relations Commission
- International Friendship Commission
- Mobilehome Rent Review Commission
- Redistricting Commission
- Safety Commission
- Sustainability Commission

- Veterans Advisory Commission
- Youth Action Council

If you are interested in serving on a City board or commission, please complete an application on the City’s website located at the following link: www.chulavistaca.gov/departments/city-clerk/boards-commissions

City Clerk

INFORMATION

WEBSITE www.chulavistaca.gov/departments/city-clerk

PHONE (619) 691-5041

EMAIL cityclerk@chulavistaca.gov

The City Clerk is the Municipal Elections Official, Political Reform Act Filing Officer, and is responsible for legislative services, and records management. The Office of the City Clerk also manages public inquiries and Public Records Act requests, and provides support and information to the City Council, City Boards, Commissions, & Committees, City staff, and the public. The City Clerk manages City Council agendas and ensures they are published within legal timeframes and any other requirements provided by law.

As the Elections Official, it is the responsibility of the City Clerk to plan and conduct the City's elections in accordance with all applicable local, state, and federal laws. The City Clerk issues, reviews, and accepts nomination petitions; coordinates with the County Registrar of Voters to conduct the elections; processes initiative, referendum, and Charter amendment petitions for placement on the ballot; and accepts voter registration applications. Chula Vista's municipal elections are conducted biennially to elect members of the City Council, and every four years to elect the Mayor and the City Attorney.

As the Political Reform Act Filing Officer, the City Clerk is responsible for receiving, reviewing, and maintaining campaign finance disclosure statements submitted by candidates and committees that receive and spend campaign-related funds, as well as Statements of Economic Interests from approximately 300 designated filers.

As part of the legislative services program, the City Clerk handles a variety of tasks from updating and maintaining the Municipal Code to recording, certifying, and preserving the actions of the City Council.

Records management includes preserving the City's vital and permanent records, including minutes, resolutions, and ordinances. City of Chula Vista records date back to 1911, the year of the City's incorporation. Many of these records have been digitized and are available on the Internet.

MISSION STATEMENT

The City Clerk's Office is committed to accurately recording and preserving the actions of the City Council; safeguarding all vital, historic, and permanent records of the City; providing information and support to the City Council, City staff, and the public in a timely, courteous, and fiscally responsible manner; and administering open and free elections in accordance with statutory requirements.

STRATEGIC GOALS

Operational Excellence

- Successfully launch a new electronic agenda management system for all Boards & Commissions to provide easier public access to agendas and related documents.

STATUS:

■ Met

- Evaluate options and implement measures to streamline processes related to application, appointments, and managing membership information for City boards, commissions, and committees.

▾ STATUS:

In Progress

Manage City elections from pre-planning to certification of election results for the 2022 elections pertaining to the following seats: Mayor, City Councilmember for District 1, City Councilmember for District 2, and City Attorney.

▾ STATUS:

In Progress

- Develop Laserfiche file plans for all City Departments enabling the City to set the course for further automation of retention requirements, improve findability, increase departments’ ability to share information, and greater transparency.

▾ STATUS:

In Progress

Connected Community

- Expand language accessibility for City Council meetings and City Council meeting agendas.

EMAIL CityAttorney@ci.chula-vista.ca.us

The City of Chula Vista City Attorney's Office serves as legal counsel to the City Council, all City Boards and Commissions, the City Manager, the City Clerk, and all City Departments. The Office's primary responsibility is to provide our clients with the legal services they need to conduct City operations, develop and implement City policy, and deliver City services in a lawful and efficient manner.

Staffing

The City Attorney's Office is staffed with ten full-time attorneys, three administrative assistants, one paralegal, one risk manager, and one office manager. The department currently has one City Attorney Investigator position unfilled. From time to time the City Attorney also engages outside counsel to assist with litigation and/or specialty law issues. Volunteer legal interns also provide valuable support.

In 2019, the City Council approved the creation of a Neighborhood Protection Unit ("NPU"), to include a prosecutor, a paralegal, and an investigator. The City Prosecutor joined the Office in March 2019. The City Attorney will examine filling the paralegal and investigator positions in the future.

Elected City Attorney

In accordance with a June 2008 voter-approved City Charter amendment, the City Attorney position was changed from a City Council-appointed position to an elected position. Notwithstanding this change, the City Attorney's primary function remains the same: to act as the City's general counsel on all legal matters. The current City Attorney was elected in 2010; his final term will expire at the end of 2022.

Practice Areas

The City Attorney's Office delivers legal services in the following primary practice areas:

Contracts

The City enters into numerous contracts annually including those involving public works, consulting services, grants and public/private partnerships. The City Attorney's Office provides legal services at all stages of contract development, implementation, and enforcement, including negotiation, drafting, administration and dispute resolution. The City Attorney develops and maintains standardized City contracts, and actively participates in negotiations and structuring of complex transactions such as the finance and implementation of major capital projects, design/build agreements and energy, telecommunications and solid waste disposal franchises.

Land Use

The City Attorney's Office provides legal counsel to the City Council, Development Services Department and Planning Commission on a wide range of land use issues including general and specific plans, zoning, subdivisions, growth management, special and conditional use permits, environmental impacts, including California Environmental Quality

Act (CEQA) review, hazardous materials, affordable housing, preservation of historic properties, and impact fees, exactions and assessment districts for open space, parks, and other public facilities.

Economic Development and Real Estate

The City Attorney advises the City Council, City Manager, Successor Agency and various City departments in connection with a wide range of economic development and real estate issues. Typical matters include property acquisition and disposition, leasing, licensing, easements, development agreements, affordable housing transactions, and the winding down of redevelopment activities.

Employment/Labor

With over 1,000 full-time City employees, and five established bargaining units, the personnel and labor issues facing the City are complex and diverse. In collaboration with the City's Human Resources Department, the City Attorney's office is responsible for advising on labor negotiations, employee policy development, federal and state labor, employment, and anti-discrimination laws, disciplinary matters, and dispute resolution, (including civil service and arbitration proceedings, and representing the City before various state/federal entities, including EEOC, DFEH, and PERB).

General Municipal Law

The City Attorney's Office provides legal advice in diverse areas of local government law such as municipal finance, budgeting, and taxation. The City Attorney's Office assists with the enactment of local laws by preparing City Council resolutions and ordinances, advises on conflicts of interest, open meeting laws, public records requirements, inter/intra-governmental relations and advises the City's many Boards and Commissions. The City Attorney's Office is frequently called upon to interpret and apply the rules contained in the City Charter and Municipal Code.

Litigation and Risk Management

The City Attorney's Office is responsible for defending the City against civil lawsuits alleging personal injury, land use, property damage, construction defect, wrongful death, and civil rights violations. The City Attorney's Office also includes key risk/claims management staff, who evaluate pre-litigation claims against the City, and work with all City Departments to develop and improve policies and procedures that mitigate risk. They also take steps to protect the City's interests and recover costs to cover damage incurred in certain matters including, but not limited to, breach of contract and construction defect matters. Cases and claims range from minor matters to multi-million-dollar lawsuits. The City Attorney's Office also initiates litigation when it is necessary to protect the interests of the City and/or its constituents. Lawsuits initiated by the City can include breach of contract, construction defect, and pollution matters.

Code Enforcement

The City Attorney's Office assists with the enforcement of City Code provisions related to building standards, zoning requirements, neighborhood preservation, land use, and other conditions or conduct affecting public health, safety or welfare. Violations are addressed by employing the various legal enforcement tools available to the City: administrative actions, civil actions and, in extreme cases, criminal prosecution. The City Attorney's Office provides further assistance by obtaining legal orders for the abatement, and/or demolition of substandard properties.

Criminal Prosecution

With the addition of the Neighborhood Protection Unit, the City Attorney's Office has begun actively prosecuting misdemeanor violations of the City's Municipal Code. Initially, those efforts were largely focused on illegal cannabis operations. The City Prosecutor has expanded topics covered as the needs and issues in the community have changed. The City Prosecutor continues to work with City departments to support prosecutorial efforts to increase public safety in the City. The City Prosecutor also acts as a liaison with the District Attorney's Office to support joint efforts to combat issues facing the community, as appropriate.

In 2021, the City Attorney's Office worked in conjunction with the Police Department to establish a program for obtaining Gun Violence Restraining Orders (GVRs). GVRs are civil proceedings, filed by law enforcement agencies. The orders prevent individuals from obtaining or possessing firearms and/or ammunition. These individuals face many different circumstances which may present a risk of gun violence, such as a mental health emergency, a threat of suicide, or a threat of harm to another. The City Attorney's Office files these GVRs in court and appears at the hearings on behalf of the Police Department. The City Attorney's Office also coordinates training for officers and works in conjunction with other agencies to use this tool as efficiently and effectively as possible.

Public Requests for Legal Assistance

The City Attorney's Office frequently receives requests for assistance from the public. The City Attorney's client is the City itself, not any one City resident. As a result, the City Attorney's Office cannot provide direct legal advice to anyone other than the City Council, the City's Boards and Commissions, the City Manager, and the other City employees acting on behalf of the City. However, the City Attorney and his staff use their best efforts to assist the public by directing them to other legal resources, as appropriate.

MISSION STATEMENT

The mission of the City Attorney's Office is to provide high quality legal services to the City in order for the City to operate in a lawful and effective manner, safeguard taxpayer resources, and to improve quality of life for City residents.

STRATEGIC GOALS

Operational Excellence

- Improve Digital Document Processes and Retention Practices
 - *Implement procedures and practices for digital document storage, organization and retention in accordance with the City's retention schedule.*

▾ STATUS:

The City Attorney's Office is working in conjunction with the City Clerk's Department and outside consultants to reorganize the City Attorney's digital document repository. The reorganization is based on the City's retention schedule, which was adopted in August of 2020. The updated framework for digital document retention will serve to ease the transfer of information, promote the environment and boost security. This reorganized digital document repository will streamline and improve the efficiency of the City Attorney's Office by allowing staff to store digitized documents which are grouped together so that business rules for retention, security and privacy can easily and logically be applied.

- Improve Risk Management Practices
 - *Improve case management protocols and collaboration with other departments to implement risk mitigation measures.*

▾ STATUS:

This is an ongoing process to assure that litigation and claim outcomes and trends are translated into improved risk mitigation practices in the field.

- Enhance Office Efficiency and Accountability
 - *Design standard work and protocols for various City Attorney Office processes to improve efficiency.*

▾ STATUS:

The City Attorney's Office continues to refine and develop new standard work and protocols including expanded standardization of agreements and resolutions, and uses of DocuSign to improve efficiency. In collaboration with other City Departments, the City Attorney's Office has implemented DocuSign, which has streamlined and improved the efficiency of obtaining signatures for agreements and contracts.

Connected Community

■ Improve the Flow of Information to the Public

- *Continue to develop and publish Law Summaries on a variety of topics of general interest to the public, including landlord-tenant issues, mobile home rent control, and smoking/vaping/hookah lounges.*

▾ STATUS:

The City Attorney's Office continues to identify topical issues which are the most interest to the public, and to prepare summaries of relevant law in those areas, for placement on the City Attorney's page of the City's website. The list of identified areas is continuously reviewed and updated. The City Attorney's Office is also working to publish periodic legal updates and host public forums on issues that are of interest to residents of the City.

Strong and Secure Neighborhoods

■ Develop programs that assist in the creation and maintenance of safe neighborhoods

- *Continue to develop and publish Law Summaries on a variety of topics of general interest to the public, including landlord-tenant issues, mobile home rent control, and smoking/vaping/hookah lounges.*
- *Work closely with the Police Department to address chronic issues or problem areas, such as repeat noise complaints, unpermitted businesses or nuisance properties.*
- *Work closely with the Code Enforcement Department to ensure compliance with municipal code provisions that enhance the quality of life in neighborhoods.*
- *Assist the Development Services Department in regulating the impact of short-term home rentals in residential neighborhoods.*
- *Work with the Housing Department to increase housing security for City residents, including rental protections for residential tenants.*
- *Assist multiple City Departments with the ongoing regulation of cannabis businesses.*

▾ STATUS:

The City Attorney's Office worked in conjunction with the Development Services Department to draft and adopt a short-term rental permit process, to establish forms and procedures for permit application processing, and to draft notices and procedures for enforcement of violations. The City Attorney's Office is also working to train CVPD officers on how to investigate and enforce violations of the short-term rental ordinance.

▾ STATUS:

The City Attorney's Office worked with the Housing Department to facilitate the use and disbursement of grant monies to increase access to affordable housing, and to solicit feedback from stakeholders and City Council in regard to rental protections for residential tenants.

▾ STATUS:

Working jointly with the City Manager's Office, Finance Department, Development Services, the Police Department, and the Fire Department, the City Attorney's Office assisted City Staff in facilitating licensure of the first legal, regulated cannabis businesses in the City and providing ongoing regulatory oversight of the businesses.

Administration

INFORMATION

WEBSITE www.chulavistaca.gov/departments/city-manager

PHONE (619) 691-5002

EMAIL citymanager@chulavistca.gov

The City of Chula Vista is governed under the council-manager form of government. This local government structure combines the political leadership of elected officials with the strong managerial and administrative expertise of an appointed city manager. Under the council-manager form of government, the City Council are the policy makers and the City Manager is responsible for the implementation of those policies.

In Chula Vista, the City Manager is responsible for the daily operation and administration of all City departments and professional staff except for the elected and appointed offices of the City Attorney and City Clerk, respectively. The City has 1,226.75 full-time equivalent employees in the 12 City Manager-directed departments: Animal Care, Administration, Community Services, Development Services, Economic Development, Engineering, Finance, Fire, Human Resources, Information Technology Services, Police and Public Works.

The Administration Department is comprised of the City Manager's Office and the Office of Communications.

City Manager's Office

The City Manager serves as the City's Chief Executive Officer daily and as the Director of Emergency Services during emergencies such as the COVID-19 pandemic. To execute the position, the City Manager plans and directs the implementation of City programs in accordance with City Council direction and policies, the City Charter and the Municipal Code to provide efficient, effective and equitable municipal services for the Chula Vista community. In addition to overseeing daily operations, the City Manager utilizes strategy and visionary leadership to champion special projects and initiatives to guide the long-term development of the City such as the Chula Vista Bayfront, the University and Innovation District, the Smart City Strategic Action Plan, and a renewed commitment to equity and inclusion city-wide. The City Manager ensures the preparation and monitoring of a fiscally sound operating budget to fund the highest level of municipal services possible.

Within the City Manager's Office, three Deputy City Managers provide support through direct supervision over 10 of the 12 manager-directed departments. The Deputy City Managers, Chief of Police and Fire Chief report directly to the City Manager.

About the City Manager: Maria V. Kachadoorian

Maria V. Kachadoorian was appointed City Manager in June 2020 after serving as Assistant City Manager. She is the first woman and first Latina to serve as City Manager. She began her career at the County of San Diego. Kachadoorian has worked at the City of Chula Vista since 1998 where she started in the Finance Department, advanced to Finance Director, before becoming Deputy City Manager, Assistant City Manager, then City Manager.

Her strong finance background helped lead the City through the Great Recession and has been instrumental in implementing innovative strategies to mitigate the financial, economic and community impacts to the City and residents from the COVID-19 pandemic.

She is a long-time resident of South County and lives in Chula Vista. Kachadoorian was born in Tijuana and immigrated to the United States as an infant. She earned a Bachelor of Science Degree with an emphasis in Accounting and a Master's Degree in Public Administration from San Diego State University. She is also a Certified Public Accountant and a proud Chula Vista Rotarian.

Office of Communications

The Administration Department also includes Communications with staff dedicated to implementing a comprehensive marketing and communications program that supports the wide range of initiatives and activities in the City of Chula Vista. The Office of Communications serves as the trusted source of communication and link from the City to the community. The marketing and communications program is designed to help the City of Chula Vista engage with residents, enhance revenues, improve business development, and attract people to live and work here. The Communications team identifies major communications initiatives; develops and implements marketing and advertising campaigns; coordinates special events; supports programs and projects managers; distributes a variety of communications messages via web, social media, newsletters, press releases, and other channels; and provides media and public information services. Communications coordinates with other departments to implement proactive community engagement, outreach, and participation activities.

MISSION STATEMENT

The mission of the Administration Department is to provide the leadership necessary for the implementation of City Council policies, administration of the organization and delivery of services to our community.

STRATEGIC GOALS

Connected Community

- Implement City of Chula Vista Marketing and Communications Program
 - *Implement a robust marketing and communications program to help the city of Chula Vista enhance revenues, improve business development, and attract people to live and work here.*

▾ STATUS:

- ▶ Redesigned City website to provide more tools and information for residents, visitors, and businesses
- ▶ Provided timely information on COVID-19 communications in English and Spanish via social media, city newsletters, and media relations

Relaunching City-sponsored events to connect with residents as the pandemic eases.

Operational Excellence

- Uphold a commitment to Fiscal Health
 - *Continue to support components identified in the Fiscal Recovery and Progress Plan.*

▾ STATUS:

- ▶ Presented a balanced budget
- ▶ Strategically managed the allocation of federal aid received during the COVID-19 pandemic to provide critical services such as testing, vaccinations, food distribution, and small business aid
- ▶ Measure P sales tax (2016), Measure A sales tax (2018) and Measure Q cannabis business tax (2020) oversight and monitoring to bolster city revenue and strengthen services, safety and infrastructure

Information Technology Services

INFORMATION

WEBSITE www.chulavistaca.gov/departments/information-technology-service

EMAIL ITSINFO@chulavistaca.gov

The Information Technology Services (ITS) Department provides citywide technology services, solutions, and support to all departments within the City. These services include administration, finance, public safety, and resident online services. ITS also develops, implements, operates, and maintains computer systems in order to improve the operational efficiency and effectiveness of all departments. In addition, ITS provides support to departments which provide direct services to members of the public, such as the Library, Recreation, and Public Safety and Public Works departments. ITS also partners with regional municipalities and other governmental agencies including the Living Coast Discovery Center to provide support and planning services.

The Technology and Support division provides technical planning and implementation, guidance, training and assistance to employees who work on more than 1,000 microcomputers, dozens of standard office productivity and specialized applications and over 150 servers throughout the City. The Technology and Support staff also maintains the City's Local Area Networks (LANs) and Wireless (WLANS) networks for both city guests and staff at City Hall and remote facilities. They partner with the Telecommunications staff to maintain the City's Wide Area Networks (WANs) and telecommunications lines which connects remote facilities to the primary City Hall networks. Technology and Support staff also provides planning and support services for an increasingly wide range of non-desktop computer technologies, including mobile devices such as smart phones or tablet computers, digital displays, wireless devices for public safety, and videoconferencing equipment.

The Geographic Information System (GIS) division provides mapping, data modeling and analysis, and development of custom applications used by staff on a daily basis. ITS also provides GIS services to the general public through map and data sales and web-enabled mapping applications. With over 100 unique data layers, ITS staff manages one of the most extensive, fully integrated GIS databases in San Diego County. As a multi - departmental resource, the city's GIS has developed into a critical decision-making tool used by City staff and the general public on a daily basis.

The Telecommunications division handles voice communication installations, consultation, planning, maintenance, and support services citywide. Telecommunications lines are used to connect the nine remote fire stations, eight recreation and community centers, three library branches, the Public Works facility and other smaller remote facilities to the City Hall network. Technologies used include fiber optic lines, WiFi WLANS, 3-G and 4-G networks, microwave and T-1 and T-3 lines. Voice communications technologies now include Voice over IP (VoIP), integrated communications, as well as traditional PBX methods. This function serves over 1,000 users daily and plays a critical part in providing communication citywide. As in the case of Public Safety, telecommunications provides the vital link between first responders, (law enforcement, fire fighters, medical, ambulance or other emergency services) ensuring they have access to reliable, interoperable communications to assist those in need during and after emergencies by disseminating critical information to subsequent responders and the public. It is one of the most critical resources in public safety.

The Application Support and Programming division provide support of 3rd party software used by City staff including financial systems, business licensing, and building permitting. In addition, the programming staff develops custom desktop and web applications used by City staff and the public on a daily basis. This includes electronic government applications such as park reservations, recreation facility reservations, sports league registration, library features and others. These applications are the City's first point of contact and are vital in linking the City with the online world. They also allow residents and visitors alike to experience and appreciate valuable and accurate information online,

all the time. The City's continued expansion of online services results not only in improved customer services but also furthers the City's green paperless initiative to reduce environmental impacts associated with printing materials.

MISSION STATEMENT

The mission of the Information Technology Services Department is to provide technology, planning, development support and management to City employees and departments so they can perform their jobs effectively and meet their strategic goals for the City.

STRATEGIC GOALS

Technology and Support Services

- Implement computer/software replacement program
- Identify IT services to possibly migrate to the cloud
- Enhance the City's technology infrastructure
- Continue to work on non-desktop computer support services (mobile devices, etc.)

▾ STATUS:

Staff is currently engaged in several projects which will enhance the City's technology infrastructure:

- ▶ In FY2022, staff replaced 150 desktop PC's to continue with the PC Modernizations efforts City-wide. An additional 250 desktop PC's will be deployed in FY2023.
- ▶ In FY2022, the ITS department continued working on implementing Office 365 city-wide and nearly finished eliminating our fleet of Windows Server 2003 systems. Additionally, staff has continued deploying Windows 10 updates to all City desktop computers.
- ▶ In FY2022, staff began working on replacing the City's very old analog telephone system. The new collaboration centered phone system will provide significant improvements in employees ability to communicate effectively through a variety of collaborative methods including video conferencing, voicemail to email, emergency notifications by location, "talk and go" in which you can transfer a call from a work phone to cell phone mid call with no interruption, and other technological advances.
- ▶ Staff continues to work on various enterprise level software system upgrades throughout the City.

Telecommunications

- Replace telephone system

▾ STATUS:

- ▶ Work on the replacement of the City's phone system commenced in FY 2023.

Network Protection

- Develop and implement a Cybersecurity and Disaster Recovery Plan

▾ STATUS:

- ▶ The ITS Department recently received Council approval to hire a Chief Information Security Officer (CISO) position.
- ▶ Staff will be issuing an RFP to develop and implement a Cybersecurity and Disaster Recovery Plan.

Technology Projects

- 90% of new technology/GIS projects within departments are planned and developed in conjunction with Information Technology Services.

▾ **STATUS:**

- ▶ ITS continues to work with all departments to ensure that ITS staff is included at the inception phase of any new technology projects, or when significant involvement by ITS staff will be required with current projects. Involving ITS at an early stage in these projects will ensure staff is utilizing the latest technology/software and allow ITS/GIS to coordinate the transfer and storage of data associated with these projects.

KEY PERFORMANCE MEASURES

The Information Technology Services Department has had massive upgrades to all systems throughout the City; staff is re-evaluating the key performance metrics for the Department. Several of the old metrics are no longer viable due to lack of reliable data. The Department will be undergoing a comprehensive Strategic Plan effort in Fiscal Year 2022 which will include new key performance metrics based upon the current IT infrastructure and staffing for the City.

SIGNIFICANT BUDGET ADJUSTMENTS & SERVICE IMPACTS

Revenues

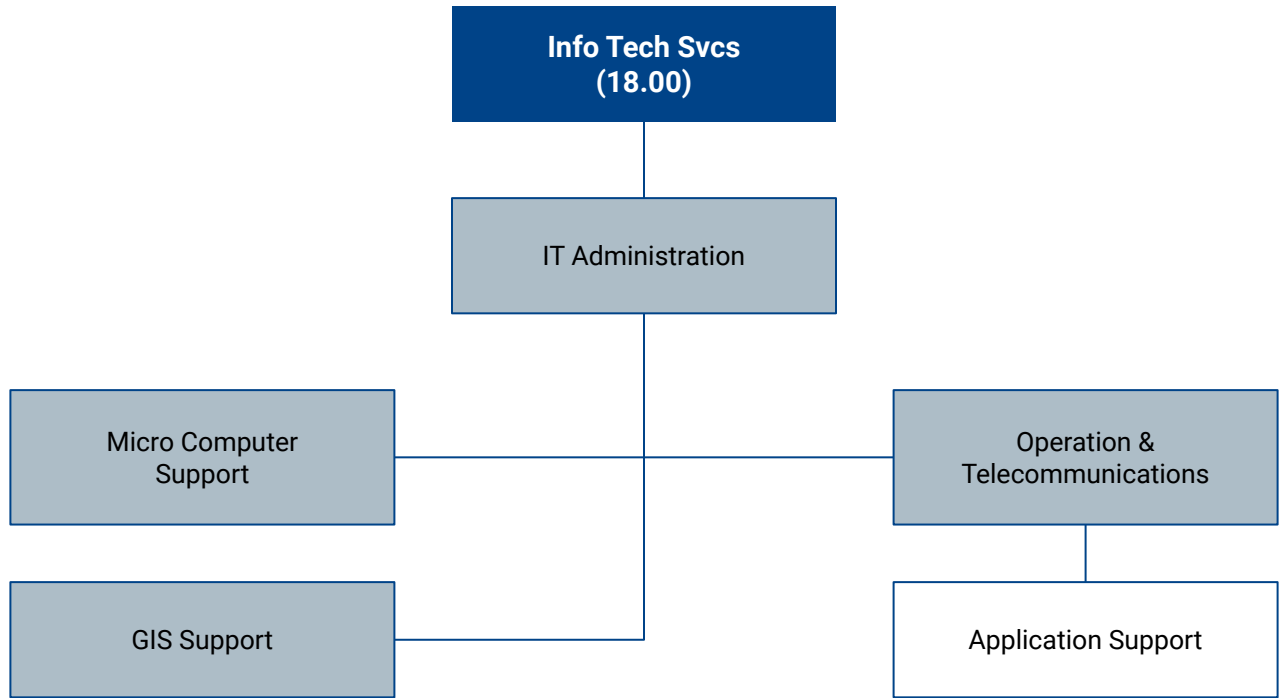

- No significant budget adjustments.

Expenditures

- Transfer of 1.0 Senior Webmaster from Administration (General Fund)
- Increase to Supplies and Services of \$306,945 for software and associated maintenance costs.

Human Resources Department

INFORMATION

WEBSITE www.chulavistaca.gov/departments/human-resources

PHONE (619) 691-5096

EMAIL humanresources@chulavistaca.gov

The Human Resources Department is committed to providing superior services to employees, departments and the public to ensure an informed, quality workforce and community, while treating everyone with fairness, dignity, equality and respect.

The Human Resources Department (HR) develops and manages five major divisions including Administration, Operations, Risk Management, Benefits, and Training and Development.

HR Administration provides the day-to-day oversight of 21.0 HR staff, serving approximately 1,226.75 full-time and part-time benefited employees and up to 400 temporary employees. HR Administration advises departments on the interpretation and application of City policies and procedures that pertain to Human Resources, as well as the Civil Service Rules. Additionally, this division is responsible for training and guiding departments and individuals through the teambuilding, performance management, investigation and the discipline process as well as providing staff assistance to the Civil Service Commission. The Department oversees the Employee Engagement and Wellness Committee to increase engagement levels throughout the City. HR Administration negotiates the City's six labor contracts, coordinates citywide labor management cooperation, interprets and maintains compliance with each bargaining unit's memorandum of understanding. HR Administration provides City employees with organizational and personal professional development resources.

One of the goals of the Human Resources Department is to attract the best and brightest to the City of Chula Vista to create and maintain an environment in which employees can flourish. The HR Operations Division is responsible for recruitment, selection, classification and compensation. The division identifies qualified applicants to fill job vacancies at all levels, through recruiting and testing. Applicants are given the opportunity to demonstrate their employment strengths through each phase of the recruitment and selection process. The end result is an eligible list of qualified candidates. Getting new employees into vacancies in a timely manner helps departments maintain a high level of cost-effective and efficient service to city residents, which is a shared goal at the City of Chula Vista.

Human Resources Operations staff is responsible for conducting studies of positions and making recommendations on proper job classification, compensation, and writing and revising job descriptions based on these studies. The division maintains the City's Classification Plan, Compensation Plan, and administrative regulations that relate to classification and compensation. In addition, staff conducts and responds to salary and benefit surveys, provides advice on Fair Labor Standards Act (FLSA) designation, and supports labor negotiations with the City's unions and employee associations.

The Risk Management Division is responsible for the development of a safe and healthy environment for City employees and the public and for controlling and reducing liability exposures in order to preserve the City's assets and service capabilities. This is accomplished via the Division's programs that include: occupational health and safety, loss control, and disability management.

The City acknowledges the inherent risks associated with tasks performed by Police, Fire and Public Works, but will not allow this to excuse injuries and exposures as acceptable conditions. Instead, we challenge ourselves to prevent their occurrence through assessments, inspections, investigations, hazard controls, safe work practices, best available technology, communication, education and training. We are committed to providing a safe and healthful working environment for employees, volunteers and the public while strengthening the safety culture of our organization.

Risk Management's Safety program has oversight of all City safety efforts. The Safety program provides a systematic way to minimize incident frequency and severity, contribute to positive morale, effectively maintain the City's resources and increase operational efficiency.

Our robust Injury and Illness Program positioned the Division to meet the unique and unexpected COVID-19 pandemic. Work practices, procedures, training and disinfecting protocols were easily implemented to address the concern of person-to-person transmission.

Disability Management oversees the City's self-insured workers' compensation program and the handling of claims by our third-party administrator. It also provides comprehensive services to employees and departments. The goal of the Disability Management program is to return injured or ill employees to the workforce as soon as they are able. This is accomplished via the City's hands on Return to Work Transitional Duty program where we partner with the treating doctors to focus on what the recovering employee can rather than what they can't do. In the interim, Disability Management works to ensure that employees are receiving any income and job protection to which they are entitled.

Risk Management is responsible for recovering funds when City property is damaged by outside parties and recovers costs associated with emergency response for related to impaired drivers. Staff aggressively seeks reimbursement from insurance companies or the uninsured party and averages between \$250k and \$350k per year in revenue from these endeavors.

The Training and Development Division is increasing the availability of training in the City and concentrating on expanding e-learning opportunities. One method is to continue to utilize our Target Solutions internet-based training platform. Via this program we have created several safety and human resource trainings, both mandatory and elective, available to employees from the comfort of their workstation. We also partner with external subject matter experts including local community colleges to offer a wide variety of courses at our worksite to reduce the cost of travel times for employees.

The Benefits Division administers a variety of programs including the City's §125 Cafeteria Benefits Plan, Retiree Medical Program, Human Resources Information System (HRIS) implementation and maintenance, New Hire Orientations and Professional Enrichment Program. Benefits are an important component of total compensation and the Division is committed to implementing comprehensive employee benefits by supporting and delivering personal assistance to valued employees, retirees, dependents, and service providers.

The following competitive benefit options are managed by the Division: medical, dental, and vision coverage; group life (including accidental death & dismemberment) insurance; voluntary supplemental life insurance; voluntary accident, critical illness, and hospital indemnity insurance; Employee Assistance Program; and retirement benefits through Public Agency Retirement Services (PARS) and California Public Employees' Retirement System (CalPERS). To assist employees in making their benefits-related decisions, benefits forms, resources, and tools are made available to employees online.

The Department leads the Employee Engagement and Wellness Committee to make a solid impact on increasing employee satisfaction and helping to foster an environment for sustained engagement in our City. The Employee Engagement Committee implements events and programs that will increase engagement levels. Merging Engagement and Wellness together in 2018 has allowed the Department to further promote and foster wellness of mind and body by providing education, opportunities and support in choosing a healthy lifestyle. By keeping our workforce healthy we increase productivity and reduce health care costs.

MISSION STATEMENT

The mission of the Human Resources Department is to provide superior services to employees, departments, and the public to ensure an informed, quality workforce and community, while treating everyone with fairness, dignity, and respect.

STRATEGIC GOALS

Operational Excellence

- Refine the employee on-boarding process
 - *Create tools to ensure new hires receive all of the information needed to be effective members of the City workforce and retain quality employees.*

▾ STATUS:

Human Resources continues to create new resources and tools for employees through multiple online portals. During the last fiscal year, the Department launched an online system aimed at streamlining the onboarding process and providing an engaging experience for new employees.

- Refine processes and procedures for existing employees
 - *Create tools and implement streamlined processes to allow optimal use of existing functionality in the HRIS*

▾ STATUS:

Human Resources continues to explore opportunities to streamline processes and procedures in the City's HRIS. During the last fiscal year, the Benefits Division implemented the Affordable Care Act reporting module, allowing employee reports and federal reporting to be administered in-house. In the next year, the Department is aiming to streamline the administration of the Professional Enrichment Program by implementing the functionality in the HRIS.

- Reduce Lost Time for Workplace Injuries and Illnesses
 - *Reduce lost productivity and costs associated with filed Workers' Compensation Claims.*

▾ STATUS:

The City is in its fifth year with our Worker's Compensation third-party administrator. Quarterly file reviews have been conducted to review open claims and we completed our third stewardship review of our program. The Disability Management Staff is working closely with the Police and Fire Departments to provide innovative ways to decrease loss time due to work-related injuries. Human Resources implemented a pilot Alternative Dispute Resolution (ADR) program for Chula Vista Police Officer Association represented classifications. Specifics of ADR programs can vary with the goal of streamlining dispute resolution issues and reducing delays in getting employees treated and back to work. The Division continues to assist employees with the claims process and works collaboratively with the providers and the third-party administrator to facilitate returning employees to work as soon as they are physically capable to perform modified or transitional work within their restrictions.

- Retain and attract quality employees
 - *Create culture of employee engagement*

▾ STATUS:

- ▶ Approximately 160 employees will have been recognized with a service year milestone.
- ▶ Hosted several Employee Engagement and Wellness events, such as: Halloween Costume and Pumpkin Decorating Contests; Employee Holiday Luncheon and San Diego Food Bank drive donating 554 pounds of food and \$855 in virtual donations; Wise @ Work Mental Mindfulness App fitness challenge using funds received from Mental Health Wellness Grant; Recognized Employee Appreciation Day with sun hats for all employees; Kicked off a Kindness Campaign to cultivate and recognize kindness both inside and outside of the workplace.

Finance Department

INFORMATION

WEBSITE www.chulavistaca.gov/departments/finance

PHONE (619) 691-5250

EMAIL finance@chulavistaca.gov

The Chula Vista Finance Department is dedicated to supporting the long-term financial stability of the City and enhancing public and organizational trust through integrity of financial reporting and sound financial practices. The Finance Department is responsible for the overall financial management of the City. The department consists of five divisions: Administration, Comptroller, Revenue & Recovery, Purchasing, and Budget & Analysis. These divisions provide support services to other City departments, including payroll, accounts payable, accounts receivable, cashiering, purchasing, and general accounting. Responsibilities include the oversight of revenues, expenditures, investments, debt, and financial reporting. The Finance Department is also responsible for the City's annual audit that includes publication of the Annual Comprehensive Financial Report and the Single Audit of Federal Expenditures. The Finance Director also serves as the City Treasurer and is responsible for managing City investments.

The Administration Division is responsible for the overall management and supervision of the Finance Department. The Division works closely with the City Manager and City Council providing guidance and financial advice as well as long-range financial planning and forecasting. Policy implementation, debt service management, cash flow management, and investment of City funds are functions performed by this division.

The Comptroller Division includes general accounting, accounts payable, and payroll. The general accounting functions involve accounting for expenditures, revenues, and other transactions in accordance with Generally Accepted Accounting Principles (GAAP). The accounts payable function processes all payments and invoices in a timely manner. Staff processed 30,114 accounts payable transactions in fiscal year 2022. The payroll function is responsible for the payment of salaries and other benefits to City employees in addition to filing all State and Federal payroll tax returns and reports. Payroll staff issued 1,502 W-2's to current and former City employees in fiscal year 2022.

The Revenue & Recovery Division is responsible for the receipt and accounting of all monies received by the City. Other functions performed by this division include utility billing, oversight of parking meter operations, issuance of business licenses and coordinating the business license renewal process, special districts administration, and the documentation and accounting of staff time reimbursements through the City's Project Accounting system. Division staff issued 10,978 business licenses in fiscal year 2022. The Revenue & Recovery Division works closely with other City departments as well as outside agencies in the collection of past due amounts. Unpaid sewer and trash bills that have gone unsuccessfully through the collection process are eventually placed as liens on the County's property tax roll by Division staff.

The Purchasing Division provides acquisition and contract management services to City staff in accordance with the Standards of Purchasing Practice as defined by the California Association of Public Purchasing Officers (CAPPO). The Division ensures compliance with formal bid requirements, processes all City purchase orders, and develops and maintains purchasing policies and procedures. Additional responsibilities include administration of the City's credit card program and disposition of surplus City property. In fiscal year 2022, the Purchasing Division processed 2,333 purchase requisitions for City staff.

The Budget & Analysis Division is responsible for coordinating, preparing, and monitoring the City's operating budget. It performs and reviews numerous fiscal, policy, and programmatic analyses to accurately identify potential fiscal impacts. Budget & Analysis provides ongoing analytical support on various operational and staffing issues throughout the City and participates in a number of special projects and studies, which may include updating fees and contracts.

For its financial reporting, the department has received the “Certificate of Achievement for Excellence in Financial Reporting” award from the Government Finance Officers Association (GFOA) every year, beginning with the fiscal year 2000 financial report. The department has also received GFOA’s Distinguished Budget Presentation Award annually since fiscal year 2003, with the exception of fiscal year 2010 when the City did not pursue the award due to staffing reductions and budget constraints.

MISSION STATEMENT

The Chula Vista Finance Department is dedicated to supporting the long-term financial stability of the City and enhancing public and organizational trust through integrity of financial reporting and sound financial practices.

STRATEGIC GOALS

Operational Excellence

- Provide fiscal oversight of the Federal American Rescue Plan Act (“ARPA”) Funds received from the Federal government to address the COVID-19 pandemic and resulting economic impact.
 - *Established the accounting structure within the City’s ERP system to track revenue and expenditures for the ARPA allocation received from the United States Treasury (“Treasury”) in the sum of \$57.5 million. Reporting information to the Treasury as prescribed in the ARPA legislation.*

▾ STATUS:

Underway: Tracking ARPA activities in accordance with the Final Rule that was issued by the Treasury. Also provided reporting information to the Treasury as required by the ARPA legislation on the financial and programmatic use of these funds..

- Create and implement policies to help safeguard the City’s finances.

▾ STATUS:

The Finance Department implemented the Measure A Reserve Policy (Council Policy No. 220-10) to establish a policy for the Measure A Sales Tax Fund that can be found in the Appendix section.

SIGNIFICANT BUDGET ADJUSTMENTS & SERVICE IMPACTS

Revenues

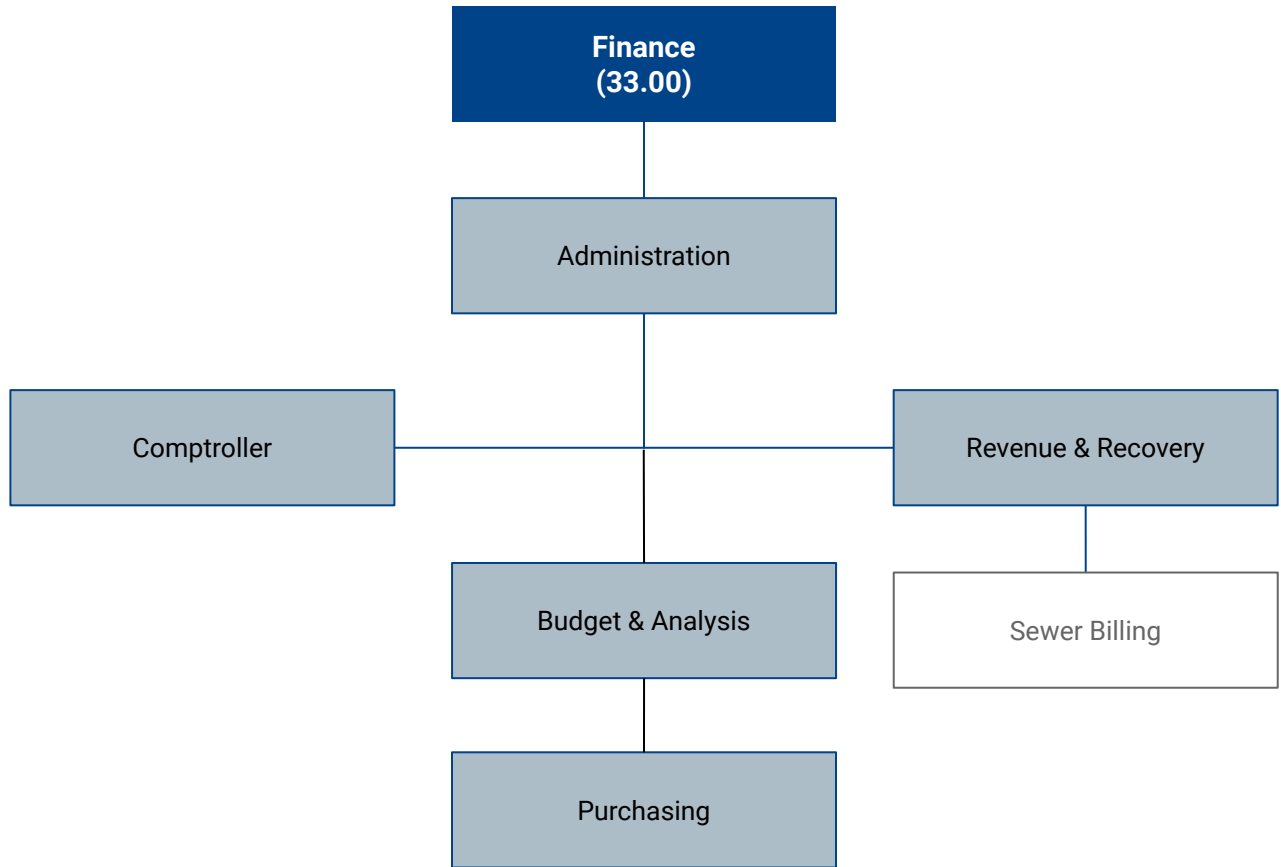

- Increase to Transfer In from American Rescue Plan Reimbursements of \$162,000, and increase to Treasury Allocation services of \$93,678 for a total increase of \$255,678.

Expenditures

- Increase to Personnel Expenses by \$532,093 for positions added during Fiscal Year 2022 and scheduled salary and benefit changes.

Non-Departmental

The Non-Departmental budget reflects expenses that are not directly related to any single department. The expenditure budget consists of items such as:

- Insurance
- Interest expense
- Transfers Out expenditures to liability reserves and to various Debt Service Funds for the General Fund's debt service obligations.

The Non-Departmental budget also includes all General Fund discretionary revenues including the following:

- Property taxes
- Sales and Use taxes
- Motor Vehicle license fees
- Transient occupancy tax (TOT)
- Franchise fees
- Utility users tax (UUT)
- Transfers In from various other funds.

SIGNIFICANT BUDGET ADJUSTMENTS & SERVICE IMPACTS

Revenues

- Property Taxes increase related revenues of \$1,443,297 based on projected assessed valuation growth.
- Other Local Taxes increase of \$12,982,084 for Sales & Use Taxes of \$3,800,596; Measure A Sales Tax of \$2,862,809; Measure P Sales Tax of \$2,844,643; Franchise Fees of \$1,616,045; Cannabis Excise Tax of \$1,231,000; and Business Licenses of \$247,000 based on projected growth.
- Motor Vehicle License Fees increase related revenues of \$2,000,132 based on projected assessed valuation growth.
- Other Revenue increase of \$300,000 due to anticipated delayed reopening of public venues because of COVID-19.

Expenditures

- Supplies and Services increase of \$638,580 due to higher insurance premiums.
- Transfers Out increase of \$18,068,974 due to transfer of \$5,111,851 of Measure A Sales Tax and Measure P Sales Tax funds into their own funds; transfer of \$1,596,668 for the Pension Obligation Bonds Debt Service fund; transfer of \$8,000,000 for the Loma Verde Aquatic and Recreation Center into the Capital Fund; and, transfer \$1,649,947 to the Section 115 Trust Fund.

Animal Care Facility

INFORMATION

WEBSITE www.cvacf.org
PHONE (619) 691-5123
EMAIL animalcare@chulavistca.gov

The Chula Vista Animal Care Facility (CVACF) has provided animal control services since 1923. Over the years, CVACF services have expanded to include community outreach and education programming, and comprehensive medical care. The Animal Care Facility is comprised of five divisions: Field Services, Shelter Services, Adoption/Volunteer Services, Veterinary/Medical Services, and Administrative Services. Approximately 4,000 homeless animals come to the facility each calendar year.

Field Operations and Dispatch

Animal Control responds to a number of complaint types and investigates possible violations. Our department responds to animal disturbances, noise complaints, mistreatment or abuse to animals, neglect and cruelty of any other animal related problems. Appropriate action ranges from voluntary compliance through education to administrative action and/or prosecution in some instances. Additionally, our officers rescue animals from a variety of situations. The facility also provides animal control services for the City of Lemon Grove. Call (619) 476-2476 during our [business hours](#) to report any animal issues or (619) 691-5151 (PD Dispatch) after hours for animal related emergencies.

Shelter Operations

The Chula Vista Animal Care Facility provides sheltering services for the cities of Chula Vista, Lemon Grove, and National City. Every day a variety of animals are sheltered at the CVACF either because they are found, rescued, surrendered, or impounded.

Adoption

The CVACF assists interested persons adopting a pet through the application and matching process. The staff works with a number of partnering agencies/businesses to find suitable homes for animals every day. Adoptable pets can be viewed online at www.petharbor.com.

Veterinary/Medical Services

The Chula Vista Animal Care Facility provides veterinary care to all shelter animals. Animals being adopted out are altered, vaccinated and microchipped. The CVACF offers Spay/Neuter Clinics for Low Income Chula Vista, National City, Lemon Grove and qualifying City of San Diego Residents. Rabies & Microchipping services are also available weekly.

MISSION STATEMENT

Provide compassionate care and ensure the health and safety for the animals and citizens of our community.

STRATEGIC GOALS

Strong and Secure Neighborhoods

- Increase Live Release Rate for cats by limiting the intake of healthy cats and providing multiple exit options for healthy cats when admitted.

▾ STATUS:

The City continues to conduct free public clinics for low-income residents. Cat spay/neuter is now only \$10 with the use of grant funds, and Trap/Neuter/Return (TNR) is offered as a free service. The Animal Care Facility has increased rescue efforts for feral cats. Feral cats that may normally be unadoptable can now be returned as community cats with approval of the property owner. The Trap-Neuter-Return model saves cat lives and reduces future cat litters.

KEY PERFORMANCE MEASURES

	FY 2020 Actual	FY 2021 Actual	FY 2022 Projected
% Cat Save rate	70%	75%	77%
% Dog Save rate	94%	95%	95%
Total Animal Intake	4,425	4,050	4,100

SIGNIFICANT BUDGET ADJUSTMENTS & SERVICE IMPACTS

Revenues

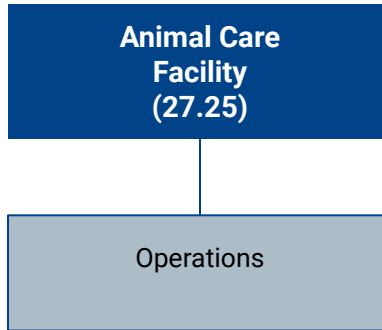

- No significant budget adjustments.

Expenditures

- Increase to Personnel Services of \$507,487 for the addition of 6.0 Full-Time positions, reduction of hourly staffing, and scheduled salary and benefit changes.

EMAIL business@chulavistaca.gov

The Economic Development Department focuses on facilitating the achievement of economic prosperity for Chula Vista through the expansion, attraction and retention of office, industrial, hospitality and retail-based businesses. Two key aspects of the Department's work include providing critical small business concierge services and leveraging smart city technology to establish a sound foundation for Chula Vista's sustainable economic development. These efforts have become increasingly important to the community in the wake of the COVID-19 pandemic and as Chula Vista works to develop a path forward for economic recovery. The Department's work will be guided by five core tenets outlined in the Development Department Work Plan accepted by the City Council: 1) expand business support, 2) improve collaboration and outreach, 3) strengthen economic vitality, 4) drive innovation and sustainability, and 5) advance equity and inclusion. In response to COVID-19, the Department is working to provide financial, technical and marketing assistance to small businesses in addition to creating more business-friendly policies and continuing work on economic catalyst projects such as the development of the Chula Vista Bayfront, 707 F Street and the University Innovation District.

The Department is organized into two divisions: Economic Development and the Office of Sustainability. Together these divisions make up an Economic Development Department that strives to create sustainable economic development through quality employment, shopping, dining and entertainment opportunities for our residents while increasing City revenues for vital public infrastructure and community services. This work translates into an enhanced quality of life for all Chula Vista residents to enjoy.

Economic Development

Economic Development staff work directly with businesses, trade and business organizations, stakeholders and internal City departments to create a business-friendly ecosystem that supports a stable and thriving economy. Staff also maintains and manages the City's portfolio of real estate assets and raw land including the licensing and leasing of assets held by the City.

Office of Sustainability

At an organizational level, "sustainability" is defined as the City's ability to provide high quality infrastructure, services and programs in a manner which balances the social, economic, and environmental needs of current and future generations – also referred to as the 3Ps: People, Planet and Prosperity. The Office of Sustainability strives to uphold these priorities through the work of Chula Vista's Smart Cities Initiative, the Environmental Services Division and the Conservation Division

Smart Cities

Smart Cities begins with sustainability and this division is responsible for leading the implementation of Chula Vista's Smart Cities Strategic Action Plan, including regional efforts, that aim to leverage innovative technology and data tools to better serve and engage Chula Vista citizens, enhance sustainability, improve public safety, promote local economic development and maximize tax payer dollars through increased efficiency of operations and optimization of resources. The goals of the Action Plan are for the City of Chula Vista to:

- Become more responsive by working with our communities, residents and businesses to improve operations and services, including public safety and citizen engagement;

- Become more transparent by using data and analytics to improve services and operations and ensure public access to performance indicators;
- Lay the groundwork for economic development to attract new businesses and support existing businesses

Environmental Services

Within the Office of Sustainability, Environmental Services staff provide comprehensive solid waste management services by: building partnerships and implementing best management practices; increasing public awareness through educational and informational programming; and pursuing cutting edge and emerging waste management technologies.

Conservation

Also, within the Office of Sustainability, the Conservation Division leads the City's energy and water conservation, alternative transportation and climate action planning; and actively collaborates with civic groups, business organizations, environmental and health advocates, academic institutions, internal City departments and other public agencies.

MISSION STATEMENT

The mission of the City of Chula Vista's Economic Development Department is to create a sustainable economy by providing the essential resources to businesses and the development community to promote, attract, retain and expand employment opportunities, stimulate the local economy, expand the local sales, transient occupancy and property tax base while maintaining a positive balance between the economy, the environment and the community.

STRATEGIC GOALS

To promote transparency and accountability, the Economic Development Department's efforts are captured in a work plan. The work plan includes an annual report along with strategic goals, supporting actions and key performance indicators to track progress.

Expand Business Support

- Promote an environment for residents and businesses to prosper
 - *Provide exceptional concierge and customer service to all businesses by tracking all commercial, industrial and office projects to ensure on-time delivery of service.*
 - *Provide services, programs and policies to help businesses recover from the economic impacts of the COVID-19 Pandemic.*

Improve Collaboration and Outreach

- Collaboration with regional and bi-national partners is essential to strengthening the region and provides sustainable economic development.
 - *Create a culture of stewardship, innovation and regional action that can lead to community prosperity and future economic gains.*
 - *Collaborative with regional economic development ecosystem partners.*

Strengthen Economic Vitality

- Foster the economic development efforts of existing assets and key development projects

- *Champion catalytic development projects such as the Chula Vista Bayfront, Millenia and the University Innovation District as they drive job growth, expand workforce development, strengthen public revenues and improve the quality of life and vitality for residents and businesses.*

Drive Innovation and Sustainability

- Provide high quality infrastructure, services and programs that balance social, economic and environmental needs of current and future generations with considerations for equity and inclusion.
 - *Implement strategies to provide a sustainable environment that supports people, prosperity and the planet.*
 - *Lead the international smart city movement with state-of-the-art technology and data analytics tools that improve quality of life and contribute to economic growth.*

Advance Equity and Inclusion

- Rebuild the local economy while prioritizing equity and inclusion.
 - *Implement policies that promote and support small, minority, women, disabled, veteran-owned businesses to foster a more inclusive local economy.*
 - *Meet the community's needs from the moment of recovery from the COVID-19 Pandemic and work to ensure the community's recovery is equitable.*
 - *Champion equity and inclusion across City policies and programs.*

SIGNIFICANT BUDGET ADJUSTMENTS & SERVICE IMPACTS

Revenues

- Increase to Transfer In from American Rescue Plan Reimbursements of \$2,378,933.

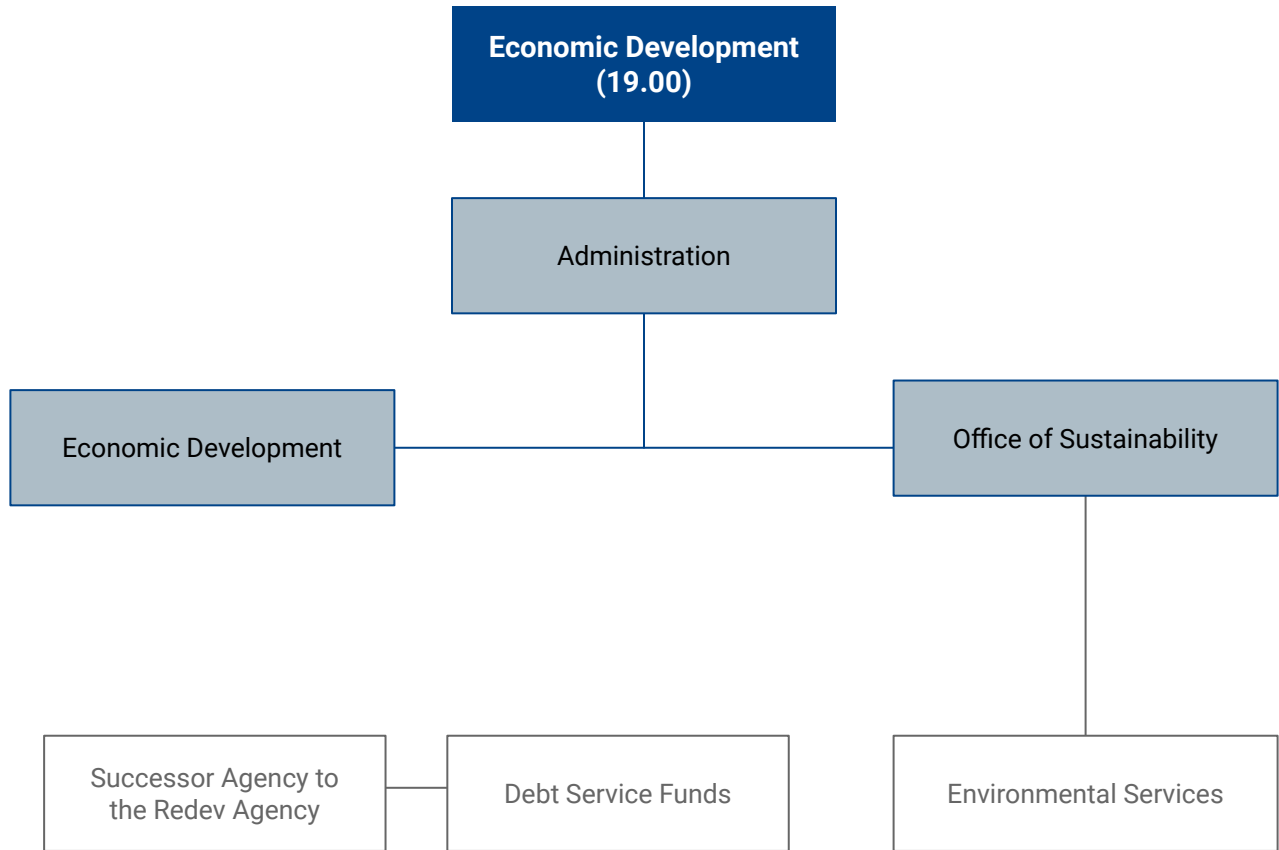

Expenditures

- Reduction of 2.0 positions and scheduled salary and benefit changes.
- Increase to Non-CIP Project Expenditures from American Rescue Plan Reimbursements of \$2,260,000 and City Property Maintenance of \$200,000.

EMAIL dsd@chulavistaca.gov

With the adoption of the fiscal year 2023 budget, the City Council approved the budget for the General Fund divisions of the Development Services Department. The Development Services Department's General Fund divisions include Code Enforcement, Advance Planning, and an Administration division.

Code Enforcement

The primary function of Code Enforcement is to educate the public in code issues and to work with citizens to achieve code compliance. Code Enforcement responds to complaints from the community and proactively enforces regulations regarding inoperable vehicles on private property, graffiti on businesses, commercial cannabis, short-term rentals and garage sale permits. The following are issues routinely investigated by Code Enforcement:

- Home Occupations
- Auto Repair
- Garage Conversions
- Trash, junk and debris
- Excessive or unpermitted signage
- Construction without a permit
- Abandoned vehicles
- Abandoned foreclosed homes
- Illegal signage
- Unpermitted cannabis sales
- Short-term rentals

Violations can be reported by calling the Code Enforcement Hotline at (619) 691-5280 or online by visiting <https://www.chulavistaca.gov/ce>.

Advance Planning

The primary purpose of Advance Planning is to manage the City's vision for growth and development. The Advance Planning section consists of three major areas of emphasis: long-range planning, special projects (such as the Otay Valley Regional Park), and sustainability. Advance Planning is primarily responsible for the following:

- Maintaining, updating, and monitoring implementation of the City's General Plan
- Regional planning programs and coordination (such as SANDAG)
- Administering environmental programs including the MSCP, historic preservation, and mitigation monitoring
- Maintaining the citywide land use database and maps
- Providing technical services including land use and demographic information and forecasts

- Reviewing proposed development projects for compliance with the City's General Plan and Sectional Plans
- Conducting public hearings on issues of community concern
- Coordinating with elected representatives, citizen groups, individuals, and other City departments and agencies on issues of local and regional significance

MISSION STATEMENT

The mission of the Development Services Department is to guide the physical development of the City through the implementation of the General Plan, development regulations and Building Codes. We are committed to enhancing the quality of life in our community by planning for sound infrastructure and public services, protection of the environment, and promotion of high quality social and economic growth.

STRATEGIC GOALS

Healthy Community

- Develop and implement strategies and programs that restore and protect natural resources and promote sustainability.

▾ STATUS:

Advanced Planning implements the City's Multiple Species Conservation Program Subarea Plan which preserves, protects and connects the most valuable biological habitats while allowing development to occur in less sensitive areas.

- ▶ Comprehensively manage and conduct stewardship activities within open space preserves, by treating invasive plant species, controlling unauthorized access, implementing erosion control, and reducing fuel-load.
- ▶ Monitor biological resources, including threat assessments, habitat conditions and the presence of sensitive species to allow for adaptive management.
- ▶ Actively seek partnerships and funding to restore and enhance habitats to maintain and improve the region's biological integrity.

Economic Vitality

- Strengthen and diversify the City's economy by supporting and advancing existing businesses. targeting and attracting new businesses, promoting balanced land use decisions, and engaging the community to reinvest in the City.

▾ STATUS:

The Development Services Department has made great progress moving the Bayfront Master Plan forward. Permits for the planned resort hotel and convention center project and associated infrastructure have been issued. Project construction began May 2022 and completion is projected for May 2025.

SIGNIFICANT BUDGET ADJUSTMENTS & SERVICE IMPACTS

Revenues

- No significant budget adjustments.

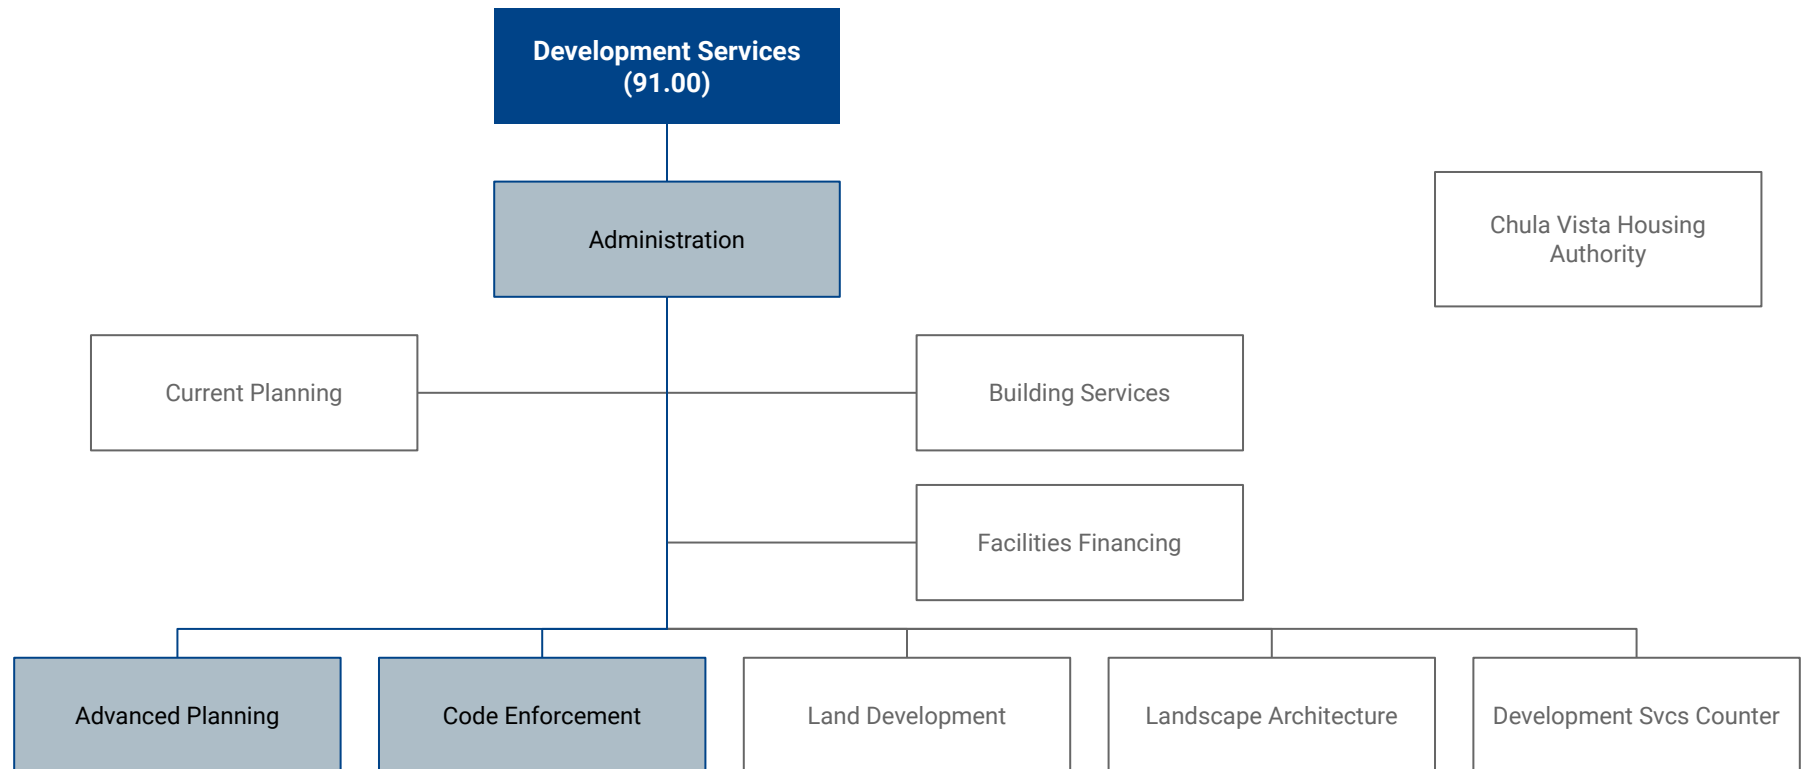

Expenditures

- No significant budget adjustments.

Engineering & Capital Projects Department

INFORMATION

WEBSITE www.chulavistaca.gov/departments/engineering

PHONE (619) 691-5021

EMAIL Engineering@chulavistaca.gov

The Engineering & Capital Projects Department provides engineering services, technical expertise and oversight for the development and operations of the City's public infrastructure and facilities. The Department is responsible for the development of the long-range Capital Improvement Plan, the delivery of the diverse projects identified in the CIP as well as a variety of other engineering related functions. The Department strives to provide expeditious, cost-effective service while maintaining a high degree of quality optimizing mobility, public and environmental health, and safety.

The Engineering & Capital Projects Department is located in the Public Services Building B, across from the Council Chambers at 276 Fourth Avenue. The Department consists of the following programs:

Advanced Planning

Manages asset inventories, infrastructure master plans, FEMA floodplain management services, and special studies to identify current and future deficiencies in the City's sewer, pavement, storm drain, wastewater disposal, and street systems to ensure that the City's infrastructure will adequately serve the community now and in the future.

Project Delivery (Design/Survey)

Manages the delivery of Capital Improvement Projects (CIPs) through the entire life cycle to meet or exceed quality, scope, schedule, and cost commitments to ensure that the City's infrastructure will adequately serve the community now and in the future. Also provides technical support services to various divisions and other departments.

Traffic Engineering

Provides traffic management, operations and planning services to the traveling public so they can enjoy a safe and efficient transportation system by responding to inquiries regarding public safety and other related issues, monitoring the function and operation of the roadway system on a daily basis, initiating remedial measures for high accident locations and provide for timely transportation infrastructure.

Advanced Transportation Technologies & Maintenance

Implements transportation related "Smart City" strategies and technologies, supports the Autonomous Vehicles Proving Grounds (AVPG) implementation in Chula Vista through coordination with SANDAG & CALTRANS and provides the focus and expertise needed to ensure proper development and deployment. Provides safe movement of all users of the City's circulation system, including vehicle operators, bicyclists and pedestrians through maintenance of electrical traffic control devices and street lighting.

Wastewater Engineering

Manages the City's sewer system so that Chula Vista residents receive dependable and affordable wastewater treatment and disposal services.

Inspection Services

Provides inspection, enforcement, education, contract, and permit administration services to contractor's, developers and City departments so they can comply with City construction standards and storm water regulations related to construction activities with the goal of delivering to the public cleaner water and durable and safe public infrastructure.

Stormwater Management

Develops and implements comprehensive programs and activities in compliance with State and Federal Clean Water Act (CWA) standards applied locally through Municipal National Pollutant Discharge Elimination System (NPDES) permitting requirements. Local NPDES permits are issued and regulated by the San Diego Regional Water Quality Control Board (RWQCB). Core stormwater management services include: enforcement of the City's stormwater ordinance, review and implementation of development standards including training to affected city staff, inspection of commercial, industrial, municipal and construction sites, water quality monitoring and reporting, complaint response, community outreach and education, and interjurisdictional watershed management.

Building Construction

Manages the delivery of CIPs for major maintenance projects associated with City facilities as well as new building construction projects such as the Fire Stations. Ensures the construction of public buildings are cost effective, efficient and delivered with a high level of quality.

Wastewater Management

Provides wastewater infrastructure maintenance services to residents, businesses, and other City departments to sustain a reliable and environmentally safe wastewater system.

Fiscal Sustainability

Prepares the annual Capital Improvement Program, oversees funds, grants and projects. Provides financial support services to manage and accommodate growth while maintaining service levels for existing infrastructure.

This is all accomplished through the Department's commitment to provide a safe and sustainable environment for the City's residents and to keep the City beautiful. We provide the means for residents to live in the City and get safely to work, schools, shops, businesses, offices, and other communities.

MISSION STATEMENT

The mission of the Engineering & Capital Projects Department is to provide and manage the City's infrastructure through high quality operations, maintenance, and construction in order to optimize mobility, public and environmental health and safety.

STRATEGIC GOALS

Connected Community

- Replace Loma Verde Community Center
 - *This facility is approximately 50 years old.*
 - *The Center is among the busiest community centers in the southwestern area of the city and needs replacement.*
 - *In April 2020, Council approved a Design Build Agreement for replacing the Center which includes multi-purpose facilities in addition to an aquatic facility encompassing an area of approximately 44,000 square feet.*
 - *In August 2021, Council awarded the contract for construction for Phases 1 and 2 which includes the demolition and reconstruction of approximately 20,000 square feet of the Center and will feature a new multi-purpose gymnasium, dance rooms, crafts room, fitness room, game room, hard courts, restrooms, changing room, staff offices, lifeguard staff room, and break room.*
 - *The Phase 3 portion of the project will replace the balance of the existing building to create space for new pool mechanical equipment, wet and dry storage, new completion pool, new pool deck, classroom space, new splashpad, replacement playground, replacement solar water heater, and new sports lighting.*
 - *Total cost of the project is estimated at \$29.2 million.*

▾ STATUS:

Phase 1 is anticipated to be completed in December 2022. Phases 2 & 3 will start construction after the completion of Phase 1 and is expected to be completed in May-June 2023.

- Expansion of Adaptive Traffic Control Systems
 - *These smart traffic signal systems can “see” approaching vehicles from much farther away, and can automatically adjust the duration of green and red light cycles based on real-time traffic patterns.*
 - *The goal is to reduce travel times, enhance safety, and to reduce emissions attributable to vehicles idling at red lights along heavily traveled streets.*
 - *The adaptive control systems also have the capacity to interact with the vehicle-to-infrastructure technology that can support connected vehicles and autonomous vehicles, better known as self-driving cars.*
 - *In the winter of 2018, the City upgraded 29 intersections along Telegraph Canyon Road, East H Street, and Otay Lakes Road with adaptive traffic signal controllers. The system continued to be monitored and optimized in 2019.*
 - *During fiscal year 2021, the City installed Adaptive Traffic Signals along H Street between Hidden Vista Drive & Tierra Del Rey and Telegraph Canyon Road between Canyon Plaza Driveway & Buena Vista Way.*
 - *The design for project TRF0408, Traffic Signal Replacements and Improvements for 11 locations throughout the City was completed during fiscal year 2021. This project includes the expansion of City fiber optics, wireless and/or twisted pair communications, expansion of Adaptive Signal System, and installation of traffic monitoring devices.*

▾ **STATUS:**

Construction for project TRF0408 began in February of 2021 and is expected to be completed by mid 2022. The City continues to evaluate other streets to deploy modern traffic signal technology which will enhance safety, efficiency, and support the City's "smart city" initiatives.

Strong and Secure Neighborhoods

■ Renovation of Fire Station 1

- *This facility was constructed in 1947.*
- *Fire Station 1 requires renovation to meet the evolving duties of the Fire Department.*
- *The project will include enlarging the opening at the apparatus bay to accommodate a larger ladder truck, renovations to accommodate modern equipment and completing repairs for aging aspects of the building.*
- *The station's dorm rooms and bathrooms also require upgrades to meet modern firefighter personnel needs.*
- *In May 2021, Council approved a Design Build Agreement for renovation of Fire Station 1.*

▾ **STATUS:**

Renovation for Fire Station 1 is expected to begin mid-2022 and completed by mid-2023.

■ Replace Heritage Road Bridge

- *The existing four-lane bridge at Heritage Road was built using FEMA emergency funding as an interim facility in 1993 when heavy flood waters destroyed the original two-lane river crossing.*
- *This interim bridge is inadequate for peak traffic volumes, does not accommodate pedestrians, special event vehicle volumes, and is unable to convey the 50-year storm without being overtopped.*
- *Federal Highway Administration (FHWA) and Caltrans approved the bridge for replacement as the existing bridge is Functionally Obsolete (FO) and the cost of rehabilitation exceeded replacement.*
- *In 2014, the Heritage Road Bridge Replacement Project was accepted into the Highway Bridge Program (HBP).*
- *The HBP provides funding to enable states to improve the condition of their highway bridges through replacement, rehabilitation, and systematic preventive maintenance of deficient bridges.*
- *As of January 2021, approved grant funds total \$3.7 million for preliminary engineering and \$354,120 for right-of-way acquisition.*
- *Future construction programming has been identified in the amount of \$19.2 million.*

▾ **STATUS:**

Design is anticipated to be completed by the end of 2022. Advertising of the construction contract is forecasted for the summer of 2022 with construction beginning in the fall of 2022 and completion in fiscal year 2024. Development Impact Fees from both Chula Vista and the City of San Diego benefit areas will provide the required matching funds.

KEY PERFORMANCE MEASURES

	FY 2020 Actual	FY 2021 Actual	FY 2022 Estimated	FY 2023 Projected
Pavement Condition Index	73	73	74	75
Deliver Projects within 5 Year CIP Cycle	100%	100%	100%	100%
Sewer pipe flows meeting design standards	100%	100%	100%	100%
Storm water flows meeting design standards	100%	100%	100%	100%
Arterial roadways meeting service levels	97.5%	97.5%	97.5%	97.5%
Number of traffic signals retimed (40 signals/year)	100%	100%	100%	100%
Number of traffic signals with upgraded communications or newly connected (50 signals/year)	100%	100%	100%	100%

SIGNIFICANT BUDGET ADJUSTMENTS & SERVICE IMPACTS

Revenues

- Increase to Transfer In from American Rescue Plan Reimbursements of \$789,251.

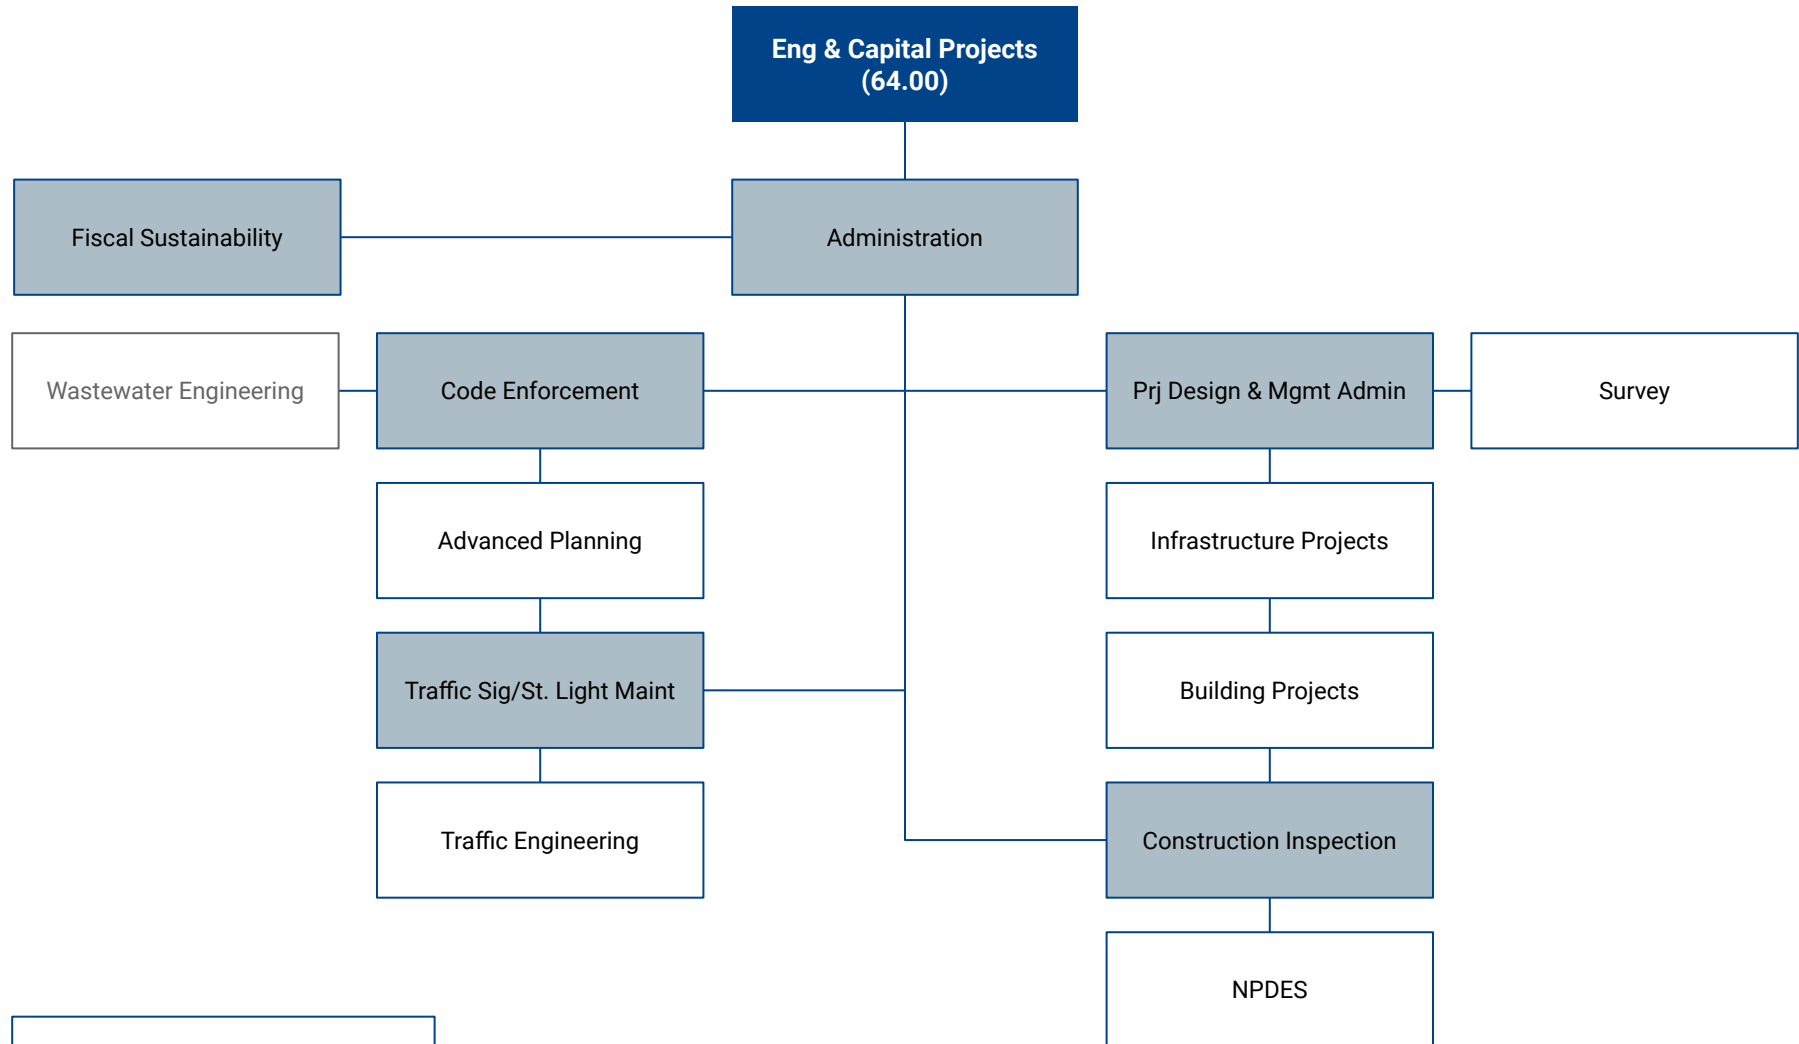

Expenditures

- Increase to Personnel Services of \$978,531 for mid-year addition of 4.0 Full-Time positions and scheduled salary and benefit changes.

PHONE (619) 691-5151

The Chula Vista Police Department's (CVPD) is a leader in the public safety profession and maintains a culture of community-based policing, innovative problem solving, community engagement, and accountability. The need to provide public safety services with fairness, compassion, equality and justice is not only a pillar of the Department's formal policies and practices, it is also deeply engrained into the history and culture of the Department. The department adheres to guidance provided by former President Obama's Task Force on 21st Century Policing, upholds the highest ideals for policing practices, and serves Chula Vista's residents according to the community's expectations and needs.

The Police Department's primary focus is community policing. Community policing focuses on crime and social disorder through the delivery of police services that includes aspects of traditional law enforcement, as well as prevention, problem solving, community engagement, and partnerships. The community policing philosophy balances reactive responses to calls for service with proactive problem solving centered on the root causes of crime and disorder. In addition to community policing, the Police Department focuses on traffic safety, criminal investigations, juvenile services, regional task forces, community partnerships, and many other services to support these operations.

The Chula Vista Police Department is led by a Command Staff, consisting of the Police Chief, four Police Captains and an Administrative Services Manager. The department is authorized for 281 sworn officers and 118 civilian employees. The Police Department maintains an extremely lean workforce, having the lowest per capita staffing in the region according to SANDAG studies. Although limited staffing can present certain service challenges, the Police Department stays on the cutting edge of efficiency through innovation and effectiveness. The department consists of five divisions: Executive Operations & Community Engagement, Patrol Operations, Investigations, Support Operations and Administrative Services.

Executive Operations & Community Engagement

Last fiscal year, the Police Department created a new Executive Operations & Community Engagement Division focused on connecting more actively with our community. The Community Engagement Division concentrates on increasing transparency and enhancing relationships with residents, visitors, business owners, students, community leaders and advocates, and the unsheltered. The new division is part of a major change in the department's organizational structure to provide dedicated resources, including an Executive Captain, to increase its engagement with the community. The unit will help the department to expand on its mission to provide community policing with the highest level of professionalism and transparency.

Although the division is new, the department has long been a leader in engagement, transparency, and innovative community policing. In recent years, a number of existing teams have worked on a variety of significant projects to engage with stakeholders in our community. This will be the first time these teams will be brought together and enhanced with new resources, operating under the direction of the Chief of Police and through the direct command of an Executive Captain.

The Executive Operations & Community Engagement Division includes:

- The Community Policing Unit, consisting of the Homeless Outreach Team, the Community Relations Team, the School Resource Officer Unit, the department's proactive Street Team and Gang Suppression Unit, and newly designated Community Liaison Officers;

- The Research, Crime and Intelligence Analysis Unit; and
- A new Public Information Unit, consisting of a Sergeant acting as full-time Public Information Officer (PIO) and a Public Information Specialist to focus on electronic and social media resources.

Patrol Operations

The Patrol Operations Division includes Community Patrol, K-9 Unit, and Traffic Operations. Community Patrol represents the largest section in Patrol Operations and is responsible for providing quality law enforcement to the residents, businesses and visitors 24 hours a day, 7 days a week. In 2021, the Patrol Division of the Chula Vista Police Department responded to 66,188 citizen-initiated calls for service, made 18,944 officer-initiated contacts, and effected 4,776 arrests.

Investigations

The Investigations Division is comprised of units whose officers, detectives, and civilians work predominantly plain-clothes assignments and conduct follow-up investigations to crimes. This Division consists of traditional general crimes units including Crimes of Violence, Family Protection, and Property Crimes. Crime Lab, Property & Evidence and Digital Evidence Unit are part of the Investigations Division. The Crime Lab provides forensic services such as documentation, evidence collection, crime scene reconstruction, processing and latent print examinations for the department. The Property & Evidence unit stores, disposes, auctions and maintains chain of custody of all the items brought into the department. The Division is also staffed with members in special operations who primarily work undercover assignments including intelligence, narcotics, and participating in regional task forces including fugitive, auto theft, and organized crime.

Support Operations

The Support Operations Division consists of Professional Standards, City Jail, Police Communications Center (Dispatch), Strategic Operations and Police Technology. The Professional Standards Unit (PSU) ensures the department supports, promotes, and adheres to the highest standards in training, ethics, and professionalism. The Police Department's Type I and Type 2 Jail is an 8850 square foot, state-of-the-art 48-bed facility. The Dispatch Center handles various levels of calls for police assistance, and dispatchers are trained to take emergency and routine telephone calls from community members and visitors and to communicate effectively with police officers in the field. The Strategic Operations unit includes the department's internationally-acclaimed Drone as First Responder (DFR) program.

Administrative Services

The Administrative Services Division is comprised of Fiscal Operations and Police Support Services (Records). The Fiscal Operations Unit manages the department's operational budget, monitors restricted funds, administers grants and handles payroll, purchasing and inventory for the department. Police Support Services provides support services to the public, Police Department staff and other law enforcement agencies through proper dissemination and maintenance of police documents and providing front counter assistance.

The Police Department operates out of a nationally recognized 148,000 square foot facility that supports upgraded police operations and enhanced services for the community. A regional law enforcement memorial is located at the Police Facility, providing a place to honor peace officers in San Diego County who lost their lives in the line of duty. The department operates a full-service jail facility, giving the department the ability to take its law enforcement capabilities and service to a new level for the community and region.

The Department prides itself in being a fiscally responsible organization. In order to minimize impacts to the General Fund, the department constantly seeks alternative funding opportunities to enhance resources. The fiscal year 2023 budget includes approximately \$7 million in grant funding. Since 1995, the Police Department has secured over \$140 million in grants, which has allowed the department to expand and meet the growing demands of the community, while maximizing alternative funding and remaining fiscally responsible.

MISSION STATEMENT

The Chula Vista Police Department, in partnership with the Community, is dedicated to providing community policing, with the highest level of professionalism and transparency. Chula Vista Police Department Employees will provide fair, courteous, and compassionate service to enhance the quality of life in Chula Vista.

VALUES STATEMENT

Leadership – Respect – Integrity – Accountability

STRATEGIC GOALS

Protecting and Serving the Community

- Address community concerns regarding general safety, crime, traffic safety, and satisfaction with CVPD
 - *As a result of a resident survey conducted by SANDAG in 2019, the survey's outcomes disclose that residents generally believe crime is the same, or has increased, from 2018. This is in spite of the fact that the City was, at the time of the survey, experiencing the lowest levels of crime in more than three decades.*

▾ STATUS:

The Police Department will deploy a multi-faceted approach to address issues reported by residents, and work to lessen the fear of crime and improve lines of communications in physical and online settings. The primary responsibility for managing this work will be a new Community Relations Officer position and a new Public Information Specialist position. The Police Department will address concerns regarding traffic safety by expanding the Traffic Unit to focus on traffic safety and provide enhanced education, prevention and enforcement efforts across the city.

Advancing Innovation and Efficiency

- Manage innovation in the Department to remain at the leading edge of change, and also to optimize the integration of new capabilities into existing organizational structures in the best possible ways
 - *Chula Vista has earned a reputation as a leader in public safety innovation. The Police Department has adopted an innovation initiative that strives for the safe and effective use of technology to improve community safety while balancing the protection of our community's rights and expectations.*

▾ STATUS:

Chula Vista is a national leader in the deployment of Unmanned Aerial Systems (UAS) with its Drone as First Responder (DFR) program, which provides remotely-operated drones to respond proactively to calls for service. The Real Time Operations Center at CVPD will collect and analyze data for field and investigative uses in real time to support police operations, which is physically located adjacent to field operations personnel to enhance the flow and exchange of information. The Department is evaluating a pilot program of hand-held smartphones that can be carried by officers away from the vehicle, which will replace mobile data computers in police vehicles. A pre-emptive traffic signal program is being researched to improve response times and enhance safety when officers respond to emergency calls.

Strengthening Resource Sustainability

- Participate more fully in the City's planning and growth to allow the Department to anticipate emerging challenges and develop strategies to ensure public safety

- Growth in Chula Vista is persistent, and the next five years will see unprecedented changes in the City population, and in the community’s complexity. Major components of this growth include the Bayfront resort hotel and convention center, university site, and maturation of Millenia project.

▾ STATUS:

The Police Department will ensure members of CVPD attend all relevant meetings of City Economic Development, including public hearings and discussions surrounding the need of police presence. Development projects will impact law enforcement efforts, and the police perspective should be considered during the planning stages.

Championing Community Engagement, Equity and Inclusion

- Continue to build trust between law enforcement and the community
 - In May 2020, national protests erupted over the police treatment of communities, especially those in urban areas. The protests have resulted in widespread calls to defund the police, radically restructure the ways the police treat their citizenry, especially as it relates to systemic bias in the criminal justice system, and to transition away from using the police to respond to mental health calls, community and social issues and other calls for service where trained professionals from other disciplines may be better suited to resolve issues.

▾ STATUS:

CVPD staff will engage in appropriate dialog, training and work with the community to strengthen current relationships, to build new ones, and to address any issues of bias, racism or adverse police conduct in a spirit of creating the most responsive and respectful police department possible. The newly-formed Community Engagement Division will lead these efforts.

KEY PERFORMANCE MEASURES

	FY 2020 Actual	FY 2021 Actual	FY 2022 Actual
Average Response Time for Priority 1 Calls	6:14	6:14	5:40
Average Response Time for Priority 2 Calls	14:47	13:24	12:42
	CY 2020 Actual	CY 2021 Actual	CY 2022 Actual
FBI Part I Overall Crime Rate	15.38	15.80	-

* FBI has not published 2022 crime rate data

SIGNIFICANT BUDGET ADJUSTMENTS & SERVICE IMPACTS

Revenues

- Increase to Transfers In from American Rescue Plan Reimbursements of \$3,835,679, and reduction of City Jail reimbursements of \$161,600.

Expenditures

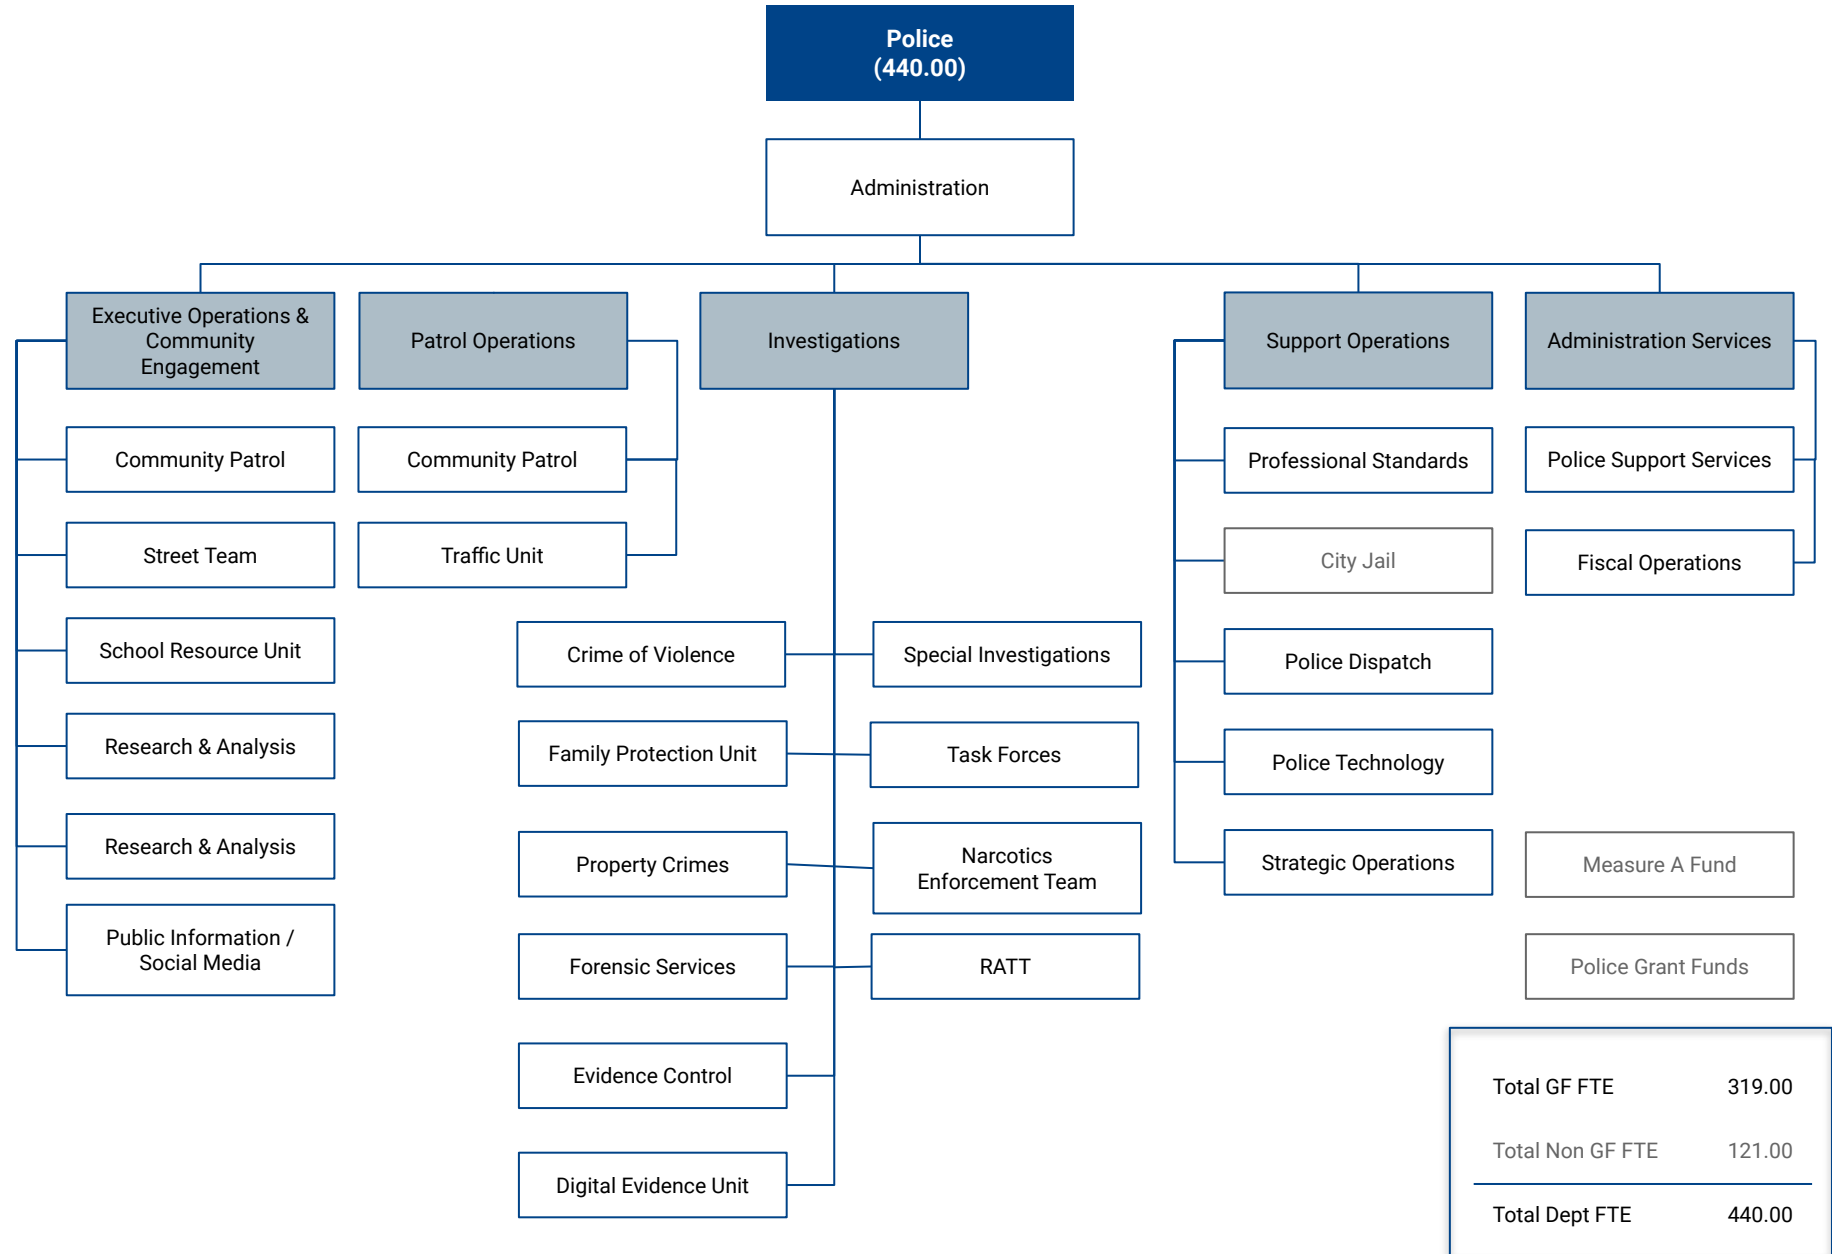

- Increase of \$1,390,933 to Personnel for scheduled salary and benefit changes and increases.
- Increase to Utilities of \$375,940 for scheduled increases.

Chula Vista Fire Department celebrated its Centennial on May 2, 2021. Please visit our website to learn of our history.

The Chula Vista Fire Department holds a rich tradition of service since its establishment on May 2, 1921. The Department has undergone major changes over the years including the implementation of breathing apparatus and other safety equipment, to the establishment of Emergency Medical Services, to land annexations requiring Department expansion. Under each circumstance, adaptability and innovation were a key component provided by Department members with the utmost of success each and every time.

Currently, the Chula Vista Fire Department's ten fire stations respond to nearly 29,000 calls for service annually, while serving a population of 276,000, and covering an area over 52 square miles. Across the City each and every day, on-duty personnel include: 51 firefighters, 10 EMTs and 10 Paramedics.

Station	Address	Units	Incidents	Responses
Station 1	447 F St	B51, E51, T51, M51	7,501	16,591
Station 2	80 East J St	E52, O420, M52	1,621	3,575
Station 3	341 Orange Ave	USAR53, M53	2,531	5,761

Station 6	605 Mount Miguel Rd	E56, M56, BR56	1,156	2,662
Station 7	1640 Santa Venita	B52, E57, T57, M57	1,768	4,157
Station 8	1180 Woods Dr	E58	1,312	3,105
Station 9	1410 Brandywine Ave	E59	2,386	5,135
Station 10	1715 Millenia	E60, M60	727	1,596

In April 2021 the Ambulance Transport Service (ATS) was launched with personnel responding to medical emergencies and providing on scene care, stabilization, and transport to the nearest appropriate medical facility. ATS has 10 Advanced Life Support (ALS) ambulances staffed each day with a Paramedic and Emergency Medical Technician (EMT). The ATS employees use specialized equipment and receive continuing education to ensure they are prepared to meet the emergency medical care needs of the community. Since its inception in April 2021 ATS personnel have responded to approximately 19,000 emergency incidents and transported 14,000 patients to local hospitals in a span of nine months.

In addition to providing emergency medical response and firefighting services to the citizens of the community, the Fire Department also operates training and fire prevention divisions. The Training Division provides training in firefighting and rescue skills to the Department as well as personnel from other parts of the region. These training services ensure that Fire Department personnel meet the necessary training requirements in order to deliver core capabilities to the community within the proper safety standards.

The Fire Prevention Division provides comprehensive new construction plan review, new construction inspection, and annual fire / life safety inspection services so that new development and existing businesses are compliant with the latest fire regulations ensuring the safety of the community. Fire Prevention also provides 24-hour coverage for origin and cause fire investigation services.

MISSION STATEMENT

Protect life, environment, and property

VISION STATEMENT

The vision statement answers *who we are* as an organization.

We are: "People who care about people."

VALUES STATEMENT

Service and protection, with pride, respect, teamwork and safety.

PURPOSE STATEMENT

The purpose statement answers why we are here as an organization.

We are here to: Put others first, make positive contacts, and build relationships.

STRATEGIC GOALS

Operational Excellence

Administration

■ Improvements to Fire Equipment and Facilities

- *Continue to work with other City staff to design and begin construction improvements at Fire Station 1*
- *Continue to replace additional fire apparatus and staff vehicles*
- *Addition of 2 type I ambulances for the provision of transport services*
- *Addition of a mobile emergency response vehicle for special events*

▾ STATUS:

- ▶ Fire station 1 remodel is in the final design phase with construction anticipated to begin in the fall of 2022
- ▶ Ordered two type I engines with an anticipated delivery in February 2024
- ▶ Ordered one tiller drawn aerial truck with an anticipated delivery in April 2024
- ▶ Ordered two type I ambulances with an anticipated delivery in spring of 2024

■ Improve budgetary and procurement processes and accountability

- *Implement a quality control process for fire department purchasing*
- *Build 10-year forecasts for the department down to the divisional level*
- *Build divisional based financial-operations and budgetary standards*

▾ STATUS:

- ▶ Implemented departmental purchasing policies and procedures

- Standardize Administrative Processes

- *Establish a job aid template for documenting the administrative process and develop a comprehensive list of job aids*
- *Develop desk manuals for each administrative support position*

- ▾ **STATUS:**

- ▶ Reviewed and reorganized support staff positions and compiled a comprehensive list of duties and various necessary coordination with other department divisions or other City Department
- ▶ Established desk manuals for the higher job duties for each support position

Strong and Secure Neighborhoods

Emergency Management

- Response to COVID-19

- *Maintain COVID-19 vaccination and testing program*
- *Coordinate with CalOES and FEMA to process public assistance reimbursement*

- ▾ **STATUS:**

- ▶ Maintained Level 3 for EOC activation for COVID-19 pandemic
- ▶ Established COVID-19 public testing site at City Hall
- ▶ Implemented internal testing/screening program for city employees.
- ▶ Established agreements with the County of SD for testing and treatment center at city owned facility
- ▶ Coordinated with the County of SD to provide homebound vaccinations throughout the South Bay
- ▶ Hosted mobile vaccination clinics at local schools, residential care facilities and businesses
- ▶ Partnered with SDSU to offer free COVID-19 rapid antigen testing at the Orange Library on a weekly basis

Wildfire Mitigation Program

- Wildfire Mitigation Program

- *Continue promotion and education of "Ready, Set, Go" program information via Fire Department webpage and community outreach forums*
- *Continue to evaluate Wildfire risk and identify mitigation options/solutions*
- *Expand Fire Safe Council activities*

- ▾ **STATUS:**

- ▶ Successfully applied for and received \$3M hazard mitigation grant program award for brush management/removal and 6 wildland urban interface areas

- Expand the Emergency Management Program

- *Update citywide Continuity of Operations Plan (COOP)*
- *Conduct Full scale EOC exercise in coordination with San Diego County Operational Area*
- *Update and maintain City EOC roster*
- *Train EOC staff on new EOC equipment and operations*
- *Educate City departments on roles and responsibilities outlined in the Emergency Operations Plan (EOP)*
- *Provide public education on disaster preparedness through community outreach forums*

- *Identify and apply for grant funding opportunities to support the emergency management program and disaster preparedness and/or mitigation activities*
- *Adopt an updated Emergency Operations Plan*
- *Adopt an updated Hazard Mitigation Plan*

▾ **STATUS:**

- ▶ Received grant award for high frequency radio communications equipment to enhance EOC communications capabilities
- ▶ Established special event program to provide first responder services at community events

Emergency Medical Services

- Enhance existing Advance Life Support (ALS) system
 - *Continue to provide emergency medical care to all who need it*
 - *Enhance existing Advance Life Support (ALS) system*
 - *Develop video and mobile training resources to allow more time available for calls for service*
 - *Develop a program of Tactical Emergency Medical Services (TEMS) to support the high-risk activities of the SWAT Team*
 - *Assess and develop medical resource deployment capabilities for large scale community events*
 - *Develop a technology plan and appropriate information systems to improve efficiency and meet the needs of the EMS Division*
 - *Assess and develop a recruitment/retention program for the Ambulance Transport Service*
 - *Identify and review current documents associated with procurement, rotation, and maintenance of apparatus and equipment*
 - *Identify and review current supply chain and warehousing methods to reduce inventory overage, wastage, and other logistical costs*

▾ **STATUS:**

- ▶ Continue to develop department resources capable of responding to acts of mass violence, in conjunction with Chula Vista Police Department (TEMS)
- ▶ Maintaining two squad units funded by Measure A, half cent sales tax, focused on improving service delivery to the city.
- ▶ Instituted fire department-based ambulance transportation, providing the residents of Chula Vista, Imperial Beach and Bonita with ambulance services

- Pool Safety Program

- *Maintain and enhance the Pool Safety Program through social media campaign and community outreach*

▾ **STATUS:**

- ▶ Providing ongoing program services
- ▶ Continuing partnership with Chula Vista Recreation Department in providing drowning prevention awareness
- ▶ Through County Board of Supervisors, received \$250,000 grant in conjunction with other partners to increase public awareness countywide

Fire Prevention

- Maintain and enhance high-quality Fire Safety Engineering (FSE), Fire Code Inspection (FCI), and Fire Investigation (FI) Programs
 - *Continue to meet Key Performance Measures across all FSE, FCI, and FI Programs*
 - *Continue to build CA State mandated R2 occupancy multi-family condominium FCI Program*
 - *Improve quantity and quality of regional Fire Prevention applicants, while benefiting from referral inspection deliverables, by re-instituting Fire Prevention Aides to learn basic Fire Prevention operations*
 - *Improve business and patron fire and life safety by re-instituting General Use Certificate (GUC) inspections within the FCI Program*
 - *Leverage Fire Prevention related technology to streamline plan review and inspection deliverables*
 - *Maintain FI Program's Ignitable Detection K9 Team capabilities*
 - *Continue to seek grant funding and revenue opportunities for hiring of additional firefighters*

▾ STATUS:

- ▶ Built and executed a new FCI Program to meet the requirements of Assembly Bill 38 (defensible space inspections for the sale of real property) in the Very High Fire Hazard Severity Zones
- ▶ Added commercial day care occupancies to the annual FCI Program
- ▶ Added routinely requested fire clearance inspections to the annual FCI Program
- ▶ Transitioned annual educational occupancy inspections from FSE to the FCI Program
- ▶ Continued working with the Finance Department and the Attorney's Office, to bring forward for City Council consideration, a revised ordinance to require non-fee Business Licenses for all tax-exempt businesses
- ▶ Reviewed and executed planning sessions to incorporate annual church assembly occupancy inspections in the FCI Program
- ▶ Implemented Accela Mobile Office (AMO) for FSE new construction and FCI referral inspections
- ▶ Completed initial training sessions on ePlanSoft for electronic plan reviews
- ▶ Reviewed several new Fire Inspection Records Management Systems (FIRMS) in preparation of replacing the current FIRMS that is planned to be discontinued
- ▶ Completed the grant application for and was awarded State Farm's Arson Dog Program Scholarship, which covered all the costs of the K9 and the associated four-week K9 Academy in New Hampshire

Operations

- Improved Fire Department Response Times and Operational Effectiveness
 - *Plan for facility, staffing and equipment at the future Village 8 West fire station*
 - *Plan for facility, staffing and equipment at the future Bayfront fire station*
 - *Deploy enhanced dispatch technology to decrease call processing delays to emergency units*
 - *Implementing a full policy review*
 - *Continue to seek grant funding and revenue opportunities for hiring of additional firefighters*

▾ STATUS:

- ▶ Submitted grant application for Staffing for Adequate Fire and Emergency Response (SAFER) Grant for cost associated with hiring and training to staff Village 8 West Station
- ▶ Completed 4-0 staffing of E59

Training

- Maintain a high-quality Chula Vista Fire Firefighter and EMS Training Program
 - *Maintain and improve partnership with local community colleges to continue training firefighters to a higher-level certification*
 - *Continue to utilize open enrollment opportunities for aspiring firefighter candidates*
 - *Improve recruitment efforts to create greater diversity and increase depth of new hire candidate pool to meet future Fire Service and Ambulance Transport System needs*
 - *Recruit and train a highly qualified Fire Service and Ambulance Transport System workforce*
 - *Maintain workforce development in modern fire behavior via FSRI curriculum and Live-Fire training*
 - *Continue to develop and support workforce development through promotional exam processes and position specific development*
 - *Continue to provide Regional State and National training opportunities in Fire and Rescue course offerings*
 - *Draft academy program document*
 - *Draft a revolving 3 year training plan*

▾ STATUS:

- ▶ Accredited Regional Training Program (ART) developed with Southwestern Community College for fire academy
- ▶ Conduct Fire Academy for 16 fire recruits
- ▶ Administered Physical Readiness educational/emotional preparation (PREP) for Academy 22-01
- ▶ Maintain “Join CVFD” recruitment campaign inclusive of all department positions and citywide demographics

Public Works Department

INFORMATION

WEBSITE www.chulavistaca.gov/departments/public-works

PHONE (619) 397-6000

EMAIL operations@chulavistaca.gov

The Public Works Department manages the City's infrastructure including, open space through high quality operations, maintenance repair and rehabilitation in order to optimize mobility, public and environmental health, and safety.

Located at the John Lippitt Public Works Center at 1800 Maxwell Road, just north of Auto Park Drive and east of Interstate 805, the Public Works Department consists of the following lines of business:

Building Management: Provides maintenance and custodial services to the Police facility, Fire stations, and Civic Center, Public Works Center, Libraries, and Recreational facilities and maintains public safety radio equipment and the City's audiovisual equipment.

Drainage Management: Provides cleaning and maintenance services to residents for flood prevention and improved water quality and to ensure the City is in compliance with environmental standards.

Fleet Management: Provides and maintains vehicles and equipment to City departments used to perform City services such as Police and Fire response calls, sewer system maintenance, street signage and striping, open space inspections and park maintenance.

Open Space Management: Provides various landscape management and inspection services to preserve natural and landscaped open space areas within neighborhoods and to enhance City parkways and medians.

Roadway Management: Provides maintenance services to the City's roadway system to ensure the benefits of safe, clean, and dependable public streets, sidewalks, curbs & gutters, traffic striping and signage, fences, and railings.

Urban Forestry Management: Provides for the ongoing maintenance needs of trees and the liability presented by aging and dying trees throughout the City.

Wastewater Management: Provides wastewater infrastructure maintenance services to residents, businesses, and other City departments to sustain a reliable and environmentally safe wastewater system. A new crew was formed in 2021 to address added service needs to new residents as a result of new development. The new crew is necessary to support infrastructure maintenance standards for over 511 miles of sewer pipes.

Project Management: During fiscal year 2022, City Council approved the addition of four positions to form a project management team. This group will focus on the delivery of various Measure P and American Rescue Plan Act (ARPA) capital improvement projects.

MISSION STATEMENT

The mission of the Public Works Department is to provide and manage the City's infrastructure, open space through high quality operations, maintenance, repair and rehabilitation of assets to optimize mobility, public and environmental health and safety.

STRATEGIC GOALS

Strong and Secure Neighborhoods

- Determine adequate funding for maintenance and replacement
 - *Initiate study to recommend systems and methods to implement Asset Management, leading to near and long-term financial planning.*

▾ STATUS:

- ▶ From the City’s nine Asset Management Systems, the Public Works Department has identified the “critical” infrastructure needs based on “risk” to prioritize replacement and repair of City’s deteriorating assets. An estimated \$175 million will be generated over the next 10 years by a half cent sales tax passed by the electorate in November of 2016 (Measure P). The City secured bonds totaling over \$70 million to advance these repairs and replacements over the next several years. The Public Works Department delivered several key Measure P projects in fiscal year 2021 and will continue to focus on replacing failed assets.

- Complete the asset inventory and condition assessment
 - *Public Works Management developed an Asset Management Program (AMP) strategy in July 2010. Implementation is ongoing.*

▾ STATUS:

- ▶ The City has an Asset Management Program (AMP) which consists of nine Asset Management Systems including Wastewater, Roadway, Drainage, Building, Parks, Open Space, Urban Forestry, Fleet, and General Government. The City continues to make efforts to maintain an accurate asset inventory via GIS (Geographical Information System) mapping locations, and condition assessment of the various elements within each System, along with development of risk assessment and potential failure modes to execute preservation and rehabilitation strategies for each asset type.

KEY PERFORMANCE MEASURES

	FY 2021 Actual	FY 2022 Estimated	FY 2023 Projected
Storm Drain Structure Inspections	3,969	2,716	4,061

The Parks and Recreation Division offers a variety of recreational opportunities and services to the community. The Division's vision is a community that achieves learning, self-discovery, balance, and essential life skills through recreation. Community involvement is an important component of this process as the Division values assessment information and evaluative input from the community on new and existing programs and services. Community volunteers are an important and valuable resource to the City and the Parks and Recreation Division's offerings and with their support, additional offerings of activities are available to the community.

A multitude of programs and classes are currently offered to the community, both in-person and virtually, which include the following:

- Adult and youth aquatics and sports
- Programs for senior citizens
- Camps for children during school intersessions
- Public rental of recreation facilities
- Fee based classes such as dance, performing arts, martial arts, physical fitness, preschool, and courses that promote physical fitness enrichment, and creativity
- Free after school programs during critical hours for children and youth focusing on fitness, fun, and a healthy lifestyle
- Coordinates the use of outdoor fields for local nonprofit youth-serving sports organizations
- The Parks and Recreation Division operates 11 recreational facilities throughout the City, which includes two outdoor swimming complexes. The Division also provides maintenance of parks, sports courts and fields used by the public, sports leagues, schools, and for Recreation programs. The Park Rangers oversee the City's 74 parks to secure a safe environment throughout the park system and participate in the Homeless Outreach Team (HOT).

MISSION STATEMENT

The mission of the Parks & Recreation Division is to educate and engage our community through quality parks, facilities and recreational opportunities and services.

VALUES STATEMENT

Integrity – Respect – Professionalism – Accountability – Commitment – Teamwork – Fun

STRATEGIC GOALS

Economic Vitality

- Enhance the quality, experience, and accessibility of parks and recreation opportunities and facilities for the citizens of Chula Vista.

▾ STATUS:

- ▶ Continued services for senior citizens and therapeutic recreation programs, funded by a Community Development Block Grant (CDBG).
- ▶ Partnered with the Friends of Chula Vista Parks and Recreation Foundation to continue a scholarship program for low-income families to participate in core recreation programs and services in the amount of \$4,000.
- ▶ Continued Senior Roundtable, a virtual discussion led by Recreation Supervisor, Aaron Ruiz, with local community leaders in various sectors providing services to seniors.
- ▶ Held the 13th annual Snores & Smores family campout.
- ▶ Re-established the *Movies in the Park* program throughout the City.
- ▶ Created a Teen Advisory Council to better serve Teens in the City.
- ▶ Secured a grant in the amount of \$450,000 from CCDC for improvements at Norman Park Senior Center.
- ▶ Rebuilt the Department website to better suit the public's needs.
- ▶ Created Parks & Recreation radio station to play throughout City Community Centers.

Connected Community & Healthy Community

- Provide safe and inclusive parks and recreational programs, services, and facilities.

▾ STATUS:

- ▶ Through partnerships with local nonprofit youth sports organizations, continued the field allocation process to provide more equity in accessing Chula Vista sports fields.
- ▶ Established agreements with 2 local HOAs to conduct swimming lessons at their pools.
- ▶ Added automated lights at Eucalyptus Park Pony field and the outdoor fitness area at Norman Park.
- ▶ Partnered with the Chula Vista Elementary School district to provide sports leagues for the faculty.
- ▶ Started renovations at Loma Verde Community Center and Pool.
- ▶ Continued Chula Vista's Elementary Learn to Swim Program, fourth graders are provided swim lessons, water safety, sun safety, which continues to be funded through a grant provided by Kaiser Foundation.
- ▶ Re-established Mobile Rec program to provide Rec Services at various parks during critical hours.
- ▶ Partnered with the AYA Foundation to hold the first ever High School Skateboarding Competition at Len Moore Skate Park.

- Maintain a balanced and sustainable parks and recreation system.

▾ STATUS:

- ▶ Parks Maintenance maintained over 544 acres of developed parkland.
- ▶ Utilizing grant funding from CDBG, redeveloped the playground at Lancerlot Park to be more inclusive.
- ▶ Installed a beginner/intermediate street course at the Len Moore Skate Park to increase participation.
- ▶ Working through the Library's *Create Chula Vista* grant program, partnered with artist Persue to have a mural painted at the Len Moore Skate Park.
- ▶ Partnering with the Chingones Disc Golf Club and the Friends of Chula Vista Parks and Recreation, installed the first disc golf course in South Bay located at Greg Rogers Park.
- ▶ Awarded a grant from the State of California in the amount of \$7.1 million to renovate Eucalyptus Park.
- ▶ Partnered with the Rock Church and Vulcan Materials to renovate Lancerlot Park and create rock gardens.
- ▶ Celebrated the openings of Escaya Park and Millenia Park.

KEY PERFORMANCE MEASURES

Library

INFORMATION

WEBSITE www.chulavistalibrary.com

PHONE (619) 691-5170

EMAIL libraryinfo@chulavistaca.gov

The mission of the Chula Vista Public Library is to increase knowledge and enrich lives within the community. This is accomplished by connecting people equitably to responsive programs, services and resources that reflect the ideals of a democratic society. The Department's vision is that the Chula Vista Public Library be the community's family room, a welcoming and inviting place to learn, connect, explore, experience and reflect.

The Chula Vista Public Library is comprised of three dynamic state-of-the-art libraries delivering books, magazines, newspapers, information services, DVD's, CD's, free public access computers, free Wi-Fi, passport application services, and community programming to the City's residents nearly every day of the year. The South Chula Vista Branch Library and the Civic Center Branch Library offer full library service in English and Spanish. The Otay Ranch storefront branch, located in the Otay Ranch Town Center Mall is an exciting community-based partnership providing a location especially suited for young families and students. From the library's interactive and user-friendly homepage, residents can request or renew books, pay fines, browse digitized photos from Chula Vista's past, use premium subscription databases and research materials, learn a language, practice civil service and academic tests, download e-books, music, and digital audiobooks, check out the calendar of library events, and register for programs via remote access 24 hours a day, from home, work or school.

The Chula Vista Public Library offers numerous programs, activities and events to the community's children, teens and adults. These include summer reading programs for all ages, after school activities, homework help, free film festivals, art exhibits, and concerts. The library provides a variety of public spaces available for use by community groups, as well as bridging the digital divide by providing laptops and wi-fi hotspots for home use. As part of the library's thriving volunteer program, residents may read to children and help with early literacy and youth activities, tutor students, staff the Adult Literacy and ESL center, help in the library's bookstores, work on library projects, and assist with special events.

In March 2020, all three Chula Vista Public Library branches closed due to the pandemic. Library staff continued to provide service to the Chula Vista community which allowed the Chula Vista Public Library to thrive as the community's expert information professionals by seeking relevant and innovative ways to serve our community. In May 2021, the Civic Center Library and Otay Ranch Library branches fully opened for service, with the South Branch Library following in June 2021.

MISSION STATEMENT

The mission of the Chula Vista Public Library is to increase knowledge and enrich lives within the community. We accomplish this by connecting people equitably to responsive programs, services and resources in a manner that reflect the ideals of a democratic society.

STRATEGIC GOALS

Connected Community

- Explore New Library facility
 - *Identify opportunities to open a community services hub on east side of the City. Continue planning process for library at Millenia site.*

▾ STATUS:

- ▶ Planning for a full-service Millenia Library Branch to expand services on the east side of the City continues. Meanwhile, the library continues to focus its efforts on the Otay Ranch Branch in Eastern Chula Vista. The Otay Ranch Branch, located in the Otay Ranch Town Center Mall, has renewed its lease for the third time extending the branch location until 2023. Closed during the onset of the pandemic in March 2020, the Otay Ranch branch library reopened with full services in June 2021. The library continues to research options for additional services to the east side community, such as seeking new leasing opportunities and providing services in new formats.

- Implement new library services strategy
 - *Expand library hours. Expand early literary services. Open new library branch on the east side of City. Create high interests events designs to spark positive media attention.*

▾ STATUS:

- ▶ Since June 2021, the library has resumed full-service hours at all three facilities, opening 7 days a week for the community. The library has slowly began to reinstate in-person programming, as staffing permitted. The library continued to support its community in many ways: distributing COVID-19 test kits during the height of second surge in the pandemic; seeking grants to expand library services which included the additional Chromebooks and WIFI hotspots to our community; providing ZIP books (a service that allows books to be sent directly to the patron at home); and in securing the Play & Stay grant which provides programming directly to children and their caregivers—all while still being the place for the community to meet and access information through the library's computer labs and WIFI connection.
- ▶ The library continues to host events when possible. In the past year, the library has hosted several events on the Friendship Park Deck to maximize health and safety in hosting an event in an outdoor setting. The library is currently in the process of preparing the programming of a new facility at 50 North Fourth Avenue, known as Casa Casillas, which will feature a community gallery and art incubator space.
- ▶ The expansion of library hours is currently on hold as the library continues its recruitment of vacant staff positions.

- Cultivate and promote cultural and educational partnerships with the community, Cultural Arts Commission and institutions
 - *Create and use effective partnerships to leverage the Library's reach into the community.*

▾ STATUS:

- ▶ The library continues to build connections within the Chula Vista community. The library continued to partner with Chula Vista Elementary School District to provide STEAM classes from the Innovation Station and Energy Station, both in person and virtually. Since the pandemic, classes in person resumed in July

2021 with stringent safety precautions. As the shift began towards in-person programming and services, the library worked diligently to open the branches. Since opening, the library has continued its partnerships with the San Diego Law Library to provide assistance hours to our community, the AARP Tax Assistance has returned after a two year hiatus due to the pandemic to once again offer free tax assistance to low income community members. The library has also worked with the Office of Sustainability to offer Induction Cooktop checkout in conjunction with the San Diego Green Building Council and continues to offer veterans services through our Vets Connect program in partnership with the Veterans Administration. The library works directly with San Diego County Registrar of Voters to continue to provide mail ballot drop off for the community. The library also partners with several arts program such as the Old Globe Theater to provide free shows to the community, the Mingei Museum to provide free art classes, and the San Diego Museum Council to provide free passes to the community during the Museum Month. The library worked with the Cultural Arts Commission to develop the Create Chula Vista Arts Grant, using the American Rescue Plan Act of 2021 funding. This grant allows the city to fund much needed arts monies to support local performing and visual arts that provide enriching and accessible cultural opportunities for the City's residents and visitors.

- Provide successful library programming, services, and facilities
 - *Evaluate current programs, facilities, and services. Identify optimum candidates for affordable, effective improvement and expansion.*

▾ STATUS:

- ▶ Although the library was closed to the public during the height of the pandemic, the library continued to provide quality library programming by pivoting towards an online presence through virtual programming, including: story times, crafts, S.T.E.A.M. workshops, and job assistance programs that meet the needs of children, adults, and teens in our community. In the past year, the library has hosted over 191 virtual programs for all ages that has had over 51,055 views on our social media and web platforms. One of our highlights this past year was our Virtual Santa event. The Virtual Santa event allowed our community to book a virtual meeting with Santa and his elf. This program provided an opportunity to 97 children and included special needs families and a special visit from Santa to participate in the program.
- ▶ The library was awarded the 2021 California Center for the Books Book to Action grant. This is the second year the library has been awarded this grant. The Book to Action grant is a framework that takes the basic book club concept and expands it to create a dynamic series of events for adults and intergenerational groups. Librarians work closely with a community partner to develop a series of programs. Community members read and discuss an engaging book on a current topic, attend author or speaker events, and put their new-found knowledge into action by participating in a community service project or civic engagement activity related to the book. For Book to Action 2021, Chula Vista Public Library has selected *Stamped from the Beginning: The Definitive History of Racist Ideas in America* by Ibram X Kendi and *Stamped: Racism, Antiracism, and You: A Remix of the National Book Award-winning Stamped from the Beginning* by Ibram X. Kendi and Jason Reynolds under the theme of Equity.
- ▶ The library was also successful in receiving a California State Library Grant to support virtual programming. Grant monies will support equipment and software needed to continue to provide continued virtual library programming.
- ▶ Friendship Park Viewing Deck has been completed. This 5,000 square foot amenity boasts views of Friendship Park and provides the library the ability to host outdoor events that further connect the park and the library for our community.
- ▶ In partnership with the California State Library, the library offered Little Explorers Discover Art classes to the community and even hosted its first in-person Summer Reading Program, *Off the Beaten Path*, which features library performances, crafts, and story times. This summer the library has partnered with Chula

Vista Elementary School District and the California State Library to once again provide Lunch at the Library, which offers free lunch and snack to children ages 0-18.

- ▶ **Elimination of Library Fines:** The most impactful service of the year is the elimination of library book fines in September 2021. For the past 10 years, revenues from library book and CD fines have consistently declined, with the administrative costs exceeding related revenues. Due to this decline and nationwide trends, the Chula Vista Public Library eliminated library book (Children and Adult) and CD fines.
- ▶ **Revenue Generation:** Due to the impacts of COVID-19 on operations, revenues recovered by the Chula Vista Public Library have been sustained through its popular passport services. These services continue to be one of the most successful services the library offers, serving over 18,000 people throughout the year.

KEY PERFORMANCE MEASURES

	FY 2020 Actual	FY 2021 Actual	FY 2022 Estimated	FY 2023 Projected
Internet sessions per capita	-	0.16	0.22	0.40
Program attendance per capita	0.14	0.20	0.33	0.30

**DEVELOPMENT SERVICES
FUND**

Development Services Fund

The Development Services fund accounts for revenues and expenditures related to the processing of development plans and permits. The fund provides Planning, Building, Engineering, Landscape Architecture, and permitting services to property owners, developers, and the City as required for the entitlement and/or improvement of property. The services provided encompass most development activities, including land use entitlements; public infrastructure, open space, and landscape planning; public infrastructure construction, grading and building permits.

Historically, the staff involved in the processing of development plans and permits were reflected in the City’s General Fund. Beginning in fiscal year 2009, all the staff involved in the processing of development plans and permits were budgeted directly in the Development Services Fund. Consolidating all development service cost centers in a single fund clearly delineates development related costs and revenues from General Fund supported services; thereby making the nexus between development related activities, costs, fees, and revenues more transparent. This also allows operating expenses to be adjusted to coincide with changes in demand for development services. This adjustment of operating expenses aids in avoiding impacts to the General Fund when revenue fluctuations occur as a result of changes in development activity.

Beginning in fiscal year 2012, the Development Services fund began to be accounted for as an enterprise fund.

Revenues

Development related revenues consist of two categories: development processing fee revenues and deposit-based revenues. Development processing fee revenues include building permits, planning fees, other building department fees, and engineering fees. Deposit-based revenues are generated through staff time reimbursements related to specific projects. The City is anticipating that the following major projects will continue to move forward in fiscal year 2023:

- Bayfront Redevelopment Project
- Millenia Project
- Freeway Commercial North
- Otay Ranch Villages
- University Land Entitlement Projects

The following table compares the fiscal year 2022 Adopted Budget revenues to the fiscal year 2023 Adopted Budget revenues.

Development Services Fund Revenues

Category	FY 2022 Adopted	FY 2023 Adopted	Change	% Change
Licenses and Permits	\$ 3,829,495	\$ 3,829,495	\$ -	-%
Charges for Services	\$ 5,906,779	\$ 5,906,779	\$ -	-%
Other Revenue	\$ 737,985	\$ 737,985	\$ -	-%
Transfers In	\$ 537,991	\$ 1,582,991	\$ 1,045,000	194.2%
Taxes	\$ 14,000	\$ 14,000	\$ -	-%
Total Revenues	\$ 11,026,250	\$ 12,071,250	\$ 1,045,000	9.5%

Expenditures

The fiscal year 2023 Adopted Budget includes funding for 64.0 positions in the Development Services Fund.

A summary of changes between the fiscal year 2022 Adopted Budget to the fiscal year 2023 Adopted Budget by category are listed as follows:

- Personnel Services – This category reflects a net increase of \$.8 million, driven by the net addition of 2.0 FTE, salary increases under current labor agreements, and increased pension costs.
- Transfers Out – This category reflects a net decrease of \$.4 million, largely due to a decrease in debt service payments for the 2022 Pension Obligation Bonds.

The following table compares the fiscal year 2022 Adopted Budget expenditures to the fiscal year 2023 Adopted Budget expenditures.

Development Services Fund Expenditures

Category	FY 2022 Adopted	FY 2023 Adopted	Change	% Change

SUCCESSOR AGENCY AND HOUSING FUNDS

Successor Agency Funds

Housing Authority Funds

**SUCCESSOR
AGENCY FUNDS**

Successor Agency Funds

On December 29, 2011, the California Supreme Court upheld Assembly Bill (AB) 26 dissolving California redevelopment agencies. Effective February 1, 2012, all redevelopment agencies were dissolved, and the City of Chula Vista assumed the role of Successor Agency (City Council resolution 2011-164).

The Successor Agency is responsible for the wind down of the former Redevelopment Agency activities and obligations. The act of winding down the former Redevelopment Agency is significant. The Successor Agency will continue to oversee and implement all legally obligated contracted work, projects and programs as well as dispose of the former Redevelopment Agency assets. Approximately 68% of the remaining Redevelopment Agency-owned land (24 acres of 35.24 acres) is contaminated and there is not a funding mechanism to clean up these properties. These properties will eventually become orphan sites after expiration of the Redevelopment project areas. Significant administrative obligations will continue to exist in the preparation of budgets and documentation to be submitted to and reviewed by the Successor Agency, County of San Diego Oversight Board, and the State Department of Finance.

As required by AB x1 26, an Oversight Board, composed of affected taxing entities within the City, was created. The primary responsibility of the Oversight Board is reviewing and approving the Recognized Obligation Payment Schedule and serving in a fiduciary role to the taxing entities that the Oversight Board represents. The Oversight Board transitioned to one central County Oversight Board in fiscal year 2019.

The Chula Vista Redevelopment Agency was created on October 24, 1972 by City Council Ordinance. The goals of the former Redevelopment Agency were to reduce blight and to encourage new development, reconstruction, and rehabilitation of residential, commercial, industrial, and retail uses. Since the Agency's creation, the City adopted and amended six project areas to encompass a total of approximately 3,563 acres of City territory. Land uses within these areas are mostly commercial and industrial, but also includes some residential and public uses (e.g., governmental administrative centers, corporation yards, streets, etc.).

Fund Descriptions

The Successor Agency budget is organized into a Redevelopment Obligation Retirement Fund (RORF) and debt service funds. The RORF accounts for the staffing and other expenditures required in winding down activities of the former Redevelopment Agency. The Debt Service funds are used to pay for the former Redevelopment Agency's debt service on its outstanding Tax Allocation Bonds, loans and other debt of the former Redevelopment Agency.

Operating Funds

- Fund 318: Redevelopment Obligation Retirement Fund (RORF)

The RORF serves as the primary operating funds in the winding down of the former Redevelopment Agency. This fund is used to pay the documented enforceable obligations of the former redevelopment agency that have been approved by the Successor Agency Oversight Board and the State Department of Finance.

Debt Service Funds

The Debt Service funds are used to pay for former Redevelopment Agency debt service on its outstanding Tax Allocation Bonds, loans and other debt of the former Redevelopment Agency.

- Fund 666: 2016 Tax Allocation Refunding Bonds (TARBs)

In July 2016, the Successor Agency issued the Tax Allocation Refunding Bonds in the amount of \$29,315,000 to refinance the Agency's outstanding 2006 Senior Tax Allocation Refunding Bonds, Series A, 2006 Subordinate Tax Allocation Refunding Bonds, Series B, and the 2008 Tax Allocation Refunding Bonds. The Annual Debt Service is paid from property tax increments generated in the project areas. The term of the bonds runs through 2036.

- Fund 692: Long Term Advances Debt Service Fund – Redevelopment Agency

This fund was established to account for Redevelopment Agency inter-fund loans. The current amount under litigation with the State including interest is \$7,953,793.

Revenues

A summary of revenues by category are listed below:

- Property Taxes – The revenues in this category are received due to the dissolution of the Redevelopment Agency. Property tax increment revenues are now received by the County of San Diego and will be distributed to the Successor Agency based on documented enforceable obligations that have been approved by both the Successor Agency Oversight Board and the State Department of Finance.

The table below provides a revenue comparison of the fiscal year 2022 Adopted Budget to the fiscal year 2023 Adopted Budget. The table does not reflect the revenue budget of the debt service funds which are reflected in the debt service section of the budget document.

Redevelopment/Successor Agency Operating Fund Revenues

Category	Fund 318 FY 2022 Adopted	Fund 318 FY 2023 Adopted	Change	% Change
Property Taxes	\$ 4,967,150	\$ 4,967,150	\$ -	-%
Total Revenues	\$ 4,967,150	\$ 4,967,150	\$ -	-%

Expenditures

Expenditures for fiscal year 2023 are winding down for the former Redevelopment Agency activities and documented enforceable obligations.

- Transfers Out – The transfers out expenditure category accounts for the required debt service for the Successor Agency. Bonded debt service for the 2016 TARBS is approximately \$2.8 million. The Transfers Out category has increased slightly due to the scheduled decrease of the debt service payments related to the 2016 Tax Allocation Refunding Bonds.

The table below provides a comparison of the 2022 Adopted Budget expenditures to the fiscal year 2023 Adopted Budget expenditures.

HOUSING AUTHORITY FUNDS

Housing Authority Funds

The Housing Authority was formed in 1993. A Housing Authority can provide tax-exempt bond financing, own and operate housing, and operate various housing programs. The Section 8 Housing Choice Voucher program, including public housing in Chula Vista, is operated by the County of San Diego Housing Authority. With the elimination of the City's Redevelopment Agency in 2012, the Housing Authority assumed the housing functions of the former Redevelopment Agency, becoming a "Successor Housing Agency". Housing Authority staff provides comprehensive housing services for the City including new affordable housing development and program administration.

The Chula Vista Housing Authority fund is the clearinghouse for all housing related staff activity. Included in this fund are personnel expenses which are reimbursed by various funding sources such as the US Department of Housing and Urban Development Grant Funds and Low/Moderate Income Housing Funds. The Housing Fund will receive funds for staff time reimbursements for managing the City's Affordable Housing projects and programs, administering State and Federal Grant Programs, and for monitoring bond covenants for multifamily housing revenue bonds issued by the City's Housing Authority. The Housing Authority focuses on the development of sustainable neighborhoods through investments in and administration of programs that seek to improve, preserve, and increase the supply of affordable housing in Chula Vista and serve low income residents such as:

- Long-range planning of housing goals and annual monitoring of Housing Element goals
- Predevelopment financing
- Financing and assistance in the production of affordable rental housing through new construction and acquisition/rehabilitation
- Rehabilitation grants and loans for small owner-occupied and rental properties
- Providing rental assistance
- Expanding home ownership opportunities for first-time homebuyers
- Assistance to homeless shelter/service providers
- Overseeing contracts with social service agencies for the provision of services to low/moderate income residents
- Developing and implementing policies and programs related to affordable housing

Fund Descriptions

Operating Funds

- Fund 313: Chula Vista Housing Authority

The Chula Vista Housing Authority Fund accounts for all housing related activities funded through the Low/Moderate Income Housing Fund and those eligible for reimbursement such as the U.S. Department of Housing and Urban Development Block Grant Funds.

- Fund 319: Successor Agency Housing Fund

The City's Housing Authority became the Successor Housing Agency. This fund accounts for all assets originally held by the Low and Moderate Income Housing fund and will account for activities similar to the Low and Moderate Income Housing program. The fund revenues are not discretionary and must be used for the production of affordable housing.

Revenues

Below is a summary of fiscal year 2023 changes by category:

The table provides a comparison of the fiscal year 2022 Adopted Budget to the fiscal year 2023 Adopted Budget revenues. The table does not reflect the revenue budget of the debt service funds which are reflected in the debt service section of the budget document.

Housing Authority Operating Fund Revenues

SEWER FUNDS

Sewer Funds

The Sewer enterprise funds account for revenues and expenditures related to the City's Sewer programs, including maintenance and expansion of the City's conveyance system and payment of San Diego Metro wastewater treatment costs.

The City of Chula Vista provides wastewater conveyance and treatment services to approximately 50,000 billing accounts, including residential and non-residential uses. The wastewater generated by Chula Vista customers is collected and sent to treatment facilities in the South Bay and Point Loma through the City's extensive sewer collection system, which consists of 13 pump stations and over 500 miles of sewer pipe. The San Diego Metropolitan Wastewater System (San Diego Metro) provides wastewater treatment services to the City of Chula Vista and most of the region per an agreement. The wastewater permit for the Point Loma Treatment Plant Advanced Primary requires a waiver which is renewed regularly. The last approved waiver application, submitted in 2015 to the Regional Water Quality Control Board (RWQCB) and the Environmental Protection Agency (EPA) who approved it in April 2018 with special conditions. This included the requirement to implement the Pure Water Program.

The 2005 Chula Vista Wastewater Master Plan (WWMP), which was updated in 2014, identifies a conservative planning level sewer generation rate of 230 gallons per equivalent dwelling units (EDU). The WWMP estimates the City's ultimate sewer treatment capacity required for the currently planned build out condition will be 29.89 million gallons per day (MGD). However, the treatment capacity requirement could be as low as 18.4 MGD. The reduction in flow can be attributed, in part, to lowered use due to the increase in the cost of water, a switch to consumption-based rates in 2004, combined with on-going water conservation efforts. The City's buildout sewer capacity needs are projected to be between the WWMP and the current metered flow estimate. The Wastewater Engineering Section will continue to track water usage trends, changes in land use and population projections to validate current generation rates and project the ultimate need for the City. An update to the WWMP is planned for fiscal year 2023 which will include an evaluation of the projected build out sewer needs.

The following figure illustrates the City's current trunk sewer network, which conveys flows to the San Diego Metro trunk sewer (shown in red). Some of the City's sewer lines are used by the County of San Diego (County) and some of the County's sewer pipelines are used by the City and coordinated through transportation agreements. The City has an existing transportation agreement with the County to use the Spring Valley Trunk sewer (shown in green).

City's Current Trunk Sewer Network

Revenues

The Sewer Fund derives the majority of its revenue from various service charges that are collected from system users. This fund also derives revenues from other sources such as permit fees for new connections to the sewer system, interest earnings from investments, development impact fees, transfers from other funds designated to support Sewer fund operations. Other revenues include revenue reimbursements from other city funds and various service charges. With the approval of the sewer service charge increase approved at the April 26, 2022 public hearing, the revenues are expected to increase by about 4.5% in FY 2023 compared to FY 2022.

Sewer Service Revenue Fund (Fund 414) and the Sewerage Facilities Replacement Fund (Fund 428) are summarized in the following table:

Sewer Fund Revenues

Category	FY 2022 Adopted	FY 2023 Adopted	Change	% Change
Licenses and Permits	\$ 40,000	\$ 40,000	\$ -	0.00%
Use of Money & Property	\$ 657,726	\$ 657,726	\$ -	0.00%
Charges for Services	\$ 40,770,000	\$ 41,770,000	\$ 1,000,000	0.02%
Other Revenue	\$ 5,000	\$ 5,000	\$ -	0.00%
Transfers In	\$ 150,000	\$ 198,000	\$ 48,000	0.32%
Total Revenues	\$ 41,622,726	\$ 42,670,726	\$ 1,048,000	0.03%

Note: Revenue amounts include Sewer Operating Funds: 411, 413, 414, and 428. Note that Fund 430 is not included.

Expenditures

Sewer Fund operations and capital project programming contain no General Fund contributions. Sewer fund operations and capital programming costs are offset by fees paid by residential and non-residential users. In addition, other revenue sources generated within the Sewer Fund through normal operations fund 42.0 permanent positions that are contained in the fiscal year 2023 Adopted Budget.

The City continues to focus on its Annual Sewer Rehabilitation Program, which ranges annually from \$1,200,000 to \$2,000,000 for the replacement and rehabilitation of sewer pipes, manholes, lift stations, access roads, and other sewer system components. The City utilizes standardized evaluation and ranking criteria to inspect and evaluate the condition of the entire system to prioritize sewer infrastructure for replacement or rehabilitation.

To ensure the future adequacy of the Sewer Funds, the City Council has adopted the sewer rate case study that set the new sewer rates, which went into effect April 26, 2022 upon adoption and remains in effect through FY 2026. Previously, the rates had not changed since July 1, 2018 and with the adoption of the new rates, increases are to begin on July 1, 2022. One issue of continued importance is the sewage treatment costs through the City of San Diego. The recent permit required for treatment was renewed on the condition of implementation of a regional wastewater reuse program, Pure Water Program, which includes significant capital investments.

City staff expenditures incurred supporting wastewater system maintenance and operations are funded by the Sewer Funds through a combination of direct expenditures and inter-fund transfers. Positions 100% funded by Sewer Funds are budgeted directly in the Sewer Funds. The remaining support staff is budgeted in either the General or Development Services Funds. These position costs are partially offset via inter-fund transfers. All supplies, services and utilities budgets associated with supporting the wastewater system are also budgeted in the Sewer Service Fund in fiscal year 2023.

Capital Improvement Projects

The second highest commitment of CIP funding is for the Wastewater Management System (WMS). The appropriation for Wastewater projects is \$480,000 which represents 0.91% of the adopted CIP budget. The capital projects are done through the use of enterprise funds coming from the Sewerage Facilities Replacement Fund.

Sewer Projects

- Projects to repair, renew and/or replace sewer pipe and manholes within the collection system is programmed at a cost of \$480,000.
- Sewer funded projects identified as part of the Building Management System include projects to relocate the pump station at the Police Facility (\$210,000) and upgrade the pump station at City Hall (\$92,000).

Sewer Fund expenditures are summarized in the table below:

Sewer Fund Expenditures

Category	FY 2022 Adopted	FY 2023 Adopted	Change	% Change
Personnel Services	\$ 4,298,727	\$ 4,750,888	\$ 452,161	10.5%
Supplies and Services	\$ 28,636,854	\$ 28,655,590	\$ 18,736	0.1%
Other Expenses	\$ 225,000	\$ 225,000	\$ -	-%
Other Capital	\$ 1,393,473	\$ 1,393,473	\$ -	-%
Utilities	\$ 331	\$ 155	\$ (176)	(53.2%)
Internal Service Charges	\$ 320,075	\$ 378,369	\$ 58,294	18.2%
Transfers Out	\$ 4,513,235	\$ 4,092,987	\$ (420,248)	(9.3%)
CIP Project Expenditures	\$ 2,754,000	\$ 782,000	\$ (1,972,000)	(71.6%)
Non-CIP Project Expenditures	\$ 64,600	\$ 64,600	\$ -	-%
Total Expenditures	\$ 42,206,295	\$ 40,343,062	\$ (1,863,233)	(4.4%)

Note: Expenditure amounts include Sewer Operating Funds: 411, 413 414, and 428. Note that Fund 430 is not included.

Fund Descriptions

- Fund 411: Sewer Income Fund

This fund is used to account for all revenues collected to recover the City's costs incurred constructing the public wastewater system. The funds are collected from new properties receiving a permit to connect to the City's wastewater collection system. The owner or person making the application for connection pays fees to the City as designated in the master fee schedule. Funds received are used for the acquisition, construction, reconstruction, maintenance and operation of sanitation or sewerage facilities, or to reimburse a subdivider or any person who has constructed sewer facilities benefiting other properties. The fund may also be used to reimburse the City for any expense incurred in connection with the construction and installation of any sewer facility including engineering work and acquisition of rights-of-way.

- Fund 413: Trunk Sewer Capital Reserve Fund

The Trunk Sewer Capital Reserve Fund is used to account for the revenue derived from the sewer capacity charges or sewerage facility participation charges. The funds are collected from new properties or existing facilities to account for increases in sewer flow. Funds received may be used for the planning, design, or construction of sewerage collection or treatment or water reclamation purposes.

- Fund 414: Sewer Service Revenue Fund

The Sewer Service Revenue Fund is used to account for monies collected from the monthly sewer service charge not going into the Sewer Facility Replacement Fund. Monies in this fund may be used for sewer related activities. The primary use of these funds is the payment of the operations and maintenance of the system assets including City's annual San Diego Metropolitan Sewer Capacity and Maintenance fees. It can also be used to meet capital and planning needs.

Sewer Funds

- Fund 428: Sewer Facility Replacement Fund

A portion of the revenues derived from the monthly sewer service charge is deposited into the Sewerage Facilities Replacement Fund. Monies in this fund are used for the purpose of paying the cost of refurbishment and/or replacement of deficient sewerage facilities including related evaluation, engineering, and utility modification costs.

- Funds 430: Sewer Development Impact Fee Funds

These fees are levied against new development in specific areas of the City, based upon the sewer facility their project will impact. The monies collected are used to fund construction of public improvements designed to increase the capacity of the subject facilities, allowing the City to maintain service levels with increased demand.

FLEET FUND

Fleet Fund

The Fleet Fund is an internal service fund, which like other internal service funds, is used to finance and account for goods, special activities, and services performed by one City department for other City departments on a cost reimbursement basis. The Fleet Management fund consists of two functions, Central Garage Operations and Equipment Replacement. Funds are collected on an annual basis through each affected department’s operating budget and deposited in the Fleet Management Fund.

The Central Garage Operations function maintains the City’s fleet of vehicles, both through City equipment mechanics and through contracts with local vendors for more specialized maintenance work, such as major transmission repairs. All City vehicles are maintained

by the Central Garage, these vehicles include those associated with safety services, streets and sewers, parks and open space, building and housing and, the library. Services provided include maintenance and repair of the vehicles, vehicle fuel, and other specialized services not directly related to any single vehicle.

With the approval of Measure P, Fleet has been able to address the replacement of many older vehicles that had reached the end of their useful life. The replacement of the vehicles has generated new workload (ordering and outfitting vehicles) as vehicles had not been replaced at this rate in prior years; the new vehicles reduce maintenance costs and provide reliable vehicles for service delivery. Fleet staff is also working on an upgrade to the fleet management system software and the replacement of the fuel management system.

As part of the City’s goal to reduce greenhouse emissions, the City has a fleet of approximately 45 electric vehicles with the corresponding charging stations to support those vehicles. The electric vehicles help reduce maintenance costs while making a positive impact to the environment.

Revenues

Revenues in the Fleet Fund are generated from departments which utilize City vehicles and equipment through vehicle maintenance charges. These charges are based on the actual vehicles that reside within a department and include costs ranging from routine (oil changes, preventive maintenance) to major (transmission repair), as well as fuel costs.

Most vehicle replacement costs will be funded by Measure P sales tax revenues. Approximately \$3.9 million is allocated in the fiscal year 2023 Adopted Budget for the replacement of public safety and non-public safety vehicles within the Measure P Fund.

For fiscal year 2023, the adopted revenue budget for the Fleet Fund is \$5.1 million. The increase of revenues over the fiscal year 2022 Adopted Budget are due to an increase in the size of the fleet and operating expenditures such as fuel costs and automotive maintenance.

Fleet Fund Revenues

Category	FY 2022 Adopted	FY 2023 Adopted	Change	% Change
Charges for Services	\$ 85,000	\$ 198,771	\$ 113,771	133.8%
Other Revenue	\$ 3,862,265	\$ 4,562,265	\$ 700,000	18.1%
Transfers In	\$ 231,982	\$ 322,760	\$ 90,778	39.1%
Total Revenues	\$ 4,179,247	\$ 5,083,796	\$ 904,549	21.6%

Expenditures

The Fleet fund’s expenditures include costs to maintain City vehicles, as well as repair and replace equipment (motor vehicles, mowers, generators, equipment trailers, etc.) throughout the City. As discussed in the revenue summary above, these costs are then allocated back to the affected departments based on several factors such as the number of vehicles/equipment, repair history, and fuel usage.

The fiscal year 2023 Adopted Budget for Fleet Management expenditures is \$4.7 million. This amount includes funding for the necessary resources that will be required to sustain operations for service, repairs, and to fuel the City’s fleet in fiscal year 2023.

Fleet Fund Expenditures

Category	FY 2022 Adopted	FY 2023 Adopted	Change	% Change

CAPITAL PROJECTS FUNDS

Capital Project Funds

Capital Projects Funds account for resources used for the acquisition and construction of capital facilities by the City, with the exception of those assets financed by proprietary funds.

Assessment District Improvement Funds

These funds were established as depositories for monies received from issuance of bonds for various assessment districts. The monies are used to finance the construction of public works improvements in the related districts. Included in this group are funds 501 through 518.

Development Impact Fees (DIF)

These funds were established as depositories for various development impact fees. The fees are levied against all new development in the City in order to pay for the construction or improvement of public facilities as a result of City growth. Included in this group are the following funds:

- Fund 542: Drainage Development Impact Fee

This fee is levied against new development in specific areas of the City, based upon the drainage facility their project will generate an impact on. The monies collected are used to fund construction of public improvements designed to increase the capacity of the subject facilities, allowing the City to maintain service levels with increased demand.

- Funds 560: Public Facilities Development Impact Fees

The Public Facilities Development Impact Fee (PFDIF) is levied against new development throughout the City to mitigate the impacts of growth on the City's public services. The monies collected are used in the construction of new, and renovation of existing, public facilities.

- Fund 580: Pedestrian Bridge DIF

The Otay Ranch Pedestrian Bridge DIF is levied against all new development in Otay Ranch Villages 1, 2, 5, 6, and 11 to fund the construction of pedestrian bridge improvements, as necessitated by growth in these villages.

- Fund 590: Transportation Development Impact Fee

The Transportation Development Impact Fee (TDIF) is levied against all new development in the City to fund the construction of transportation improvements, as necessitated by growth in the City.

Other Transportation Funds

Included as a part of this group are the following:

- Fund 723: Bicycle Facilities

This fund is a depository for local Transportation Development Act funds, Article 3.0, received from the County for bicycle related programs.

- Fund 725: Industrial Development Authority

The Industrial Development Authority (IDA) is a conduit-issuer of bonds, formed in February 1982 (Ordinance 1970) by the City of Chula Vista City Council. The IDA enables bonds to be issued with a tax-exempt status, but does not pledge City funds to repay the bond issues. The City can issue and sell bonds to provide financial assistance that has a public benefit for the acquisition, construction and installation of facilities for industrial, commercial, business or public utility purposes.

- Fund 735: Transportation Partnership

This fund is a depository for the revenues received from the State and Local Transportation Partnership Program. Funds must be spent on street purposes.

- Fund 736: Other Transportation Programs

This fund accounts for other miscellaneous Federal and State transportation grants received by the City.

- Fund 741: Proposition 1B Highway Safety

This fund is a depository for revenues received from the State government under Proposition 1B (The Highway Safety, Traffic Reduction, Air Quality, and Port Security Act), as approved by voters in the November 2006 general election. Funds must be spent on street purposes.

Miscellaneous Capital Improvement Program Funds

Included as part of this group are the following:

- Fund 713: Capital Improvement Fund

The Capital Improvement Fund is used to account for general purpose capital projects funded primarily from General Fund. Funds are utilized to account for resources used for the acquisition and construction of capital facilities by the City.

- Fund 715: Park Acquisition and Development (East)

This fund is a depository for fees collected from subdividers for the purpose of providing park and recreational facilities directly benefiting and serving the residents of the regulated subdivision east of the 805. These funds are collected pursuant to Chapter 17.10 of the Chula Vista Municipal Code, in accordance with authority granted by Section 66477 of the California Government Code.

- Fund 716: Park Acquisition and Development (West)

This fund is a depository for fees collected from subdividers for the purpose of providing park and recreational facilities directly benefiting and serving the residents of the regulated subdivision west of the 805. These funds are collected pursuant to Chapter 17.10 of the Chula Vista Municipal Code, in accordance with authority granted by Section 66477 of the California Government Code.

- Fund 717: Residential Construction Tax

This fund is a depository for fees levied for the construction, replacement, or conversion of all dwelling units within the City including hotels and motels, collected pursuant to Chapter 3.32 of the Chula Vista Municipal Code.

DEBT SERVICE FUNDS

Debt Service Funds

The debt service requirement for the City, Public Financing Authority and Municipal Financing Authority is \$37.1 million for fiscal year 2023. These funds do not include the Successor Agency to the Redevelopment Agency debt as it is reported in the “Debt Administration” section of this document. The \$37.1 million budgeted for debt service funds is the required payments for the debt per the amortization schedules; however, the amounts actually paid for debt service are usually less due to funds available with the trustee as a result of interest earnings or excess cash in the various debt service funds that reduce the required cash outlay budgeted for the annual payment of the debt.

Debt service payments are made from various City funds in accordance with the legal documents governing each borrowing. Currently, the debt is in the form of Certificates of Participation, Lease Revenue Bonds, Pension Obligation Bonds, Long Term Notes and Lease-Purchase Obligations. Debt has been issued by the City to pay the City’s currently unamortized, unfunded accrued actuarial liability to CalPERS as of the 6/30/2019 valuation, and to finance a wide variety of projects, including the construction of the Public Works Center, the Police Facility, parking facilities, refurbishment of the Chula Vista Shopping Mall, property acquisitions, building remodeling, equipment and software acquisition.

Debt Service – City Fund

Debt Service for City Fund accounts for the activities of the City’s bonds (not issued by the CV Public Financing Authority or the CV Municipal Financing Authority), notes and capital leases. Debt service expenditures for the City Fund are approximately \$17.2 million offset by revenues of \$19.7 million. To follow is a brief description of the City’s debt service funds.

- Fund 442: CDBG Section 108 Loan

In June of 2008, the City received a loan of \$9.5 million from the U.S. Department of Housing and Urban Development (HUD), under the Section 108 program. These funds will be repaid with a portion of the City’s annual CDBG allocation, over the next 20 years. The funds will be used for the ‘Castle Park Infrastructure Project’. The Section 108 loan is an ‘advance’ of future CDBG entitlement funds, and, as such, is repaid with a portion of the City’s annual entitlement.

On November 27, 2018, the City received notice from HUD regarding the opportunity to refinance the existing loan with a lower interest rate. On December 6, 2018, the City notified HUD of its election to redeem the current note. The City signed the agreement for the refinancing on January 23, 2019. This refinancing resulted in cost savings to the City from lower interest rates received during the remaining life of the loan.

- Fund 451: Long-Term Debt City of Chula Vista

In February of 2021, the City issued the 2021 Pension Obligation Bonds in the amount of \$350,025,000 to pay the balance of Miscellaneous and Safety plans Unfunded Actuarial Liability (UAL) based on the CalPERS Actuarial Valuation as of June 30, 2019. The source of repayment is from the General Fund and other City funds over the remaining life of the bonds. The term of the bonds is through calendar year 2045. Future pension liabilities will be addressed by the City’s Section 115 Trust that has been specifically established for future pension related liabilities.

- Fund 452: Capital Leases

This fund was established to account for the lease/purchase of the Fire Department’s apparatuses, the Police Department’s Mobile Data Computers, and Energy Conservation equipment.

In December 2012, the City entered into a lease purchase agreement with Bank of America to purchase certain energy conservation equipment. The agreement would bridge the financial gap between the Municipal Streetlight Retrofit Project capital costs and the available rebates for energy conservation equipment.

In November 2015, the City entered into a lease purchase agreement with PNC Equipment Finance for the acquisition of two Pierce Arrow XT Triple Combination Pumper/Fire Engines. In 2018, it was decided that this lease would be paid out of the revenues from the newly adopted tax increase known as Measure P.

In August 2016, the City entered into a lease purchase agreement with JP Morgan Chase Bank, N.A. for the acquisition of one Pierce Fire Engine. In 2018, it was decided that this lease would be paid out of the revenues from the newly adopted tax increase known as Measure P.

In October 2019, the City entered into a Capital Lease Agreement with DELL Financial Services for 120 Mobile Data Computers.

■ Fund 453: Energy Loan Repayment

This fund accumulates payment of principal and interest on a loan obtained through the California Energy Commission to fund various energy conservation capital projects.

On July 23, 2013, the City Council authorized a 16-year lease purchase agreement with Bank of America to fund various solar energy projects for City facilities. The original amount of the loan was \$2,121,500 and will be repaid through future energy savings.

Debt Service – Chula Vista Public Financing Authority

The Chula Vista Public Financing Authority (PFA) formed in April 1995 to provide for financing of acquisition, construction and improvement of public capital improvements. The PFA has been used to issue Certificates of Participation on behalf of the City.

Debt service expenditures for the PFA are approximately \$6.8 million with offsetting revenues of \$6.8 million. To follow is a brief description of the Chula Vista PFA - debt service funds.

■ Fund 475: 2014 Refunding Certificates of Participation

In March 2014, the Public Financing Authority issued the 2014 COP in the amount of \$45,920,000 to refinance the outstanding principal balance of the 2002 Certificates of Participation. The source of repayment of the certificates is the lease payments to be made by the General Fund and PFDIF to the Public Financing Authority. The term of the certificates is through calendar year 2032.

■ Fund 476: 2015 Refunding Certificates of Participation

In September 2015, the Public Financing Authority issued the 2015 COP in the amount of \$34,330,000 to refinance the outstanding principal balance of the 2004 Certificates of Participation and to refinance part of the outstanding principal balance of the 2006 Certificates of Participation. The source of repayment of the certificates is the lease payments to be made by General Fund and PFDIF to the Public Financing Authority. The term of the certificates is through calendar year 2034.

■ Fund 477: 2016 Refunding Certificates of Participation

In July 2016, the Public Financing Authority issued the 2016 COP in the amount of \$8,600,000 to refinance the outstanding principal balance of the 2006 Certificates of Participation. The source of repayment of the certificates is the lease payments to be made by General Fund and PFDIF to the Public Financing Authority. The term of the certificates is through calendar year 2036.

Debt Service – Chula Vista Municipal Financing Authority

The Chula Vista Municipal Financing Authority (MFA) formed in June 2013 to provide for financing or refinancing for the acquisition, construction and improvement of public capital improvements. The MFA has been used to issue Lease Revenue Refunding Bonds on behalf of the City.

Debt service expenditures for the MFA are approximately \$10.6 million with offsetting revenues of \$10.6 million. To follow is a brief description of the Chula Vista MFA debt service funds.

■ Fund 478: 2016 Lease Revenue Refunding Bonds

In July 2016, the Municipal Financing Authority issued the 2016 LRRB in the amount of \$25,885,000 to refinance the outstanding principal balance of the 2010 Certificates of Participation. The source of repayment of the LRRBs

is the lease payments to be made by General Fund and PFDIF to the Municipal Financing Authority. The term of the lease is through calendar year 2033.

■ Fund 479: Lease Revenue Bonds Series 2017A & Series 2017B

In December 2017, the Municipal Financing Authority issued the 2017 LRB Series A in the amount of \$12,045,000 and the 2017 LRB Series B in the amount of \$1,085,000 to finance photovoltaic energy systems at various City facilities. The source of repayment of the LRB is the lease payments to be made by General Fund to the Municipal Financing Authority. The term of the Series 2017A lease is through calendar year 2048 and the term of the Series 2017B lease is through calendar year 2028.

■ Fund 480: 2017 Lease Revenue Bonds Series

In July 2017, the Municipal Financing Authority issued the 2017 Lease Revenue Bonds in the amount of \$61,355,000 under Fund 220 to finance critical City infrastructure, facilities, and equipment. The source of repayment of the 2017 Lease Revenue Bonds is revenue generated from the citizen-approved Measure P Sales tax. The term of the issuance is through calendar year 2027. Fund 220 is reported under the General column of the financial statements. In Fiscal Year 2022, fund 480 was created to report the bond-related activity under the Municipal Financing Authority column of the financial statements.

OTHER FUNDS

Other Funds

The funds included in this section include miscellaneous Special Revenue and Internal Service funds. Special Revenue Funds are used to account for proceeds derived from various revenue sources, which are legally restricted to expenditures for specific purposes. Internal Service Funds are used to finance and account for goods, special activities, and services performed by one City department for other City departments on a cost reimbursement basis. Internal Service Funds account for the activities of worker's compensation, insurance, and technology replacement.

To follow is a brief description of the City's special revenue funds.

Transportation Funds

Included in this group are the following funds:

- Fund 221: Gas Tax

This fund accounts for the receipt and expenditure of all monies received from the State under Street and Highway Code Sections 2103, 2105, 2106, 2107, 2107.5, and the Road Repair and Accountability Act of 2017 (Senate Bill 1). The allocations must be spent for street maintenance or construction and a limited amount for engineering.

- Fund 227: Transportation Sales Tax

This fund was established to account for the receipt and disbursement of all transportation sales tax (TransNet) revenues for the City. In November 1987, San Diego County voters first approved the Transportation Program (TransNet). In November of 2004, voters approved a 40-year extension of the program, which funds transportation improvements throughout the region via a half-cent local sales tax. The City's allocation of regional funds is based upon population and the number of local street and road miles maintained by the City.

Parking Funds

Included as part of this group are the following funds:

- Fund 241: Parking Meter

Parking Meter Fund revenues are generated through two sources: coin deposits from parking meters located in the downtown area and parking citation payments for expired meter violations. These funds pay for the coin collection and maintenance of the meters, the parking enforcement staff that monitors the downtown area, and general upkeep and signage of the downtown parking lots.

- Fund 243: Town Center I Parking

This fund is used to account for revenues from an in-lieu parking fee. This in-lieu parking fee applies to any developer of a new commercial building or addition to an existing commercial building within the Downtown Parking District. Use of monies in this fund is restricted to the purchase or development of parking sites.

Public Safety Funds

Included in this group are the following funds:

- Fund 245: Traffic Safety

This fund is a depository for all monies derived from vehicle code fines, excluding parking violations. The fines are collected through the County court system and remitted to the City monthly. These monies may be expended only for traffic control devices and equipment and maintenance thereof or for the maintenance, improvement or construction of public streets.

This fund was established to account for the receipt and disbursement of local grant funds received by the City (non-Federal or State Grants).

Library/Cultural Arts Funds

Included in this group are the following funds:

- Fund 267: Permanent Endowments Fund

The Permanent Endowments Fund was established from a contribution from Gayle McCandliss in 1991 shortly after she passed away. Consistent with her wishes, it was established as a perpetual fund to recognize and provide monetary support or recognition to individuals or groups who make substantial contributions to the arts in the City of Chula Vista.

Sundry Grant & Miscellaneous Funds

Included as part of this group are the following funds:

- Fund 223: Telephone Users Tax (TUT) Common Fund

This fund is used to account for funds in accordance with a 2014 settlement agreement that resolved a class action lawsuit challenging the City's collection of Telephone Users' Taxes from wireless customers.

- Fund 268: American Rescue Plan Act of 2021

This fund is used to account for federal funds under the American Rescue Plan Act of 2021 Coronavirus State and Local Fiscal Recovery Funds program.

- Fund 269: Other Grant Fund

The Other Grants Fund was established to account for all grants other than Federal and State grants such as: San Diego Neighborhood Reinvestment Program and Be the Change grants.

- Fund 270: Mobile Home Rent Review Program Fund

This fund is a depository for monies collected for the Mobile Home Administrative Fee. This fee was established in July 2011 to ensure a consistent funding source for administration and implementation of Chula Vista Municipal Code 9.50 – Mobile Home Park Space Rent Review.

- Fund 271: Local Grants

This fund was established to account for the receipt and disbursement of local grant funds received by the City (non-Federal or State Grants).

- Fund 272: Federal Grants Fund

This fund was established to account for the receipt and disbursement of all Federal Grants received by the City.

- Fund 273: State Grants Fund

This fund was established to account for the receipt and disbursement of all State Grants received by the City (excluding Recreation related grants).

Environmental Services and Conservation Funds

Included as part of this group are the following funds:

- Fund 282: Environmental Services

The Environmental Services fund is a depository for revenue that is generated primarily by a 5% surcharge (AB 939 fees) applied to the refuse rates for residential and commercial customers. The surcharge is authorized by the State to recover the costs of developing and implementing source reduction, recycling, and composting programs that are implemented to meet the State mandate to divert 50% of all waste generated annually in the City from landfills. The fund also includes two annual flat fees paid by the franchise hauler under the franchise agreement to cover litter container costs and to support the programs public education and enforcement service costs.

Storm Drain Fund

Storm Drain Revenue (Fund 301) – In accordance with Chapter 14.16 of the Chula Vista Municipal Code all proceeds of the storm drain fee are deposited into the Storm Drain Revenue Fund. Monies in this fund may only be used for storm drain purposes. The monthly storm drain service charge is included on the sewer bill.

Community Development Block Grant Housing Program Fund

The overall CDBG entitlement funds are now budgeted in Fund 272 – Federal Grants.

■ 311: CDBG Housing Program

These funds are depositories of grant entitlement monies received from the Department of Housing and Urban Development for the Housing Program. The purpose of these monies is for community development projects; eligible activities include those that:

- Benefit low and moderate income people.
- Eliminate substandard housing and blight.
- Alleviate conditions posing a serious health and/or safety hazard.

Open Space District Funds

These funds are a depository for all monies received for all flat rate property tax assessments levied against benefiting property owners for all maintenance of open space areas. Included in this group are funds 342 through 389.

The total assessment amount for each Open Space District is calculated each year based upon the cost of providing services within the district. This assessment rate is limited to the prior year's amount, increased by the lesser of two local indexes. In recent years the indexed increases were not effectively keeping pace with the actual costs of providing these services to the property owners. In fiscal year 2007-08 staff went through the Proposition 218 process on seven districts/zones, in order to bring revenues in line with actual maintenance costs. Only one of the seven districts were approved for an increase in assessment. As a result, a concentrated effort has been made to reduce expenditures within available resources.

Miscellaneous Special Revenue Funds

Included in this grouping are the following fund:

■ Fund 316: Public Educational & Government Fee Fund

This fund accounts for funds received through State Video Franchise Fees to support Public, Education, and Governmental (PEG) access channel facilities. These funds are restricted. The funds will be used to replace presentation and broadcasting equipment.

Internal Service Funds

Included as part of this group are the following funds:

■ Fund 234: Advanced Life Support (ALS) Fund

This fund accounts for the receipt of pass-through revenue from ambulance services to fund the First Responder Advanced Life Support program.

■ Fund 341: Public Liability Trust Fund

This fund is a depository for contributions made from the General Fund to provide an appropriate reserve level to pay for uninsured and deductibles for public liability losses. The City is self-insured for amounts up to \$250,000 per claim.

Other Funds

■ Fund 393: Technology Replacement Fund

The Technology Replacement Fund is an internal service function that provides for the replacement of computers and related technology equipment. Funds from departments' operating budgets are transferred to the Technology Replacement Fund for future replacement of equipment included in the program. Due to economic reasons, the program has not been funded for several years. Computer replacement has been included in various funds based on available resources.

■ Fund 394: Vehicle Replacement Fund

The Vehicle Replacement Fund was established to set aside funds for the purchase and/or replacement of vehicles.

■ Fund 398: Workers Compensation

This fund is a depository for contributions made from all funds, which have personnel allocated to them, to pay for annual costs related to workers' compensation liabilities including the provision of an appropriate reserve to pay uninsured claims costs. The City is self-insured for amounts up to \$1.0 million per claim. The amount of the reserve and the required annual transfer is determined by the Director of Finance, based on experience and consultation with the Risk Manager.

Other Enterprise Funds

Included as part of this group are the following funds:

■ Fund 405: City Jail

This fund is used to account for revenues and expenditures related to the operation of the City Jail.

■ Fund 406: Chula Vista Municipal Golf Course

This fund is used to account for revenues and expenditures related to the operation of the Chula Vista Municipal Golf Course.

■ Fund 407: Living Coast Discovery Center

This account is to track revenues and expenses related to the Living Coast Discovery Center.

■ Fund 409: Chula Vista Elite Athlete Training Center

This fund accounts for the revenues and expenditures related to the management of the Chula Vista Elite Athlete Training Center.

■ Fund 410: Transport Enterprise

This fund accounts for the revenues and expenditures related to the management of the Fire Department's Transport Program.

CV Bayfront Finance Authority

Fund 693 is a Custodial Fund to account for contractual commitments with the Port of San Diego, RIDA Chula Vista LLC, and the City of Chula Vista related to the development of a destination resort hotel and convention center project on the Chula Vista Bayfront.

Section 115 Trust

Fund 340 is an irrevocable trust that is an Internal Revenue Service (IRS) approved program for Other Pension Employment Benefits (OPEB) to cover the following: repayment of future CalPERS unfunded liability in part or whole; establishment of an OPEB reserve fund; to pay off any outstanding Pension Obligation Bonds; and any other unanticipated pension related costs or charges.

CAPITAL IMPROVEMENT PROGRAM

Capital Improvement Program Summary

CIP Revenue Summary

CIP Expenditure Summary

CIP Budget Summary

Five-Year CIP Project Summary Schedule

**CAPITAL
IMPROVEMENT
PROGRAM
SUMMARY**

Capital Improvement Program Summary

The following is an overview of the Capital Improvement Budget Program. The goal of the Capital Improvement Program (CIP) is to provide for the sustainable preservation of City-owned assets at the lowest cost and to leverage financial strategies to address infrastructure needs within a prioritized framework, which includes an assessment of the asset's condition, capacity to meet service demands, probability of failure, maintenance and preservation strategies, and funding availability. The CIP is a living document used to identify current and future requirements and the basis for determining annual capital budget expenditures. The CIP document can be found in its entirety on the City's website. To follow is a summary of the document.

Capital Improvement Projects are defined as capital investments with a value of \$50,000 or more and a minimum useful life of 5 years at a fixed location. Equipment, operating, and maintenance costs are budgeted in the City's operating budget. New maintenance costs are included in the CIP budget and appropriated in future operating budget cycles.

The CIP document provides the capital project budget detail and reporting by asset management category, funding, and location. This format better aids the decision-making process as it allows the City Council to review projects recommended in each asset management system, gain an understanding of the condition of the asset in relation to the overall system and the basis for the recommendation, as well as the availability of funding sources. The proposed projects' detail sheets within each asset management system provides a description, location, project intent, type of project, link to the strategic goals, and funding requirements over the life of the project.

CIP Process

The Engineering and Capital Projects Department annually prepares a Capital Improvement Budget for the City Council's approval. The process of developing the Capital Improvement Program is quite extensive and includes participation from each division of the department including Advance Planning, Project Delivery (Design/Survey), Traffic Engineering, Advanced Transportation Technologies & Maintenance, Inspection Services, Stormwater Management, Building Construction, Wastewater Management, and Fiscal Sustainability. Project proposals are submitted by these divisions and by other City departments such as Public Works, Fire, Police, Library, Development Services, and Community Services. The cooperation and diligence of each participating group is a critical component of the program's quality and success.

The CIP budget includes an estimated five-year Capital Improvement Program, which gives the public and City Council an idea of what infrastructure needs are projected in the future. This also allows the City to begin planning and identifying possible funding options to repair and/or replace infrastructure assets. The City is faced with the challenge of managing a range of aging infrastructure assets that are critical to maintaining an aging City while serving new development. Making sound decisions about asset maintenance and replacement requires detailed information about the assets' expected life cycle, probability of failure, and capacity to meet the ongoing requirements necessary to sustain the system.

The CIP Program is a planning tool the City uses to identify and manage the City's capital needs and priorities. As such, amendments are presented to Council throughout the year to address any changes in priority and/or emergency infrastructure repairs. On a continuous basis, project proposals are added to the City's capital improvement budget and project management database (CIPACE). These proposals are based on recommendations from "guiding documents" (see list below) adopted by the City Council as well as condition assessments performed by staff from the Engineering & Capital Projects and Public Works Departments.

The process of establishing the annual CIP includes ranking proposals and projects, by reviewing the scopes, preliminary cost estimates, locations, and feasibility of each proposal. Projects are placed in order with the highest ranked receiving top priority, based on the following categories:

- City Needs – *Does the proposal address an existing need, problem and/or safety concern?*
- City Benefit – *Does the proposal provide a benefit citywide or for a specific area? Does the proposal link to one of the City's Strategic Goals?*

- Regulatory Concerns, Implementation Pathways – *Is the proposal feasible based on time and cost necessary to meet federal, state and city regulations?*
- Methodology – *Is the proposed scope and location consistent with a “guiding document” (see list below)?*
- Funding Limitations/Availability – *Does the proposal require funding from the General Fund? Is the proposal fully or partially funded by grant funds?*

Depending upon the availability of funding, lower ranked proposals may not be funded; however, they will remain on the Unfunded Proposals List to be addressed as resources become available. A list of non-funded projects is included as part of the CIP document.

Another tool used in ranking and formulating the CIP recommendations are “guiding documents” approved by the City Council. “Guiding Documents” are used in the ranking process to ensure proposed CIP projects are consistent with established program priorities and determine whether the project description fits within a specific master plan (i.e. Pedestrian Master Plan). The “guiding documents” also provide more insight on the planned project details. Typically, the development of these “guiding documents” includes a large public outreach element as described in the Public Input/Community Involvement section below. The following is a partial list of “guiding documents”, which have included public input from multiple stakeholders in the community.

- General Plan
- SANDAG 2050 Regional Transportation Program
- Active Transportation (Bikeway & Pedestrian) Plan
- Street Saver Condition Index Database
- Drainage Master Plan
- Wastewater Master Plan
- Fire Master Plan
- Asset Management Plan
- Parks Master Plan
- Pedestrian Master Plan/Safe Routes to School
- Redevelopment Implementation Plan
- Southwest United in Action Survey Results
- Third Avenue Streetscape Master Plan
- F Street Promenade Streetscape Master Plan
- Environmental Mitigation Program
- Bayfront TDIF Program
- Western TDIF Program
- TDIF Program
- Redevelopment Implementation Plan
- Traffic Monitoring Program
- Growth Management Oversight Committee Annual Report
- Other Specific Plans (e.g. Urban Core Specific Plan, Palomar, Bayfront and Main Street Specific Plans)

Operational Impact of Capital Projects

Typically, projects in the City’s Capital Improvement Plan and Budget only address the needs of existing assets and are not expected to substantially impact operational costs. However, if a new Fire Station, Library, Park, and/or

Recreation Center was planned that had a significant operational impact, projected costs would be reflected in the City's Five-Year Financial Plan, issued annually. Additionally, staffing, building maintenance, equipment maintenance, and utility costs associated with these facilities would be approved as part of the annual Budget Process. As a result, these costs would be specified within the Budget Document and identified under the Significant Budget Adjustment & Service Impact Sections of the Fire, Library and/or Community Services Departments.

Public Input/Community Involvement

As mentioned, the "guiding documents" included public input and involvement from multiple stakeholders. Throughout the development of a "guiding document", a community engagement process is conducted in two phases and located in both eastern and western Chula Vista. During Phase 1, the outreach focuses on existing conditions. Several workshop sessions and booths at local civic events are scheduled with community stakeholder groups so that valuable local insight to existing conditions and desired infrastructure requests can be discussed and defined. Phase 2 focuses on soliciting feedback on the proposed networks and community priorities. Additional workshop sessions are scheduled to discuss progress made on refining proposed recommendations and priority or policy decisions needed to work towards a final scope and plan of action.

Once the final draft of the "guiding document" is completed, the document is brought before any of the relevant Boards, Commissions, Associations, and/or Civic Groups for their review before it is brought for approval and adoption by City Council. Continuous public input throughout the development of these "guiding documents" is maintained including web-based and map-based questionnaires, and electronic opinion surveys hosted on the City's website. Furthermore, the public is provided notice of upcoming Boards & Commission Meetings and City Council Public Hearings. Typical summary of public outreach includes:

- Community event booths for public to provide comments
- Workshop sessions held at public library sites closest to project
- Website surveys conducted during initial & final draft phases of project
- Consultant outreach programs & mailouts during development of project
- Presentations at Board & Commission Meetings prior to City Council adoption
- Final draft presentation at City Council Public Hearings

The City continuously works with local community-based groups, healthcare organizations, faith-based groups, senior groups, commissions, home-owner associations, chamber of commerce, non-profit organizations, and other stakeholders in the community such as:

- Southwest Civic Association – *citizen group interested in infrastructure needs within southwestern Chula Vista*
- Crossroads II – *citizen group interested in new development projects as they progress through the Planning Commission's and City Council's approval process*
- Bike Walk Chula Vista – *citizen group interested in bicycle & pedestrian infrastructure needs and programs*
- Chula Vista Elementary School District – *organization interested in traffic calming and pedestrian safety measures near elementary schools*
- Sweetwater Union High School District – *organization interested in traffic calming and pedestrian safety measures near middle schools and high schools*
- TAVA – *business group interested in programs and redevelopment within the downtown Chula Vista area*

Budget Development

Although a component of the City Manager's overall budget, the CIP budget is developed separately by Engineering and Capital Projects staff on an annual basis. The CIP budget process runs parallel to the development process for the City's operating budget, and they are subsequently presented together for City Council approval.

On June 7, 2022, a public hearing was held for the City Council to consider and adopt an amendment to the TransNet Local Street Improvement Program of projects for fiscal years 2022-2023 through 2026-27.

Public comment is a vital component of the “guiding documents” and the CIP process. The public also had the opportunity to comment on the proposed CIP. The initial proposed capital improvement project detail sheets are posted annually in April of each year on the Engineering and Capital Projects website for public comment and review.

www.chulavistaca.gov/departments/public-works/projects

Additionally, the Engineering and Capital Projects Department publishes an annual proposed CIP budget. The document will be made available at the City Clerk’s Office, the Civic Center Library, Otay Ranch Mall Library, and the South Chula Vista Library.

The proposed program reaffirms the City’s commitment to identify resources to move us toward long-term sustainability of our City’s current assets as well as new improvements that accommodate growth.

The City will continue to collaborate with regional agencies, such as the Port, SANDAG, and Caltrans, to ensure that the needs of our City residents are met, taking into account the unique characteristics of our City and recognizing our role as the County’s second largest city and a leader in the South Bay.

CIP REVENUE SUMMARY

CIP Revenue Summary

The Capital Improvement Program is supported by several funding sources. City staff continuously explores opportunities to diversify revenue and leverage funding for infrastructure improvements. The following chart and table summarize the funding sources for the FY 2023 CIP budget.

Fiscal Year 2023 CIP by Funding Source

Fund Source	Percentage	Amount
ARPA	18.80%	\$ 9,500,000
CIP Fund	23.15%	\$ 11,700,000
Gas Tax/RMRA	19.51%	\$ 9,860,065
Measure P	19.12%	\$ 9,659,500
Park Acquisition and Development (PAD)	0.22%	\$ 109,940
Sewer Facility Replacement	1.55%	\$ 782,000
TDIF	0.04%	\$ 20,000
Traffic Signal	0.20%	\$ 100,000
TransNet	17.41%	\$ 8,799,500
Total:	100%	\$ 50,531,005

The Capital Improvement Budget is primarily supported by Transportation Sales Tax (TransNet), Gas Tax/RMRA (Road Maintenance and Rehabilitation Account), and Measure P funds. Chula Vista voters approved Measure P – a temporary, 10-year, half-cent sales tax to fund high priority infrastructure needs. TransNet is the largest stable source of revenues for Capital Improvement projects. Along with TransNet, Gas Tax/RMRA funds continue to provide a steady source of revenue for street related projects. Other major revenues in this year’s budget include CIP Funds, American Rescue Plan Act (ARPA) Funds, and Sewer Facility Replacement funds for ongoing capital improvement projects. Competitive grant revenue sources remain steady with grant revenue growth opportunities in the imminent future. Transportation grants include the Active Transportation Program and Federal Highway Safety Improvement Program.

The following is a brief description of key funding sources which support the fiscal year 2023 Capital Improvement Budget:

Development Impact Fees

Traffic Signal Fee

The Traffic Signal Fee is a trip-based development impact fee that is charged with the issuance of building permits for new construction. The fee can be utilized for the installation and upgrade of traffic signals throughout the City. A total of \$100,000 in Traffic Signal Funds is programmed in fiscal year 2023 for traffic signal improvements.

Transportation Development Impact Fee (TDIF)

The City's TDIF Program was established on January 12, 1988, by Ordinance 2251 for the collection of development impact fees to be used to construct transportation facilities to accommodate increased traffic generated by new development within the City's eastern territories. A total of \$20,000 is programmed as part of the fiscal year 2023 CIP.

Western Transportation Development Impact Fee (WTDIF)

The City's WTDIF Program was established on March 18, 2008, by Ordinances 3106 through 3110. This program is similar to the Eastern Transportation Development Impact Fee (TDIF) Program, which was established on January 12, 1988. In 2014, it was determined that the Bayfront, previously included in the WTDIF, be removed and a new DIF area covering only the Bayfront be established. No WTDIF is programmed as part of the fiscal year 2023 CIP.

Telegraph Canyon Development Impact Fee

The City's Telegraph Canyon DIF was established on August 7, 1990, by Ordinance 2384 for collection of development impact fees to be used to construct drainage and channel improvements for the Telegraph Canyon Basin. No Telegraph Canyon DIF funds are programmed in the fiscal year 2023 CIP.

Public Facilities Development Impact Fees

The Public Facilities Development Impact Fee (PFDIF) is levied against new development throughout the City to mitigate the impacts of growth on the City's public services. The monies collected are used in the construction of new, and renovation of existing public facilities. No PFDIF is programmed in the fiscal year 2023 CIP.

Grants

Active Transportation Grant Program

The Legislature created the Active Transportation Program (ATP) in 2013 to encourage increased use of active modes of transportation, such as biking and walking. The ATP consolidates existing federal and state transportation programs – including the Transportation Alternatives Program (TAP), Bicycle Transportation Account (BTA), and Safe Routes to School (SR2S) – into a single program with a focus to make California a national leader in active transportation. ATP Cycle 6 was announced in early 2022 and is expected to include about \$440 million of Federal, State SB1, and State Highway (SHA) funding. The funding/programming years for ATP Cycle 6 include FY23/24, 24/25, 25/26, and 26/27. There are no ATP grant funds programmed in the fiscal year 2023 CIP Program.

TransNet Active Transportation Grant Program

The TransNet Active Transportation Grant Program (ATGP) is also funded with Transportation Development Act (TDA) funds. The grant program encourages local jurisdictions to plan and build facilities that promote multiple travel choices and increase connectivity to transit, schools, retail centers, parks work, and other community gathering places. It also encourages agencies to provide bike parking, education, encouragement, and awareness programs that support pedestrian and bike infrastructure. There are no additional ATGP grant funds programmed as part of the fiscal year 2023 CIP Program.

Community Development Block Grant Funds

Each year, the City receives approximately \$2.4 million in Community Development Block Grant (CDBG) funds. Of this amount approximately \$1.3 million is available for community development activities, which include capital improvement projects. In 2006, the City of Chula Vista received a CDBG Section 108 loan in the amount of \$9.5 million for the completion of the Castle Park Infrastructure Projects. The debt service payment is paid back from the City's annual allotment of CDBG funds (approximately \$650,000 annually). This reduces the amount of CDBG funds available for other capital projects to approximately \$0.3-0.5 million annually for the next six years. There are no CDBG funds programmed in the fiscal year 2023 CIP Program.

Highway Bridge Program

The Highway Bridge Program (HBP) provides funding to enable states to improve the condition of their highway bridges through replacement, rehabilitation, and systematic preventive maintenance of deficient bridges. Included in the fiscal year 2023 Capital Improvement Program are two major bridge replacement projects: STL-261, "Willow Street Bridge Widening," at the Sweetwater River and STM-386 "Heritage Road Bridge Replacement," at the Otay River.

The original Willow Street bridge was constructed in 1940 and, through a series of studies, was determined that it was not practical to rehabilitate the bridge, so funding for full replacement was subsequently approved by the Federal Highway Administration (FHWA) and Caltrans, which administers the HBP Grant Program in California. The Willow Street Bridge Replacement Project has been completed and provides a 610 foot long bridge with four traffic lanes, 8-foot shoulders (bike lanes), and 5.5 foot sidewalks. The project consisted of two phases; \$3.5 million water transmission line relocations and \$16.7 million bridge replacement. The total project cost for design and environmental clearance, construction, and construction administration was \$23 million in HBP funds. Habitat mitigation monitoring, reporting and maintenance for the 5-Year Maintenance Period is currently underway and is set to end on July 1, 2024.

The existing four-lane bridge at Heritage Road was built using FEMA emergency funding as an interim facility in 1993 when heavy flood waters destroyed the original two-lane river crossing. This interim bridge is inadequate for peak traffic volumes, does not accommodate pedestrians, special event vehicle volumes, and is unable to convey the 50-year storm without being overtopped. FHWA and Caltrans approved the bridge for replacement as the existing bridge is Functionally Obsolete (FO) and the cost of rehabilitation exceeded replacement.

In 2014, the Heritage Road Bridge Replacement Project was accepted into the HBP. As of January 2021, approved grant funds total \$3,783,772 for preliminary engineering and \$354,120 for right-of-way acquisition. Design will be completed in fiscal year 2022. Future construction programming has been identified in the amount of \$19.2 million. Advertising of the construction contract is forecasted for summer of 2022 with construction beginning in the fall of 2022 and completion in fiscal year 2024. Development Impact Fees from both Chula Vista and the City of San Diego benefit areas will provide the required matching funds.

Highway Safety Improvement Program

The Highway Safety Improvement Program (HSIP) was established to attain a significant reduction in traffic fatalities and serious injuries on all public roads through the implementation of infrastructure-related highway safety improvements. There are no HSIP Grant funds programmed as part of the fiscal year 2023 CIP.

Neighborhood Reinvestment Program

The Neighborhood Reinvestment Program (NEP) provides grant funds to County departments, public agencies, and to non-profit community organizations for one-time community, social, environmental, educational, cultural or recreational needs. No NEP funds are programmed in the fiscal year 2023 CIP.

Smart Growth Incentive Program Grant

The TransNet Smart Growth Initiative Program (SGIP) provides funding for transportation-related infrastructure improvements and planning efforts that support smart growth development in Smart Growth Opportunity Areas as shown on the Smart Growth Concept Map (updated May 2016). The goal is to fund comprehensive public infrastructure projects and planning activities that facilitate compact, mixed-use, transit-oriented development and increase housing and transportation choices. There are no SGIP funds programmed as part of the fiscal year 2023 CIP. SANDAG anticipates a call for projects in fiscal year 2023 and Chula Vista is anticipating submitting a grant application for the F Street Streetscape Corridor Phase I improvements located between Bay Blvd and Broadway where a utility undergrounding conversion project has started construction.

Rubberized Pavement Grant Program

The California Department of Resources Recycling and Recovery (CalRecycle) provides the Rubberized Pavement Grant Program to promote markets for recycled-content surfacing products derived from waste tires generated in California and decrease the adverse environmental impacts created by unlawful disposal and stockpiling of waste tires. Rubberized Asphalt Concrete (RAC) is a proven road paving material that has been used in California since the 1970s. Under the Pavement Grant Program, two project types are eligible for grant funding - RAC and Rubberized Chip Seal projects. The City currently has a Rubberized Pavement Grant project in construction. No Rubberized Pavement Grant funds are programmed as part of the fiscal year 2023 CIP.

Miscellaneous Funds

General Fund

The General Fund is the City's main operating fund used to pay for City services. No General Fund monies are programmed as part of the fiscal year 2023 CIP. Capital improvement projects will be funded by the Measure P commitment.

Residential Construction Tax (RCT)

The Residential Construction Tax (RCT) was established by the City Council in October 1971 to provide a more equitable distribution of the burden of financing parks, open spaces, public facilities, and other capital improvements, the need for which is created by the increasing population of the City. The RCT is applicable to all new residential units and paid by the person constructing the units. RCT funds are used to pay for debt service obligations resulting from the issuance of Certificates of Participation (COP's) for western Chula Vista failing CMP repairs. No RCT funds are programmed as part of the fiscal year 2023 CIP.

Capital Improvement Project Fund

The Capital Improvement Fund was established to set aside monies for capital improvement projects. This fund does not generate revenues from any source except by transfer from other funds. Monies transferred to the fund are expended for budgeted capital improvement projects and monies remaining after completion of a project are transferred back to the fund from which the project was originally financed. A total of \$11.7 million in CIP funds are programmed as part of the fiscal year 2023 CIP.

Park Acquisition and Development Fund

The Park Acquisition and Development (PAD) fund is a depository for fees collected from subdividers for the purpose of providing park and recreational facilities directly benefiting and serving the residents of the regulated subdivisions east and west of the 805. These funds are collected pursuant to Chapter 17.10 of the Chula Vista Municipal Code, in accordance with authority granted by Section 66477 of the California Government Code. A total of \$109,940 in PAD funds are programmed in the fiscal year 2023 CIP Program.

American Rescue Plan Act Funds

On May 10, 2021, the U.S. Department of the Treasury announced the launch of the Coronavirus State and Local Fiscal Recovery Funds, established by the American Rescue Plan Act of 2021 (ARPA), to provide \$350 billion in emergency funding for eligible state, local, territorial, and Tribal governments. The Treasury also released details on how these funds can be used to respond to acute pandemic response needs, fill revenue shortfalls among these governments, and support the communities and populations hardest-hit by the COVID-19 crisis. With the launch of the Coronavirus State and Local Fiscal Recovery Funds, eligible jurisdictions have been able to access this funding to address these needs. The Treasury has launched much-needed relief to:

- Support urgent COVID-19 response efforts to continue to decrease spread of the virus and bring the pandemic under control;
- Replace lost public sector revenue to strengthen support for vital public services and help retain jobs;
- Support immediate economic stabilization for households and businesses; and,
- Address systemic public health and economic challenges that have contributed to the unequal impact of the pandemic on certain populations.

The Coronavirus State and Local Fiscal Recovery Funds provide substantial flexibility for each jurisdiction to meet local needs—including support for households, small businesses, impacted industries, essential workers, and the communities hardest-hit by the crisis. These funds also deliver resources that recipients can invest in building, maintaining, or upgrading their water, sewer, and broadband infrastructure. A total of \$9.5 million in ARPA funds are programmed in the fiscal year 2023 CIP Program.

Voter Approved Funds

Proposition 1B Highway Funds

In 2007, the voters of the State of California approved Proposition 1B. This proposition included funds to be provided to cities within the State for local roadway improvements. The initial allocation of \$3.6 million was spent on pavement rehabilitation projects in fiscal year 2011. The second allocation of \$3.3 million was frozen by the State of California due to the State's financial crisis and released in late April 2010 in monthly installments. As a result, the State provided an additional year of expenditure for Prop 1B funds received in fiscal year 2010. The City spent the second allocation of Prop 1B funds prior to June 2014.

Gas Tax/RMRA

The state of California imposes per-gallon excise taxes on gasoline and diesel fuel, sales taxes on gasoline and diesel fuel and registration taxes on motor vehicles with allocations dedicated to transportation purposes. These allocations flow through the Highway Users Tax Account (HUTA), the familiar gasoline tax revenues that have been in place for decades, and the Road Maintenance and Rehabilitation Account which allocates much of the revenue from the Road Repair and Accountability Act of 2017 (SB1 Beall). The SB1 Beall is a significant new investment in California's transportation systems. The Act increases per gallon fuel excise taxes, diesel fuel sales taxes and vehicle registration taxes, stabilizes the problematic price-based fuel tax rates and provides for inflationary adjustments to rates in future years. The Act will more than double local streets and road funds allocated through the Highway Users Tax Account, allocating funds from new taxes through a new "Road Maintenance and Rehabilitation Account (RMRA). In fiscal year 2023, the Gas Tax-RMRA budget is more than \$9.9 million for pavement rehabilitation and maintenance based on the City's Pavement Management System.

Transportation Sales Tax

Transportation Sales Tax (TransNet) funds are derived from sales tax revenues levied in San Diego County that are collected by the State specifically for use on transportation related projects in San Diego County. The regional metropolitan planning agency, San Diego Association of Governments (SANDAG), programs these funds to municipalities within San Diego County. Revenues vary from year-to-year, depending on the amount of sales tax available to the region and the number and costs of projects for which municipalities, local transit, and Caltrans request funding. The revenue approved for municipalities is based on the specific cost estimates that are required to be submitted as part of the annual request for funding. The TransNet Extension Ordinance states that at least 70% of the funds allocated to local agencies for local road projects should be used to fund Congestion Relief (CR) projects. CR projects include the construction of new or expanded facilities, major rehabilitation and reconstruction of roadways, traffic signalization, transportation infrastructure to support smart growth, capital improvements for transit facilities, and operating support for local shuttle and circulator transit routes. No more than 30% of TransNet funds allocated to local agencies are expected to be used for local street and road maintenance. In the fiscal year 2023 CIP, the TransNet budget is approximately \$8.8 million.

Measure P

On August 2, 2016, the City Council approved Ordinance 3371 modifying the Municipal Code to establish a temporary one-half cent General Transactions and Use Tax if approved by the voters. As part of the action to approve the Ordinance, the City Council approved a spending plan described as the Intended Infrastructure, Facilities and Equipment Expenditure Plan, which identified how the funds were to be allocated. On November 8, 2016, Chula Vista voters approved Measure P, authorizing the one-half cent sales tax increase on retail sales within the City for a period of ten (10) years. The Finance Department created the 2016 Measure P Sales Tax Fund for the purpose of monitoring all revenues and expenditures of Measure P funds. All expenditures of Measure P funds will be tracked and accounted for by the Finance Department in accordance with Generally Accepted Accounting Principles (GAAP) and presented annually in a report to the Citizens' Oversight Committee (COC). Approximately \$9.7 million in Measure P funds are programmed as part of the fiscal year 2023 CIP.

Sewer Funds

Sewer Service Revenue

The Special Sewer fund is used to account for the sale of the City's excess Metropolitan Sewerage Capacity. No Special Service funds are programmed in the fiscal year 2023 CIP.

Trunk Sewer Capital Reserve

The Trunk Sewer Capital Reserve Fund is a permit fee-based revenue source received from the owner or person applying for a permit to develop or modify the use of any residential, commercial, industrial, or other property that may increase the volume of flow in the City's sewer system. The funds may be used for: (1) to repair, replace or enlarge trunk sewer facilities to enhance efficiency of utilization and/or adequacy of capacity to serve the needs of the City, or (2) to plan and/or evaluate any future proposals for area-wide sewage treatment and/or water reclamations systems and facilities. No Truck Sewer Capital Reserve funds are programmed in the fiscal year 2023 CIP.

Sewer Facility Replacement Fund

The Sewer Facility Replacement Fund is a fee-based revenue source that all properties pay each month as part of their sewer bills. The funds can be utilized to replace, rehabilitate or upgrade existing sewer facilities. A total of \$782,000 is programmed in the fiscal year 2023 CIP.

Sewer Development Impact Fee Funds

These fees are levied against new development in specific areas of the City, based upon the sewer facility their project will impact. The monies collected are used to fund construction of public improvements designed to increase the capacity of the subject facilities, allowing the City to maintain service levels with increased demand. Included DIF programs are the Telegraph Canyon Sewer Basin DIF, the Poggi Canyon Sewer Basin DIF, and the Salt Creek Sewer Basin DIF. No Sewer DIF funds are programmed in the fiscal year 2023 CIP.

CIP EXPENDITURE SUMMARY

CIP Expenditure Summary

The 2023-2027 Capital Improvement Program (CIP) is a five-year expenditure plan that provides the City with a financial strategy for infrastructure improvements. The estimated five-year project summary report is included at the end of this Capital Improvement Program (CIP) section. The CIP includes funding for projects and programs in various geographic areas of the City. The adopted fiscal year 2023 capital expenditure budget is approximately \$50.5 million. The forecasted five-year program is estimated at \$105.1 million. The 2023-2027 CIP program reflects the actions taken by Council and developed in accordance with Council adopted policies and guiding documents (such as and not limited to the City's General Plan, Master Plans, Specific Plans and the Regional Transportation Plan) as well as generally accepted accounting principles. Overall, the 5-year program continues to trend favorably despite the economy and the fiscal constraints facing the City.

Projects in this year's Capital Improvement Budget have been sorted by the nine-asset management systems identified in the City's Fiscal Recovery Plan and the Infrastructure Workshop with the City Council. This provides a mechanism to track CIP allocations by Asset Management System (AMS). The nine AMS's include the following:

- The Roadway Management System (RMS) is comprised of all City-owned assets in the Public Right-of-Way. These assets include: Major and Local Streets, Sidewalks, Traffic Signals & Striping, Bicycle and Pedestrian paths, ADA Ramps and Curbs and Gutters.
- The Wastewater Management System (WMS) is comprised of Sewer Pump Stations, Rehabilitation and related projects.
- The Drainage Management System (DMS) is comprised of citywide storm drain facilities.
- The Building Management System (BMS) is comprised of City-owned facilities including the Civic Center, Fire Stations, Libraries, Police Station, Recreation Centers, and community facilities such as Rohr Manor and the Woman's Club.
- The Parks Management System (PMS) is comprised of the citywide park system.
- The Open Space Management System (OMS) is comprised of the Open Space Districts and Community Facility Districts (CFDs).
- The Fleet Management System (FMS) is comprised of infrastructure associated with maintaining City-owned vehicles.
- The General Government Management System (GGMS) includes general-purpose items such as Automation, Utility Undergrounding and Parking Meters.
- The Urban Forestry Management System (UMFS) is comprised of City-owned street trees, and trees within Public Right-of-Way and parks.

The following chart provides an expenditure breakdown, by Asset Management System, totaling approximately \$50.5 million of recommended appropriations:

Fiscal Year 2023 Adopted CIP by Asset Management System

Roadway Management System (RMS)

The total amount programmed for the Roadway Management System (RMS) is \$18.7 million, which represents 37.01% of the adopted CIP budget. Project types within the RMS are Major Streets, Local Streets, and Traffic. The following table summarizes the funding by these project types.

Fund Source	Percentage	Amount
Local Streets	18.21%	\$ 3,407,593
Major Streets	61.32%	\$ 11,471,972
Traffic	20.47%	\$ 3,830,000
Total:	100%	\$ 18,709,565

Major Streets

Approximately \$11.5 million in funding includes the Pavement Major Rehabilitation Projects (citywide). The Pavement Major Rehabilitation Project includes resurfacing and pavement overlays, which may extend street life by 15-20 years. Failure to complete proactive street maintenance will lead to the accelerated deterioration of City streets, thereby, costing more to repair in the long-term.

Local Streets

Approximately \$2.7 million is programmed for the annual Pavement Minor Program to extend street life by 7-10 years. Funding of \$700,000 is planned for projects associated with curb, gutter, sidewalk, pedestrian, and Americans with Disabilities Act (ADA) pedestrian ramp improvements throughout the city.

Traffic

Approximately \$2.7 million is programmed for the Traffic Calming Program, Traffic Signal System Optimization, Traffic Signal and Streetlight Systems Upgrade and Modification Program, Neighborhood Traffic & Pedestrian Safety Program, Adaptive Traffic Signal System, pedestrian improvements, and other traffic related programs.

More than \$1.1 million is programmed for traffic signal modifications and upgrades throughout the city.

Wastewater Management System (WMS)

The appropriation for Wastewater Management System (WMS) is \$.5 million, which represents 0.95% of the adopted CIP budget.

Sewer Projects

Projects to repair, renew and/or replace sewer pipe and manholes within the collection system is programmed at a cost of \$480,000.

Sewer funded projects identified as part of the Building Management System include projects to relocate the pump station at the Police Facility (\$210,000) and upgrade the pump station at City Hall (\$92,000).

Drainage Management System (DMS)

The appropriation for Drainage Management System (DMS) projects is \$3.4 million which represents 6.76% of the adopted CIP budget.

Drainage

Based on proactive measures and the availability of Measure P funds, the CIP in critical condition has been repaired or has been assigned to a funded project for rehabilitation.

Funding of \$2.95 million in CIP funds is being programmed to complete improvements for the Telegraph Canyon Channel extending approximately from Hilltop Park to south of the intersection of Third Avenue & L Street.

An additional \$454,000 in Measure P is being programmed to rehabilitate storm drain piping outside the right of way as identified by the drainage asset management program.

Building Management System (BMS)

The majority of the CIP funding is focused on the Building Management System (BMS). The appropriation for Building Management System (BMS) projects is \$26.3 million, which represents 51.98% of the adopted CIP budget.

An additional \$14.1 million in Measure P and CIP Funds have been programmed to complete Segment 3 of the Loma Verde Recreation Center. Segment 3 will also include a new splashpad, playground replacement, solar water heater replacement, and new sports lighting.

Funding of \$9.5 million in America Rescue Plan Act (ARPA) Funds is being programmed to replace the HVAC system at the Police Headquarters. This project will allow a higher level of air filtration at a key 24/7 public safety facility providing protection against viruses through the enhanced air filtration unit.

Projects to complete building repairs and replacement of assets that have reached or exceeded their expected useful life is planned at the Fire Stations, Police Facility, Civic Center & South Libraries, and other public buildings at a cost of \$4.8 million in Measure P.

Project is planned to complete the general renovation of 1301 Oleander Avenue. This facility was operated by the Boys & Girls Club for over 30 years and now has been vacated and in need of renovation due to aged or broken assets including: roof repairs, repainting, plumbing, flooring, kitchen repairs, electrical repairs, upgrades to energy efficient fixtures, etc. The City's Community Services Department will be taking over operations once the facility is brought back up to standard. Total project cost is \$750,000 in Measure P.

Fleet Management System (FMS)

There are no CIP projects associated with Fleet infrastructure. However, with funding from Measure P, the City has added electric charging stations at some City facilities to accommodate new electrical vehicles added to the fleet.

Parks Management System (PMS)

The appropriation for Park Management System (PMS) projects is \$1.4 million, which represents 2.69% of the adopted CIP budget.

Projects totaling over \$1.9 million funded by Measure P are planned for park infrastructure asset replacements and repairs associated with drinking fountains, irrigation controls, lights, picnic tables, benches, etc. and assist with bringing the City's sports fields up to good standing.

A total of \$847,041 is planned to develop a Master Plan for the Otay Ranch Community Park North, approximately 70 acres.

Open Space Management System (OSMS)

The Open Space Districts and Community Facility Districts (CFD's) were established with new subdivisions beginning in the 1980s. These funding mechanisms were established to ensure sustainable improvements in the natural and landscaped areas in and around the new developments. These fees were structured to allow incremental adjustment with inflation and have generally kept pace with the maintenance needs of the districts. There are no CIP projects associated with the Open Space Management System.

Urban Forestry Management System (UFMS)

The Urban Forestry Management System is responsible for monitoring the overall health of trees throughout the City, including street trees, park trees, and trees located on City property. The City continues to maintain City street trees in order to:

- Ensure ongoing traffic safety along City streets;
- Enhance the appearance and image of the City;
- Improve the air quality and the environment for City residents; and
- Clear right-of-way obstructions.

Industry standard sets the ideal schedule for periodic tree trimming as follows: Palms need to be trimmed every 1 or 2 years. Non-palms are recommended to be trimmed every 3-5 years (eucalyptus and pine every 2-3 and broadleaf every 5-6). Based on an inventory of about 27,500 trees and using 5 years, the annual goal is to trim 5,500 trees. There are no CIP projects associated with the Urban Forestry Management System.

General Government Management System (GGMS)

The appropriation for General Government System (GGS) projects is \$764,000, which represents 0.61% of the adopted CIP budget.

General Government

The City has approximately 164 Miles of aboveground electric distribution wires with an estimated cost to underground of \$275 million. The Franchise Agreement with SDGE Allocation is \$2 million per year from 20A Funds. Almost \$40 million has been expended in undergrounding projects since the 1990's. As of Spring 2021, the City's 20A fund allocation has a positive balance of \$10.13 million. Draw down on the balance is expected in 2021 as the design work for UUD # 141 is completed and the conversion work commences. According to Rule 20A, municipalities can incur debt up to five times the annual allocation.

On November 21, 2017, the City Council held a Public Hearing and formed the two Utility Undergrounding Districts (UUD) for the F Street corridor: F Street from Bay Blvd. to Broadway (UUD # 141) – \$3 million, and from Broadway

to Fourth Avenue (UUD #142) – \$1.6 million via Resolution 2017-216. Design work has commenced with SDG&E on UUD #141 and the undergrounding of the utilities will begin in 2020 with completion estimated in late 2021. MTS also removed approximately 1,550 LF of railroad tracks, ties and ballast and repaved the center of F Street west of Broadway in August of 2019 at a cost of about \$600,000. SDG&E will begin the conversion work for UUD # 141 on F street beginning in the Summer of 2021. Work will be completed west of Broadway by early 2023. The conversion work east of Broadway on UUD # 142 is anticipated to follow immediately thereafter.

Funding of \$454,000 in Measure P is being added to an existing project to replace and upgrade the citywide telecommunications system. The telecommunications system needs to be upgraded as replacement components are no longer manufactured.

Project is planned to replace bridges, address Americans with Disabilities Act (ADA) access issues, redo parking lot and cart return area, trim trees, and complete other infrastructure repairs necessary to maintain operations at the Chula Vista Municipal Golf Course. Project cost is \$250,000.

A total of \$60,000 is programmed for advance planning associated with the citywide CIP Program.

Regional Projects

The City of Chula Vista CIP includes funding for several studies related to regional projects. It does not include total costs of regional projects funded or led by other agencies such as Caltrans or SANDAG. However, City staff often partners or gets involved in the delivery of these projects since they provide a direct benefit to the community and sustainable infrastructure. The following is a summary of various projects:

Interstate-5 Multi-modal Corridor Study

In an effort to identify all transportation related improvements needed along, across and within the four-mile long Interstate-5 and rail corridor in Chula Vista, the City has combined efforts with Caltrans, Metropolitan Transit System (MTS) and SANDAG to undertake this planning level study. Funding is provided by a combination of TransNet and two Federal grants. The study has several phases of work and all three phases have been completed. Phase III commenced in FY 2014 and is for the environmental work and preliminary engineering of grade-separating the Palomar Street light rail crossing near the intersection with Industrial Blvd. On January 28, 2020, the City Council approved the Project Report for the Palomar Street Rail Grade Separation Project with Resolution 2020-015.

www.chulavistaca.gov/departments/engineering/light-rail-corridor-improvements

Phase I identified and prioritized needed transportation improvements to improve mobility and goods movement within the study area bounded by SR-54 and Main Street. The results of the first phase study completed in December 2010 were included in the 2050 Regional Transportation Plan adopted by SANDAG in October 2011 and in 2015. This report is used as a technical appendix to the SANDAG 2050 Regional Transportation Plan. Rail improvements were identified as the highest near-term need and led to the SANDAG's Board of Directors approval of the design phase at Palomar Street. Design began in 2021 and will be completed by end of 2023.

www.sandag.org/index.asp?projectid=387&fuseaction=projects.detail

Phase II, the Chula Vista Light Rail Corridor Improvements Project Study Report, is a grade separation study for each of the three light rail trolley stations at E Street, H Street and Palomar Street. This document, completed in August 2012, has planning level work for the ultimate rail corridor improvements in Chula Vista. Final recommendations from the Light Rail Train (LRT) Improvement study were incorporated into the Phase III environmental work for the Palomar Street location as well as future regional plans and as individual projects into the Bayfront Development Impact Fee Program, the Western Transportation Development Impact Fee (WTDIF) Program and the CIP program.

www.chulavistaca.gov/departments/public-works/engineering/chula-vista-light-rail-corridor-improvements-project-study-report

In April of 2017, the E Street, F Street & H Street rail corridor study was updated to include additional information on project limits and a program level cost estimate. The "CHULA VISTA LIGHT RAIL CORRIDOR IMPROVEMENTS FINAL SUPPLEMENTAL PROJECT STUDY REPORT" functions as a supplemental report to the 2012 Project Study

Report, and whose purpose is to document the analysis of one additional alternative for grade-separating the MTS (San Diego Metropolitan Transit System) LRT tracks from the roadway crossings at E and H Streets by combining the two grade separations into one project. Since F Street is between E and H Streets, this combined project would also grade-separate the F Street crossing. The three future grade separated tracks are also used by the freight trains that travel through this corridor.

www.chulavistaca.gov/home/showpublisheddocument?id=16349

The completed Phase I and Phase II studies serve to identify an accurate project description for Phase III, a future LRT grade-separation Environmental Impact Report (EIR) for the Palomar Street rail crossing that commenced in FY 2013-14 was completed in January 2020. This environmental and preliminary design work was the last phase of the I-5 Multi-modal Corridor Study. The Palomar Street crossing is the highest priority LRT grade-separation project out of 27 study locations evaluated within San Diego County. City staff worked with SANDAG staff to obtain the \$5 million design phase funded in FY20 for the next phase of work for Palomar Street. The construction phase is likely to get regional, State & Federal funding once the design phase nears completion in late 2023. The design phase is estimated to take 24 to 30 months. Pending SANDAG funding for the construction phase in FY22 or FY23, construction could be up to 36 months in duration with a project completion date by end of 2026 at the earliest.

The H Street and the E street locations rank fourth and sixth, respectively. Due to the proximity of the F Street crossing and freight rail profile design constraints between the Sweetwater River and the J Street rail crossing, F Street must be grade separated along with the E Street and H Street rail crossings. The updated April 2017 E Street & H Street Grade Separation Project Alternatives Analyses/Feasibility Study (AA/FS) Report was completed with input from the freight rail operator. This AA/FS report provides additional information on the extent of the work needed from south of the Sweetwater River to a point south of the J Street crossing for this corridor. The AA/FS report also includes a preliminary opinion of probable costs.

Ultimate improvements for this freight and LRT rail corridor are planned for in the SANDAG Regional Transportation Plan and shown in Appendix A.

sdfoward.com/previous-plan-dropdown/chapters-and-appendices

This project titled “Blue Line/Mid-Coast Frequency Enhancements and rail grade separations at 28th St, 32nd St, E St, H St, Palomar St, at Taylor St and Ash St, and Blue/Orange Track Connection at 12th/Imperial” is included as in the “2019 Federal Regional Transportation Plan” – Appendix A, as a two phased project with a planned completion date of Year 2035 for the work within Chula Vista. No funding is yet identified for the E Street (& F Street) to H Street rail corridor other than the current design phase of work at Palomar Street. As indicated below, the Chula Vista locations are planned to be completed by year 2035. In FY21, staff submitted to SANDAG an application packet for all four Chula Vista rail improvements so that they can be considered in the next Federal Transportation Act.

Phase I – Blue Line Frequency Enhancements and rail grade separations at 28th St, 32nd St, E St, H St, Palomar St, and Blue/Orange Track Connection at 12th/Imperial (Year 2035).

Phase II – Blue Line rail grade separations at Taylor St and Ash St (Year 2050).

Main Street Extension from Heritage Road to La Media Road.

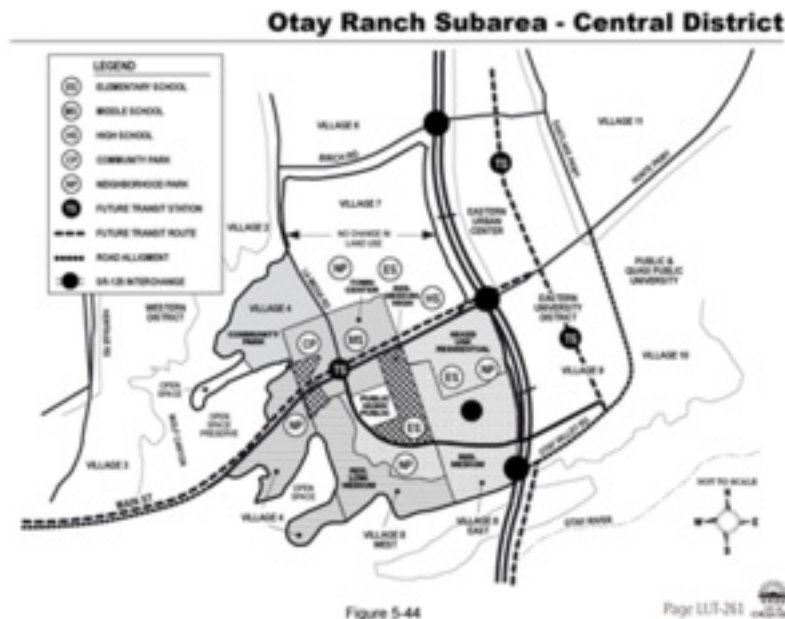

The project is in coordination with the development community to consider several roadway alignments of which one includes a bridge over Wolf Canyon and associated utilities. The initial works involves meeting with the resource agencies and ultimately issue a request for proposal to complete the environmental document and preliminary level bridge and utility design. The development community continues their evaluation of various land use alternatives that will determine the timing and alignment needs for this arterial roadway but more immediate needs are further east along the SR-125 corridor.

Interchanges on SR-125 at Main St./Hunte Pkwy and at Otay Valley Rd. (La Media Rd.)

On July 30, 2020, as new development continues in the southeastern portion of the city in Otay Ranch, the developer, with approval by the city, initiated work with Caltrans on a future pair of \$65M interchanges at SR-125/Main Street and at SR-125/Otay Valley Road (La Media Road). Additional discussion with Caltrans has been conducted on the first interchange with SR-125 at the easterly terminus of Main Street between Magdalena Avenue and westerly extension of Hunte Parkway from Eastlake Parkway. In order to eventually proceed to the construction phase for the initial interchange at Main Street, the developer has entered into a Highway Improvement Agreement which requires as the initial phase a Project Initiation Document (PID) via a Project Study Report. The PID will take one year to complete. The second location is an overcrossing planned south of Main Street at Otay Valley Road. Otay Valley Road is the south-to-easterly extension of La Media Road across the SR-125 corridor. This overcrossing is needed but may be constructed as a secondary interchange pending the traffic and geometric studies.

The phase of work and completion of work timeline for the SR-125 interchanges are:

1. Project Initiation Document/Project Study Report (FY22)
2. Project Report/Environmental Document (FY24)
3. Construction Phase (Begin FY24 – Open to Public FY27)

Circulation Plan - East

Figure 5-13E

I-805 South Express Lanes Project (from “www.keepsandiegomoving.com” website):

The I-805 South Express Lanes Project area is roughly 11 miles, between East Palomar Street in Chula Vista and the I-805/SR 15 interchange in San Diego. The project includes the addition of carpool (HOV)/Express Lanes within the freeway median. Additionally, the project includes the construction of a Direct Access Ramp (DAR) at East Palomar Street in Chula Vista that connects to the carpool/Express Lanes, as well as intermediate access points, direct connectors, in-line transit stations, and park & ride locations. The I-805 South Express Lanes Project will be constructed in two major phases.

Phase I – COMPLETED

Phase I Improvements included the addition of one carpool or HOV, lane, in each direction along an eight-mile segment stretching from East Naples Street in Chula Vista to State Route 94 (SR 94) in San Diego. Phase I also included a new DAR, Transit Station and Park & Ride lots at East Palomar Street in Chula Vista, which opened on January 4, 2017, and the addition of 10 sound walls along the route to help mitigate freeway noise and enhance the quality of life for neighboring communities.

Phase II

The second phase of the I-805 South Express Lanes Project will further expand transportation choices by expanding the carpool lanes into Express Lanes, allowing for solo drivers using FasTrak®. Phase II also includes the addition of in-line transit stations and direct freeway-to-freeway HOV connectors.

- Express Lanes* – The carpool lanes will be converted into Express Lanes between East Palomar Street and the I-805/SR 15 interchange. The Express Lanes will serve the South Bay Rapid, carpools, vanpools, buses, motorcycles, permitted clean air vehicles, and solo drivers using FasTrak®.
- Transit Stations* – In-line transit stations will be constructed at East H Street in Chula Vista and East Plaza Boulevard in National City. These stops will provide convenient access to the South Bay Rapid system and reduce travel times by eliminating the need for vehicles to exit the freeway. A transit station along State Route 94 and an in-line transit station along I-805 near the 47th Street Trolley Station are planned as parts of other projects.
- Direct Connectors* – Direct freeway-to-freeway HOV connectors between I-805 and SR 15 will allow seamless transitions between the carpool lanes. The direct connectors will help maintain consistent traffic speed within the Express Lanes. A direct connector at SR 94 is planned as part of a separate project.
- Sound Walls – Phase II of the I-805 South Express Lanes Project will include the construction of five additional sound wall segments between East Naples Street and Bonita Road. Walls will abate freeway noise by at least five decibels and will improve the quality of life for nearby residents. Construction of the first stage of sound walls began in the fall 2018 and is scheduled to be completed in late 2021.

* Construction of these improvements will be scheduled as funding becomes available.

In 2018, the construction phase began for the sound walls between East Naples Street and SR-54. The \$42M sound wall and Sweetwater Bridge deck work will ultimately noticeably reduce ambient noise levels to nearby residents and widen the I-805 Sweetwater River Bridge south of the SR-54 interchange so that there is more left and northbound right shoulder area, complete the seismic retrofit and make other improvements for the northbound direction.

www.keepsandiegomoving.com/I-805-corridor/I-805-south-segment.aspx

The South Bay Bus Rapid Transit (SBBRT) Project

Significant construction work was completed for South Bay Rapid in FY 2017/18 and FY 2018/19. This project includes 12 stations along a 26-mile route from the Otay Mesa Port of Entry to Downtown San Diego via eastern Chula Vista, connecting to employment and activity centers in Downtown San Diego and South County. This project also will include a nearly six-mile-long transit-only guideway within the center median of East Palomar Street and along Eastlake Parkway in Chula Vista. Construction of one of the four segments (from Heritage Road to Olympic Parkway) was completed at the end of 2017. Two segments (Olympic Parkway to Birch Road & Otay Mesa Transit Center) were completed in 2018. Due to extensive utility relocation work between Oleander Avenue and Paseo Ladera, the last segment, Oleander Avenue to Heritage Road, was completed in early 2021. Rapid service began on January 27, 2019.

Construction through Chula Vista will be completed in three (3) phases by SANDAG plus one (1) phase by the developer:

1. Phase 1A – from Oleander Avenue to Heritage Road. This segment is under construction now and has provided a new traffic signal at Oleander Avenue/East Palomar Street. Except for the landscaping maintenance period, all construction was completed in FY 2020/21.
2. Phase 1B – from Heritage Road to Olympic Parkway. Construction began in February 2016 and was completed in fiscal year 2018.

3. Phase 2 – from Olympic Parkway and across the SR-125 Toll Road via a new pedestrian and bus bridge overcrossing. Then around the northerly and easterly frontage of the Otay Ranch Mall to Birch Road. Construction began in September 2016. This phase was completed in fiscal year 2019.
4. Millenia Station – work by the developer south of Birch Road within the Millenia project area was generally completed in fiscal year 2019.

Updates to the regional projects can be found on the following weblink:

www.keepsandiegomoving.com

Future I-5 (Blue Line), SR 125 & I-805 (Purple Line) Corridor System Management Plans

In late 2019, the SANDAG Board of Directors took two actions that ultimately approved an amendment to the FY 2020 Program Budget, adding \$593.4 million in formula funds for numerous regionwide projects. For Chula Vista, the freeway corridors listed below have commenced and will conclude with recommendations for various transportation improvements that could be implemented in phases over many years:

- Complete Corridor: Blue Line Express/I-5 South & Palomar St Rail Xing
- Complete Corridor: High Speed Transit/SR 125
- Complete Corridor: Purple Line Corridor/I-805

www.sandag.org/uploads/meetingid/meetingid_5155_26613.pdf

www.sandag.org/uploads/meetingid/meetingid_5174_26749.pdf

City staff has been working with SANDAG on the Comprehensive Multimodal Corridor Plan (CMCP) known as the South Bay to Sorrento (SB2S) Study. The CMCP evaluates all travel modes and transportation facilities in a defined corridor – highways and freeways, parallel and connecting roadways, transit (bus, bus rapid transit, light rail, intercity rail, etc.), pathways, and bikeways to accommodate more efficient movement of people and goods through the southern portion of San Diego County. Work began in FY 2020/21 and will be completed in FY 2021/22.

www.sandag.org/uploads/publicationid/publicationid_4725_28441.pdf

CIP Document

The initial proposed capital improvement project detail sheets are posted annually in April of each year on the Public Works website for public comment and review.

www.chulavistaca.gov/departments/public-works/projects

The proposed CIP is presented at a Council Budget Workshop and adopted in May of every year.

Additionally, the Engineering & Capital Projects Department publishes an annual adopted CIP budget. The document is made available at the City Clerk's Office, the Civic Center Library, Otay Ranch Mall Library, the South Chula Vista Library, and the City's website.

CIP BUDGET SUMMARY

CAPITAL IMPROVEMENT BUDGET

Funding Summary by Project Type

BUILDING

		FY 2022-23 Adopted
GGV0232	Police Facility Repairs (Measure P)	\$ 25,000
GGV0233	Recreation and Senior Center Repairs (Measure P)	\$ 760,500
GGV0234	Public Building Repairs (Measure P)	\$ 1,070,000
GGV0245	Police Facility Sewer Pump Station Relocation	\$ 210,000
GGV0246	City Hall Sewer Pump Station Upgrades	\$ 92,000
GGV0247	Loma Verde Aquatic and Recreation Center (Measure P)	\$ 14,100,000
GGV0261	HVAC Replacement	\$ 9,500,000
GGV0262	Rehabilitation YMCA Building	\$ 500,000
BUILDING TOTAL		\$ 26,257,500

DRAINAGE

		FY 2022-23 Adopted
DRN0208	Telegraph Canyon Channel Improvements	\$ 2,950,000
DRN0214	Installation of Full Capture Trash BMPs	\$ 10,000
DRN0219	CMP Rehab Outside of Right of Way Phase III - Measure P	\$ 454,000
DRAINAGE TOTAL		\$ 3,414,000

GENERAL GOVERNMENT

		FY 2022-23 Adopted
CTY0202	CIP Advance Planning	\$ 60,000
GGV0266	Security Cameras at Civic Center	\$ 250,000
GENERAL GOVERNMENT TOTAL		\$ 310,000

PARKS

		FY 2022-23 Adopted
PRK0326	Park Infrastructure (Measure P)	\$ 750,000
PRK0327	Sport Courts and Fields (Measure P)	\$ 500,000
REC0261	Otay Ranch Community Park North Master Plan	\$ 109,940
PARKS TOTAL		\$ 1,359,940

CAPITAL IMPROVEMENT BUDGET Funding Summary by Project Type

ROADWAY

		FY 2022-23 Adopted
CTY0219	Pavement Management System	\$ 120,000
CTY0232	ADA Pedestrian Connectivity Program	\$ 50,000
STL0459	Pavement Maintenance Program FY2022/23	\$ 1,707,593
STL0460	RMRA Pavement Maintenance - FY2022/23	\$ 1,000,000
STL0461	ADA Pedestrian Curb Ramps Program FY2022/23	\$ 250,000
STL0462	Sidewalk Replacement Program FY2022/23	\$ 200,000
STL0463	Pavement Repair Program FY2022/23	\$ 200,000
STL0464	F Street Promenade Phase 1	\$ 100,000
STM0369	Bikeway Facilities Gap Program	\$ 50,000
STM0394	UUD Street Light Conversion - F St Phase 1	\$ 100,000
STM0405	ADA Path Installation at Otay Lakes Road at Camino Del Cerro Grande	\$ 75,000
STM0406	Bay Boulevard at L Street Sidewalk Improvements Study	\$ 100,000
STM0407	F Street Undergrounding Phase 2 - Street Light Design	\$ 20,000
STM0411	Pavement Major Rehabilitation Program FY2022/23	\$ 5,651,000
STM0412	RMRA Pavement Rehabilitation FY2022/23	\$ 5,255,972
TRF0321	Citywide Traffic Data Program	\$ 20,000
TRF0325	Traffic Monitoring Program	\$ 20,000
TRF0327	Neighborhood Road Safety Program	\$ 500,000
TRF0332	Signing and Striping Program	\$ 50,000
TRF0345	School Zone Traffic Calming Program	\$ 200,000
TRF0350	Traffic Signal System Optimization Program	\$ 300,000
TRF0354	Traffic Congestion Relief Program	\$ 150,000
TRF0366	Traffic Signal and Streetlight Systems Upgrade and Modification Program	\$ 250,000
TRF0414	Pedestrian Access and Traffic Calming Studies	\$ 20,000
TRF0415	Telegraph Canyon Road Raised Median Improvements	\$ 75,000
TRF0422	Radar Speed Feedback Signs Various Locations	\$ 200,000
TRF0427	North Second Avenue Shoulder Improvements	\$ 115,000
TRF0429	Pedestrian and Guardrail Improvements at Various Locations	\$ 30,000
TRF0430	ADA Pedestrian Push Button Improvements	\$ 200,000
TRF0431	Signal Improvements at 2 Locations and Jacqua Street Truck Access Control	\$ 900,000
TRF0432	Olympic Parkway Safety Enhancements	\$ 700,000
TRF0433	Hilltop Drive SB-EB Left Turn Pocket Study	\$ 100,000
ROADWAY TOTAL		\$ 18,709,565

CAPITAL IMPROVEMENT BUDGET Funding Summary by Project Type

WASTEWATER

		FY 2022-23 Adopted
SWR0314	Sewer Manhole Rehabilitation FY2019/20	\$ 180,000
SWR0325	Maintenance Hole Rehabilitation Program FY2022/23	\$ 300,000
WASTEWATER TOTAL		\$ 480,000
GRAND TOTAL – ALL PROJECTS:		\$ 50,531,005

**FIVE-YEAR CIP
PROJECT SUMMARY
SCHEDULE**

2022/23 – 2026/27 Capital Improvement Program

CIP #	Project Name	2022/2023	2023/2024	2024/2025	2025/2026	2026/2027	Total

MEASURE A FUND SUMMARY

Measure A Fund Summary

The Measure A fund accounts for revenues and expenditures related to the approved ballot measure adopting a one-half (½) cent Public Safety General Transactions and Use Tax (Sales Tax) in the City of Chula Vista.

In December 2017, City staff presented the Public Safety Staffing Strategies Report to the City Council. This report outlined staffing proposals for the Police and Fire Department that addressed critical needs. After discussions regarding the critical needs and funding options, the City Council directed the City Manager to return with a proposal for Council consideration to place a half-cent sales tax measure before the voters to fund public safety critical needs.

In February 2018, City staff presented the City Council with a ballot measure to consider for placement to address public safety staffing on the ballot in June 2018. The tax will remain in place, Measure A sales tax does not have a sunset date. Concurrent with the approval of placing the measure on the ballot, the City Council adopted an Intended Public Safety Expenditure Plan for the anticipated revenues generated from the measure.

On June 5, 2018 Chula Vista voters approved Measure A, authorizing the one-half cent sales tax increase. Collection of the sales tax began October 1, 2018.

The sales tax will allow the Chula Vista Fire and Police Departments to provide faster responses to 9-1-1 emergency calls, increase neighborhood police patrols, reduce gang and drug-related crimes, address homelessness, and improve firefighter, paramedic and emergency medical response times.

The City has established a separate fund to track and account for income and expenses and appointed a Citizen’s Oversight Committee (“COC”) to ensure transparency in the use of Measure A Funds.

Revenues

The fiscal year 2023 Adopted Budget reflects the allocation of approximately \$25.7 million in Measure A sales tax revenues and approximately \$0.3 million is from FEMA SAFER grant reimbursement for the Fire Department for a total of \$25.9 million in revenues. Sales tax revenues are received in the City’s General Fund, and then transferred into the Measure A Fund.

The following table reflects the Measure A revenues by category.

Measure A Fund Revenues

Category	FY 2022 Adopted	FY 2023 Adopted	Change	% Change
Revenue from Other Agencies	\$ 250,000	\$ 250,000	\$ -	0.0%
Transfers In	\$ 22,943,658	\$ 25,687,903	\$ 2,744,245	12.0%
Total	\$ 23,193,658	\$ 25,937,903	\$ 2,744,245	13.4%

Expenditures

The fiscal year 2023 Adopted Measure A Budget includes approximately \$19.3 million in expenditures for the Fire and Police Departments, to follow are the major categories for each department as noted within the Spending Plan:

Police Department

- Personnel Costs – The budget includes funding for the costs related to the approved Measure A positions.
- Sworn Non-Personnel Costs – Funding included for equipment and supplies to support sworn staff.
- Civilian Non-Personnel Costs – Funding included for equipment and supplies to support civilian staff.
- Computers and Other Equipment – Includes funding for computers and equipment used by staff within the fund.
- Police Vehicles, Outfitting, Maint., Fuel, etc. – Funding included for Police vehicles and the costs associated with their operation.

- Reimbursement for Support Staff (IT, Fin, HR, City Attorney) – Includes funding for the departments that provide the Measure A support to the Police Department.
- Transfers Out – This category reflects funding for the 2021 Pension Obligation Bonds debt service payment and Section 115 Trust for OPEB contributions, and contributions to the Vehicle Replacement Fund.

Fire Department

- Personnel Costs – The budget includes funding for costs related to Measure A positions.
- Academy Costs – Funding for the Fire Academy.
- PPE Maintenance – Includes funding for the maintenance of personal protection equipment.
- Computers and Other Equipment – Includes funding for computers and equipment used by staff within the fund.
- Fire Vehicles, Outfitting, Maint., Fuel, etc. – Funding included for Fire vehicles and the associated costs of operation.
- Reimbursement for Support Staff (IT, Fin, HR, City Attorney) – Includes funding the departments that provide Measure A support to the Fire Department.
- Transfers Out – This category reflects funding for the 2021 Pension Obligation Bonds debt service payment, Section 115 Trust for OPEB contributions, and contributions to the Vehicle Replacement Fund.

The following table provides the detailed breakdown of the Measure A expenditures by category.

Measure A Fund Expenditures

MEASURE P FUND SUMMARY

Measure P Fund Summary

The Measure P fund accounts for revenues and expenditures related to the approved ballot measure adopting a one-half (½) cent General Transactions and Use Tax (Sales Tax) in the City of Chula Vista.

On August 2, 2016, the City Council approved Ordinance 3371 (“Ordinance”) modifying the Municipal Code to establish a temporary one-half cent Sales Tax if approved by the voters. As part of the action to approve the Ordinance, the City Council approved a spending plan described as the Intended Infrastructure, Facilities and Equipment Expenditure Plan (Expenditure Plan), which identified how the funds were to be allocated.

On November 8, 2016 Chula Vista voters approved Measure P, authorizing the one-half cent sales tax increase on retail sales within the City for a period of ten (10) years.

Collection of the sales tax began April 1, 2017. The sales tax is anticipated to exceed the original estimated amount of \$186 million over the ten-year collection period. The proceeds of the tax will be used to upgrade police, fire, paramedic and 9-1-1 equipment, vehicles and facilities; fund streets and sidewalks; replace storm drains to prevent sinkholes; improve parks; repair recreation facilities; and repair or replace other city infrastructure.

The City has established a separate fund to track and account for income and expenses and appointed a Citizen’s Oversight Committee (“COC”) to ensure transparency in the use of Measure P Funds.

Revenues

The fiscal year 2023 Adopted Budget reflects the allocation of approximately \$25.6 million in Measure P sales tax revenues. These sales tax revenues are received in the City’s General Fund, and then transferred into the Measure P Fund.

The following table reflects the Measure P revenues by category.

Measure P Fund Revenues

Category	FY 2022 Adopted	FY 2023 Adopted	Change	% Change
Transfers In	\$ 22,777,017	\$ 25,588,947	\$ 2,811,930	12.3%
Total	\$ 22,777,017	\$ 25,588,947	\$ 2,811,930	12.3%

Expenditures

The fiscal year 2023 Adopted Measure P Budget includes approximately \$22.6 million in expenditures for police facility repairs, recreation centers, other public buildings, sports courts and fields, park infrastructure, other infrastructure, equipment, fleet purchases and debt service. To follow are the major categories as noted within the adopted Expenditure Plan:

The following table provides the breakdown of the Measure P expenditures by project category.

Measure P Fund Expenditures

Project	FY 2023 Adopted
Fire Vehicles	\$ 907,550
Police Vehicles	\$ 944,950
Non-Safety City Vehicles	\$ 2,000,000

FISCAL POLICIES

Fiscal Policies

This section of the budget document reiterates the fiscal policies that were reviewed, acknowledged, or approved/adopted by the City Council. These policies form the overall framework within which the operating budget was formulated. The fiscal policies, most of which are already codified in one form or another, are not considered new or controversial, but are summarized here to assist you to better understand the basis for the resource allocation decisions that were made.

General

1. The City's financial assets will be managed in a sound and prudent manner in order to ensure the continued viability of the organization.
2. A comprehensive operating and capital budget for all City funds will be developed annually and presented to the City Council for approval. The purpose of the annual budget will be to:
 - a) Identify community needs for essential services.
 - b) Identify the programs and specific activities required to provide these essential services.
 - c) Establish program policies and goals that define the nature and level of program services required.
 - d) Identify alternatives for improving the delivery of program services.
 - e) Identify the resources required to fund identified programs and activities, and enable accomplishment of program objectives.
 - f) Set standards to facilitate the measurement and evaluation of program performance.
3. The City's annual operating budget will be balanced whereby planned expenditures do not exceed anticipated revenues.
4. Recurring revenues will fund recurring expenditures. One-time revenues will be used for capital, reserve augmentation, or other non-recurring expenditures.
5. Accounting systems will be maintained in accordance with Generally Accepted Accounting Principles.
6. Investment policy and practice will be in accordance with State statutes that emphasize safety and liquidity over yield, including quarterly status reports to the City Council. *(Council Policy)*
7. City operations will be managed and budgets prepared with the goal of maintaining an available fund balance in the General Fund of no less than fifteen percent of the General Fund operating budget. *(Council Policy)*
8. General Fund fiscal status reports reflecting comparisons of actual and projected performance with budget allocations for both revenue and expenditures will be presented to the City Council on a quarterly basis. *(City Charter)*

Revenue

1. The City will endeavor to maintain a diversified and stable revenue base in order to minimize the impact to programs from short-term economic fluctuations.
2. Revenue projections will be maintained for the current year and four future fiscal years, and estimates will be based on a conservative, analytical, and objective process.
3. In order to maintain flexibility, except as required by law or funding source, the City will avoid earmarking any restricted revenues for specific purpose or program.
4. The City has established user fees to best ensure that those who use a proprietary service pay for that service in proportion to the benefits received. With few exceptions, such as those services provided for low-income residents, fees have been set to enable the City to recover the full cost of providing those services. *(Citywide Cost Recovery Policy, Council Policy Number 159-03)*
5. User fees will be reviewed and updated on an ongoing basis to ensure that program costs continue to be recovered and that the fees reflect changes in levels of service delivery. *(Master Fee Schedule)*

6. The City will recover the cost of new facilities and infrastructure necessitated by new development consistent with State law and the City's Growth Management Program. Development Impact Fees will be closely monitored and updated to ensure that they are maintained at a level adequate to recover costs. *(GMOC Ordinance)*
7. When considering new development alternatives, the City will attempt to determine the fiscal impact of proposed projects, annexations, etc. and ensure that mechanisms are put in place to provide funding for any projected negative impacts on City operations. *(GMOC Ordinance)*

Expenditures

1. Budgetary control will be exercised at the Department/category level, meaning that each department is authorized to spend up to the total amount appropriated for that department within the expenditure categories of Personnel Costs, Supplies & Services, Other Charges, Utilities, and Capital. Transfers of appropriations between expenditure categories of up to \$15,000 may be approved by the City Manager. Transfers of appropriations between expenditure categories in excess of \$15,000, between departments, and transfers from CIP projects require City Council approval. *(City Charter & Council Policy)*
2. Appropriations, other than for capital projects, remaining unspent at the end of any fiscal year will be canceled and returned to Available Fund Balance with the exception of any appropriations encumbered as the result of a valid purchase order or as approved for a specific project or purpose by the City Council or the City Manager. Appropriations for capital projects will necessarily be carried over from year to year until the project is deemed to be complete. *(Council Policy)*
3. The City will establish and maintain equipment replacement and facility maintenance funds as deemed necessary to ensure that monies are set aside and available to fund ongoing replacement needs.
4. The City will attempt to compensate non-safety employees at rates above the middle of the labor market as measured by the median rate for similar jurisdictions. *(Council Policy)*

Capital Improvement Program (CIP)

1. Major capital projects will be included in a CIP Budget reflecting a five-year period. The CIP budget will be updated annually and presented to City Council for approval. Resources will be formally appropriated (budgeted) for the various projects on an annual basis in accordance with the five-year plan.

City Debt Policy & Debt Management

1. The City will consider the use of debt financing primarily for capital improvement projects (CIP) when the project's useful life will exceed the term of the financing and when resources are identified sufficient to fund the debt service requirements. Some exceptions to this CIP driven focus are the issuance of debt such as Pension Obligation Bonds, where the financial benefits are significantly greater than the costs and where the benefits are determined to be a financially prudent option; and short-term instruments such as tax and revenue anticipation notes, which are to be used for prudent cash management purposes. Bonded debt should not be issued for projects with minimal public benefit or support, or to finance normal operating expenses. *(Council Policy)*

If a department has any project which is expected to use debt financing, the department director is responsible for expeditiously providing the Finance Department with reasonable cost estimates, including specific revenue accounts that will provide payment for the debt service. This will allow the Finance Department to do an analysis of the project's potential impact on the City's debt capacity and limitations. *(Council Policy)*

2. Debt capacity and affordability will be determined by conducting various analyses prior to the issuance of bonds. The analysis of debt capacity should cover a broad range of factors including but limited to the following:
 - Statutory or constitutional limitations affecting the amount that can be issued, such as legally authorized debt limits and tax or expenditure ceilings
 - Other legal limitations, such as coverage requirements or additional bonds tests imposed by bond covenants

- Evaluation of trends relating to the government’s financial performance, such as revenues and expenditures, net revenues available after meeting operating requirements, reliability of revenues expected to pay debt service and unreserved fund balance levels
- Debt service as a percentage of total General Fund Revenues

The City will attempt to limit the total amount of annual debt service payments payable by the General Fund to no more than 10% of estimated total General Fund revenues. Under State Law, general obligation bonds shall not exceed 15% of total assessed valuation within the City.

An analysis using current market rates and conservative projections showing compliance with the debt affordability limitations included in this Debt Policy shall be conducted before the issuance of any debt with a maturity longer than two years from date of issue.

Data showing direct and overlapping debt levels for the City of Chula Vista and surrounding agencies that affect the residents of the City shall be compiled for inclusion in the Comprehensive Annual Financial Report of the City. (*Council Policy*)

3. In order to maximize the financial options available to benefit the public, it is the policy of the City of Chula Vista to allow for the consideration of issuing all generally accepted types of debt, including, but not exclusive to the following:
 - General Obligation (GO) Bonds: General Obligation Bonds are suitable for use in the construction or acquisition of improvements to real property that benefit the public at large. Examples of projects include libraries, parks, and public safety facilities. All GO bonds require a 2/3 vote in order to pass.
 - Revenue Bonds: Revenue Bonds are limited-liability obligations tied to a specific enterprise revenue stream where the projects financed clearly benefit or relate to the enterprise. An example of projects that would be financed by a Revenue Bond would be improvements to the sewer system, which would be paid back with money raised from the property owner’s sewer bills. Generally, no voter approval is required to issue this type of obligation but must comply with proposition 218 regarding rate adjustments.
 - Lease-Backed Debt/Certificates of Participation (COP): Issuance of COP debt is a commonly used form of debt that allows a City to finance projects where the debt service is secured via a lease or installment agreement and where the payments are budgeted in the annual budget appropriation by the City from the general fund. Lease-Backed debt does not constitute indebtedness under the state or the City’s constitutional debt limit and does not require voter approval.
 - Special Assessment/Special District Debt: the City will consider requests from developers for the use of debt financing secured by property based assessments or special taxes in order to provide for necessary infrastructure for new development only under strict guidelines adopted by City Council, which may include minimum value-to-lien ratios and maximum tax burdens. Examples of this type of debt are Assessment Districts (AD) and Community Facilities Districts (CFD) or more commonly known as Mello-Roos Districts. In order to protect bondholders as well as the City’s credit rating, all Rate and Method of Apportionment (RMA) documents must include the provision that the maximum projected annual special tax revenues must equal 110% of the projected annual gross debt service on any bonds of the community facilities district. The City will also comply with all State guidelines regarding the issuance of special district or special assessment debt. For further information, refer to the City of Chula Vista Statement of Goals and Policies Regarding the Establishment of Community Facility Districts.
 - Industrial Development Bonds – Industrial Development Bonds (IDBs) are tax-exempt securities which can fund manufacturing businesses or energy development projects which provides a public benefit. While the authorization to issue IDBs is provided by a state statute, the tax-exempt status of these bonds is derived from federal law (IRS Code Section 103(b) (2)).
 - Tax Allocation Bonds – Tax Allocation Bonds are special obligations that are secured by the allocation of tax increment revenues that were generated by increased property taxes in the designated redevelopment area. Tax Allocation Bonds are not debt of the City. Due to changes in the law affecting California Redevelopment

agencies with the passage of ABX1 26 as codified in the California Health and Safety Code, the City of Chula Vista Redevelopment Agency (RDA) was dissolved as of February 1, 2012, and its operations substantially eliminated but for the continuation of certain enforceable RDA obligations to be administered by the City of Chula Vista Successor Agency. The terms of ABX1 26 requires successor agencies perform all obligations with respect to enforceable debt obligations, which include Tax Allocation Bonds.

- Multi-Family Mortgage Revenue Bonds – The City Housing Authority is authorized to issue mortgage revenue bonds to finance the development, acquisition and rehabilitation of multi-family rental projects. The interest on the bonds can be exempt from Federal and State taxation. As a result, bonds provide below market financing for qualified rental projects. In addition, the bonds issued can qualify projects for allocations of Federal low-income housing tax credits, which can provide a significant portion of the funding necessary to develop affordable housing. For further information, refer to the Chula Vista Housing Authority – Multi-Family Administrative Bond Policies.
 - HUD Section 108 Loan Guarantee Program – The U.S. Department of Housing and Urban Development (HUD) Section 108 Loan Guarantee Program allows cities to use their annual Community Development Block Grant (CDBG) entitlement grants to obtain federally guaranteed funds large enough to stimulate or pay for major community development and economic development projects. The program does not require a pledge of the City's General Fund, only of future CDBG entitlements. By pledging future CDBG entitlement grants as security, the City can borrow at favorable interest rates because of HUD's guarantee of repayment to investors. (*Council Policy*)
4. The City will strive to minimize borrowing costs by:
 - Seeking the highest credit rating possible;
 - Maintaining transparency and excellent communications with credit rating agencies regarding the City's fiscal condition;
 - Purchasing bond insurance or taking action to upgrade the City's current credit rating (*Council Policy*)
 5. The City will comply with Rule 15(c) 2-12 of the Securities Exchange Commission (SEC) and provide timely disclosure of relevant information on an annual basis as well as any material event notices as required. (*Council Policy*)
 6. In addition to externally financed debt, the City utilizes inter-fund loans whenever possible to reduce borrowing costs or provide for shorter term loans. When interest is charged on internal loans, it is done at the same rate the City earns from its pooled investments.

Sewer Service Revenue Fund Reserve Policy

1. Working Capital and Rate Stabilization Reserve

Working Capital and Rate Stabilization reserves in the Sewer Service Revenue Fund will be restricted to maintaining operating the wastewater collection system and paying treatment charges to City of San Diego Metropolitan Wastewater ("Metro"). The reserve will be funded from revenues accumulated in the Sewer Service Revenue Fund. It is intended to accommodate any natural variability in revenues and expenditures, including potential disruptions of cash flows due to varied billing methodology, short term fluctuations and annual cycles. The reserve will also assist in addressing shortfalls which may occur due to unanticipated cost increases in labor or energy and other consumption based goods and services, such as wastewater treatment services provided by Metro. The reserves represent unrestricted resources available for appropriation by the City Council addressing unforeseen needs for sewer services.

The Working Capital and Rate Stabilization Reserves will assist the City in addressing the following items:

- Rate Stabilization – the reserves will allow the City the flexibility to "smooth" rates and phase increases in over multiple years, which is prudent given the potential variability in the City's payments to Metro.

- Revenue Collection Fluctuations – the reserves will be used to protect the City from natural fluctuations in revenue and expenditure cycles which is prudent given that the City bills customers at different points in time but incurs expenses continuously throughout the year.
- Rates of delinquencies – delays in collection of outstanding revenues.
- Payroll cycles – the timing of fixed cash requirement for payroll, as related to the timing of revenue cycles.
- Unanticipated expenses – expenses whose characteristics make accurate estimation difficult, such as increases in wastewater treatment services provided by the City of San Diego, energy costs, labor benefits and other consumption based goods and services.

The City shall maintain a Sewer Revenue reserve equivalent to 90 days of operating expenditures and a Rate Stabilization reserve equivalent to 90 days of operating expenditures for a minimum combined total of 180 days and a maximum reserve balance of 125% of the minimum balance.

If funds are appropriated from the Sewer Revenue Working Capital and Rate Stabilization Reserves, the funds should be replenished in the budget process during subsequent fiscal years to the minimum reserve balance. If the magnitude of the event caused the Sewer Revenue Working Capital and a Stabilization Reserves to be less than 30 days of operating and maintenance budget, the Finance Director shall provide the City Council with a plan to incrementally replenish the reserves to the 180 days minimum reserve balance. *(Council Policy)*

2. Emergency Reserve

The Sewer Service Revenue Fund Emergency Reserve is necessary to secure funding for insurance deductibles, unforeseen liabilities/litigation and settlement costs related to the City's wastewater system.

The City shall maintain a minimum Sewer Service Revenue Fund Emergency Reserve target level of 5% of the operating and maintenance budget and a maximum reserve balance of 125% of the minimum balance. If the funds are appropriated from the Sewer Revenue Emergency Reserves due to unanticipated needs, the Finance Director shall provide the City Council with a plan to incrementally replenish the reserves to the minimum reserve balance. *(Council Policy)*

3. Vehicle Replacement Reserve

The Sewer Service Revenue Fund Vehicle Replacement Reserves represents monies set aside to fund the replacement of aging vehicles. The allocation is funded from revenues accumulated in the Sewer Service Revenue Fund.

The City shall maintain a minimum Sewer Services Fund Vehicle Replacement Reserve target of 2% of the operating and maintenance budget. This reserve will ensure that vehicles utilized for sewer operations are replaced as scheduled and available to deploy as needed.

To achieve a minimum impact to cost of services and rates, funds will be included in the proposed budget on an annual basis as identified in the City's Vehicle Replacement schedule. The cost of replacing all vehicles will be averaged over the lifespan of the existing fleet. This will generate a more normalized cost of services by evenly distributing revenue requirements on a year-to-year-basis offsetting temporary cash flow deficiencies and avoid significant increases in rate charges to customers in the years the replacement cost are incurred. *(Council Policy)*

INVESTMENT POLICIES

Investment Policies

1.0 Purpose

This “Investment Policy and Guidelines” (the “Investment Policy”) Policy is intended to provide guidelines for the prudent investment of the City of Chula Vista’s (the “City”) cash balances, and outline policies to assist in maximizing the efficiency of the City’s cash management system, while meeting the daily cash flow demands of the City.

2.0 Policy

The investment practices and policies of the City of Chula Vista are based upon state law and prudent money management.

3.0 Scope

This Investment Policy applies to all financial assets of the City of Chula Vista, as indicated in 3.1 below. These funds are accounted for in the City’s Comprehensive Annual Financial Report.

3.1 Funds

The Director of Finance/Treasurer is responsible for investing the unexpended cash in the City Treasury for all funds, except for the employee’s retirement funds, which are administered separately, and those funds which are managed separately by trustees appointed under indenture agreements. The Director of Finance/Treasurer will strive to maintain the level of investment of this cash as close as possible to 100%. These funds are described in the City’s annual financial report and include:

- General Fund
- Special Revenue Funds
- Capital Project Funds
- Enterprise Funds
- Trust and Agency Funds
- Any new fund created by the legislative body, unless specifically exempted

This Investment Policy applies to all transactions involving the financial assets and related activity of the foregoing funds.

Bond proceeds shall be invested in the investments permitted by the applicable bond documents. If the bond documents are silent as to the permitted investments, the bond proceeds will be invested in the securities permitted by this Policy. Notwithstanding the other provisions of this Policy, the percentage limitations listed elsewhere in this Policy do not apply to bond proceeds.

4.0 Prudence

The standard of prudence to be used by the Director of Finance/Treasurer shall be the “prudent investor standard”. This shall be applied in the context of managing an overall portfolio. The “prudent investor standard” is applied to local agencies, pursuant to California Government Code Section 53600.3 which provides, in pertinent part:

“... all governing bodies of local agencies or persons authorized to make investment decisions on behalf of those local agencies investing public funds pursuant to this chapter are trustees and therefore fiduciaries subject to the prudent investor standard. When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency...”

4.1 Personal Responsibility

The Director of Finance/Treasurer, Assistant Director of Finance, Treasury Manager and Finance Manager as investment officers acting in accordance with written procedures and the Investment Policy and exercising due diligence, shall be relieved of personal responsibility for an individual security’s credit risk or market price changes,

provided deviations from expectations are reported to the City Council in a timely fashion and appropriate action is taken to control adverse developments.

5.0 Objective

Consistent with this aim, investments are made under the terms and conditions of California Government Code Section 53600, et seq. Criteria for selecting investments and the absolute order of priority are:

5.1 Safety

Safety of principal is the foremost objective of the investment program. Investments of the City of Chula Vista shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.

5.2 Liquidity

The City of Chula Vista's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements which might be reasonably anticipated and to maintain compliance with any indenture agreement, as applicable. Liquidity is essential to the safety of principal.

5.3 Return on Investments

The City of Chula Vista's investment portfolio shall be designed with the objective of attaining a market-average rate of return throughout budgetary and economic cycles (market interest rates), within the City's Investment Policy's risk parameters and the City's cash flow needs. See also Section 16.0.

6.0 Delegation of Authority

The City Council delegates responsibility for the investment program to the Director of Finance/Treasurer for a period of one year. Subject to review, the City Council may renew the delegation of authority each year. The Director of Finance/Treasurer shall be responsible for all transactions undertaken and shall establish a system of controls and written procedures to regulate the activities of subordinate officials. The responsibility for the day-to-day investment of City funds will be delegated to the Assistant Director of Finance or their designee. The Director of Finance/Treasurer may delegate day-to-day investment decision making and execution authority to an investment advisor. The advisor shall follow the Investment Policy and such other written instructions as are provided.

7.0 Ethics and Conflicts of Interest

In addition to state and local statutes relating to conflicts of interest, all persons involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Employees and investment officers, including investment advisors, are required to file annual disclosure statements as required for "public officials who manage public investments" [as defined and required by the Political Reform Act and related regulations, including Government Code Sections 81000, et seq., and the rules, regulations and guidelines promulgated by California's Fair Political Practices Commission (FPPC)].

8.0 Authorized Financial Dealers and Institutions

For any transactions executed by the City, the City's Director of Finance/Treasurer will maintain a list of the financial institutions and brokers/dealers authorized to provide investment and depository services and will perform an annual review of their financial condition. The City will utilize Moody's Securities or other such services to determine financially sound institutions with which to do business. The City shall annually send a copy of the current Investment Policy to all financial institutions and brokers/dealers approved to do business with the City.

As far as possible, all money belonging to, or in the custody of, a local agency, including money paid to the City's Director of Finance/Treasurer or other official to pay the principal, interest, or penalties of bonds, shall be deposited for safekeeping in state or national banks, savings associations, federal associations, credit unions, or federally insured industrial loan companies in this state selected by the City's Director of Finance/Treasurer; or may be invested in the investments set forth in Section 9.0. To be eligible to receive local agency money, a bank, savings association, federal association, or federally insured industrial loan company shall have received an overall rating of not less than

“satisfactory” in its most recent evaluation by the appropriate federal financial supervisory agency of its record of meeting the credit needs of California’s communities, including low- and moderate-income neighborhoods.

To provide for the optimum yield in the investment of City funds, the City’s investment procedures shall encourage competitive bidding on transactions. Any transactions not executed directly with the issuer shall be made with approved brokers/dealers. In order to be approved by the City, the broker/dealer must meet the following criteria: (i) the broker/dealer must be a “primary” dealer or regional broker/dealer that qualifies under Securities and Exchange Commission Rule 15C3-1 (Uniform Net Capital Rule); (ii) the broker/dealer must be experienced in institutional trading practices and familiar with the California Government Code as related to investments appropriate for the City; and (iii) all other applicable criteria, as may be established in the investment procedures. All brokers/dealers and financial institutions who desire to become qualified bidders for investment transactions must submit documents relative to eligibility including U4 form for the broker, proof of Financial Industry Regulatory Authority (FINRA) certification and a certification of having read and understood the City’s Investment Policy and agreeing to comply with the Investment Policy. The City’s Director of Finance/Treasurer shall determine if they are adequately capitalized (i.e. minimum capital requirements of \$10,000,000 and five years of operation).

If the City has an investment advisor, the investment advisor may use its own list of authorized issuers and broker/dealers to conduct transactions on behalf of the City.

9.0 Authorized & Suitable Investments

The City is authorized by California Government Code Section 53600, et. seq., to invest in specific types of securities. Where this section specifies a percentage limitation for a particular security type, that percentage is applicable only on the date of purchase. Credit criteria listed in this section refers to the credit rating at the time the security is purchased. If an investment’s credit rating falls below the minimum rating required at the time of purchase, the Director of Finance/Treasurer will perform a timely review and decide whether to sell or hold the investment.

Investments not specifically listed below are deemed inappropriate and prohibited:

- A. **BANKERS’ ACCEPTANCES.** A maximum of 40% of the portfolio may be invested in bankers’ acceptances. The maximum maturity is 180 days. No more than 30% of the agency’s moneys may be invested in the bankers’ acceptances of any one commercial bank. See Government Code Section 53601(g).
- B. **NEGOTIABLE CERTIFICATES OF DEPOSIT.** A maximum of 30% of the portfolio may be invested in negotiable certificates of deposit (NCD’s). The maximum maturity of a NCD issue shall be 5 years. These are issued by commercial banks and thrift institutions against funds deposited for specified periods of time and earn specified or variable rates of interest. Negotiable certificates of deposit (NCD’s) differ from other certificates of deposit by their liquidity. NCD’s are traded actively in secondary markets. See Government Code Section 53601(i).
- C. **COMMERCIAL PAPER.** Per Government Code Section 53601(h), a maximum of 25% of the portfolio may be invested in commercial paper. No more than 10% of the outstanding commercial paper of any single issuer may be purchased. The maximum maturity is 270 days. Commercial paper of prime quality of the highest ranking or of the highest letter and number rating as provided for by a NRSRO. The entity that issues the commercial paper shall meet all of the following conditions in either paragraph (1) or paragraph (2):
 - a) The entity meets the following criteria:
 - i. Is organized and operating in the United States as a general corporation.
 - ii. Has total assets in excess of five hundred million dollars (\$500,000,000).
 - iii. Has debt other than commercial paper, if any, that is rated in a rating category of “A” or higher, or the equivalent, by a NRSRO.
 - b) The entity meets the following criteria:
 - i. Is organized within the United States as a special purpose corporation, trust, or limited liability company.
 - ii. Has program wide credit enhancements including, but not limited to, over collateralization, letters of credit, or surety bond.
 - iii. Has commercial paper that is rated in a rating category of “A-1” or higher, or the equivalent, by a NRSRO.

- D. BONDS ISSUED BY THE CITY OR ANY LOCAL AGENCY WITHIN THE STATE OF CALIFORNIA. There is no limit on the percentage of the portfolio that can be invested in this category. See Government Code Section 53601(a) and 53601(e).
- E. OBLIGATIONS OF THE UNITED STATES TREASURY. United States Treasury Notes, bonds, bills or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest. There is no limit on the percentage of the portfolio that can be invested in this category. See Government Code Section 53601(b).
- F. FEDERAL AGENCIES. Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises. There is no limit on the percentage of the portfolio that can be invested in this category. See Government Code Section 53601(f).
- G. REPURCHASE AGREEMENT, maximum term 1 year. Investments in repurchase agreements may be made, on any investment authorized in this section, when the term of the agreement does not exceed 1 year. A Master Repurchase Agreement must be signed with the bank or broker/dealer who is selling the securities to the City. There is no limit on the percentage of the portfolio that can be invested in this category. See Government Code Section 53601(j).
- H. REVERSE-REPURCHASE AGREEMENTS (Requires Council approval for each transaction). Per Government Code Section 53601(j), reverse repurchase agreements or securities lending agreements may be utilized only when all of the following conditions are met:
- a) The security to be sold on reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale.
 - b) The total of all reverse repurchase agreements and securities lending agreements on investments owned by the local agency does not exceed 20% of the base value of the portfolio.
 - c) The agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.
 - d) Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counter party by way of a reverse repurchase agreement or securities lending agreement, shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.
 - e) Investments in reverse repurchase agreements, securities lending agreements, or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security shall only be made with primary dealers of the Federal Reserve Bank of New York or with a nationally or state-chartered bank that has or has had a significant banking relationship with a local agency.
 - f) For purposes of this policy, "significant banking relationship" means any of the following activities of a bank:
 - i. Involvement in the creation, sale, purchase, or retirement of a local agency's bonds, warrants, notes, or other evidence of indebtedness.
 - ii. Financing of a local agency's activities.
 - iii. Acceptance of a local agency's securities or funds as deposits.
- I. MEDIUM-TERM CORPORATE NOTES. A maximum of 30% of the portfolio may be invested in medium-term corporate notes, with a maximum remaining maturity of five years or less. Notes eligible for investment shall be rated in a rating category of "A," its equivalent or better by a NRSRO. See Government Code Section 53601(k). No more than 10% of the City's total investment assets may be invested in the commercial paper and the medium-term notes of any single issuer.

- J. **NON-NEGOTIABLE CERTIFICATES OF DEPOSIT.** The maximum maturity is 5 years. Certificates of deposit are required to be collateralized as specified under Government Code Section 53630 et seq. The City, at its discretion, may waive the collateralization requirements for any portion that is covered by Federal Deposit Insurance Corporation (FDIC) insurance. There is no limit on the percentage of the portfolio that can be invested in this category.
- K. **OBLIGATIONS OF THE STATE OF CALIFORNIA.** Including bonds payable solely out of revenues from a revenue producing property owned, controlled or operated by the state, or by a department, board, agency or authority of the state. The maximum maturity is 5 years. There is no limit on the percentage of the portfolio that can be invested in this category. See Government Code Section 53601(d).
- L. **OBLIGATIONS OF THE OTHER 49 STATES.** Including bonds payable solely out of revenues from a revenue producing property owned, controlled or operated by any of these states, or by a department, board, agency or authority of the state. The maximum maturity is 5 years. There is no limit on the percentage of the portfolio that can be invested in this category. See Government Code Section 53601(d).
- M. **MONEY MARKET FUNDS.** A maximum of 20% of the portfolio may be invested in money market funds. No more than 10% of the agency's funds may be invested in shares of beneficial interest of any one mutual fund. Local agencies may invest in "shares of beneficial interest" issued by diversified management companies which invest in the securities and obligations as authorized by California Government Code Section 53601, subdivisions (a) to (k), inclusive, and subdivisions (m) to (q), inclusive. They must have the highest rating from two NRSRO's or have retained an investment advisor registered or exempt from registration with the Securities and Exchange Commission with not less than five years of experience managing money market mutual funds and with assets under management in excess of \$500,000,000. The purchase price of the shares may not include commission. See Government Code Section 53601(l).
- N. **San Diego County Treasurer's Pooled Money Fund.** Also known as the San Diego County Investment Pool, the pool is a local government money fund created to invest the assets of the County of San Diego and other public agencies located within the County. The three primary objectives of the County Pool are to safeguard principal; to meet liquidity needs of Pool participants; and to achieve an investment return on the funds within the guidelines of prudent risk management. Investment in the County Pool is highly liquid and the City may invest with no portfolio percentage limit. See Government Code Section 27133.
- O. **THE LOCAL AGENCY INVESTMENT FUND (LAIF).** LAIF is a special fund of the California State Treasury through which any local government may pool investments. The City may invest up to \$75 million in this fund. Investments in LAIF are highly liquid and may be converted to cash within 24 hours. See Government Code Section 16429.1.
- P. **SHARES OF BENEFICIAL INTEREST ISSUED BY A JOINT POWERS AUTHORITY (Local Government Investment Pools [LGIP]).** Per Government Code Section 53601(p), there is no limit on the percentage of the portfolio that can be invested in this category. LGIP's organized pursuant to Government Code Section 6509.7 that invests in the securities and obligations authorized in subdivisions (a) to (q) of California Government Code Section 53601, inclusive. Each share will represent an equal proportional interest in the underlying pool of securities owned by the joint powers authority. To be eligible under this section the joint powers authority issuing the shares will have retained an investment adviser that meets all of the following criteria:
- The adviser is registered or exempt from registration with the Securities and Exchange Commission.
 - The adviser has not less than five years of experience investing in the securities and obligations authorized in subdivisions (a) to (q) Government Code Section 53601, inclusive.
 - The adviser has assets under management in excess of five hundred million dollars (\$500,000,000).
- Q. **ASSET BACKED SECURITIES (ABS).** A maximum of 20% of the portfolio may be invested in ABS. The maximum maturity is five years. Securities eligible for investment under this subdivision shall be rated in a rating category of "AA" or its equivalent or better by an NRSRO. ABS constitutes a mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate, or consumer receivable-backed bond. See Government Code Section 53601(o).

- R. SUPRANATIONALS. A maximum of 30% of the portfolio may be invested in supranationals. The maximum maturity is five years. Securities eligible for purchase under this subdivision shall be United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank that are eligible for purchase and sale within the United States. Investments under this subdivision shall be rated in a rating category of "AA," its equivalent or better by an NRSRO. See Government Code Section 53601(q).
- S. PLACEMENT SERVICE DEPOSITS. A maximum of 30% of the portfolio may be invested in placement service deposits. The maximum maturity is 5 years. Deposits placed through a deposit placement service shall meet the requirements under Government Code Section 53601.8 and 53635.8. The full amount of the principal and the interest that may be accrued during the maximum term of each certificate of deposit shall at all times be insured by federal deposit insurance.
- T. COLLATERALIZED BANK DEPOSITS. Notes, bonds, or other obligations that are at all times secured by a valid first priority security interest in securities of the types listed by California Government Code Section 53651 as eligible securities for the purpose of securing local agency deposits having a market value at least equal to that required by California Government Code Section 53652 for the purpose of securing local agency deposits. The securities serving as collateral shall be placed by delivery or book entry into the custody of a trust company or the trust department of a bank that is not affiliated with the issuer of the secured obligation. The maximum maturity is 5 years. There is no limit on the percentage of the portfolio that can be invested in this category. See Government Code Section 53601(n) and 53630 et seq.

9.1 Investment Pools

The City's Director of Finance/Treasurer or designee shall be required to investigate all local government investment pools and money market mutual funds prior to investing and performing at least a quarterly review thereafter while the City is invested in the pool or the money market fund. LAIF is authorized under provisions in Section 16429.1 of the California Government Code as an allowable investment for local agencies even though some of the individual investments of the pool are not allowed as a direct investment by a local agency.

10.0 Portfolio Adjustments

Should any investment listed in section 9.0 exceed a percentage-of-portfolio limitation due to an incident such as fluctuation in portfolio size, the affected securities may be held to maturity to avoid losses. When no loss is indicated, the Director of Finance/Treasurer shall consider reconstructing the portfolio basing his or her decision on the expected length of time the portfolio will be unbalanced. If this occurs, the City Council shall be notified.

11.0 Collateralization

Under provisions of the California Government Code, California banks, and savings and loan associations are required to secure the City's deposits by pledging letters of credit issued by the Federal Home Loan Bank of San Francisco with a value of 105% of the principal and accrued interest, government securities with a value of 110% of principal and accrued interest or first trust deed mortgage notes having a value of 150% of the City's total deposits. Collateral will be handled as required by the California Government Code. The Director of Finance/Treasurer, at his or her discretion, may waive the collateral requirement for deposits that are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation.

The market value of securities that underlay a repurchase agreement shall be valued at 102% or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102% no later than the next business day. Collateral will always be held by an independent third party. A clearly marked evidence of ownership (safekeeping receipt) must be supplied to the City and retained. The right of collateral substitution is granted.

12.0 Safekeeping and Custody

All City investments shall identify the City of Chula Vista as the registered owner, and all interest and principal payments and withdrawals shall indicate the City of Chula Vista as the payee. All securities shall be safe kept with the City itself or with a qualified financial institution, contracted by the City as a third party. All agreements and

statements will be subject to review annually by external auditors in conjunction with their audit. In the event that the City has a financial institution hold the securities, a separate custodial agreement shall be required. All deliverable securities shall be acquired by the safekeeping institution on a "Delivery-Vs-Payment" (DVP) basis. For Repurchase Agreements, the purchase may be delivered by book entry, physical delivery or by third-party custodial agreement consistent with the Government Code. The transfer of securities to the counter party bank's customer book entry account may be used for book entry delivery.

13.0 Diversification

The City's investment portfolio will be diversified to avoid incurring unreasonable and avoidable risks associated with concentrating investments in specific security types, maturity segment, or in individual financial institutions. No more than 5% of the investment portfolio shall be in securities of any one issuer except for U.S. Treasuries, U.S. Government Agency issues, and investment pools such as LAIF, the San Diego County Pool, money market funds, and local government investment pools (LGIP's).

- A. Credit risk, defined as the risk of loss due to failure of the insurer of a security, shall be mitigated by investing in those securities with an "A" or above rating and approved in the Investment Policy and by diversifying the investment portfolio so that the failure of any one issuer would not unduly harm the City's cash flow.
- B. Market risk, defined as the risk of market value fluctuations due to overall changes in the general level of interest rates, shall be mitigated by implementing a long-term investment strategy. It is explicitly recognized herein, however, that in a diversified portfolio, occasional measured losses are inevitable and must be considered within the context of overall investment return. The City's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements which might be reasonably anticipated.

14.0 Maximum Maturities

To the extent possible, the City will attempt to match its investments with anticipated cash flow requirements. The City will not directly invest in securities maturing more than five (5) years from the date of purchase, unless, the legislative body has granted express authority to make that investment either specifically, or as a part of an investment program approved by the City Council at least three (3) months prior to the investment.

15.0 Internal Control

The Director of Finance/Treasurer shall establish a system of internal controls designed to prevent loss of public funds due to fraud, employee error, or misrepresentation by third parties. No investment personnel, including an investment advisor, may engage in an investment transaction except as provided for under the terms of this Investment Policy and the procedure established by the Director of Finance/Treasurer.

The external auditors shall annually review the investments with respect to the Investment Policy. This review will provide internal control by assuring compliance with policies and procedures for the investments that are selected for testing. Additionally, account reconciliation and verification of general ledger balances relating to the purchasing or maturing of investments and allocation of investments to fund balances shall be performed by the Finance Department and approved by the Director of Finance/Treasurer. To provide further protection of City funds, written procedures prohibit the wiring of any City funds without the authorization of at least two of the following six designated City staff:

- 1. Director of Finance/Treasurer
- 2. Assistant Director of Finance
- 3. Treasury Manager
- 4. Finance Manager
- 5. Revenue Manager
- 6. Budget and Analysis Manager

16.0 Performance Standards

The investment portfolio shall be managed to attain a market-average rate of return throughout budgetary and economic cycles, taking into account the City's investment risk constraints and cash flow. Investment return becomes a consideration only after the basic requirements of investment safety and liquidity have been met. In evaluating the

performance of the City's portfolio in complying with this policy, the City shall establish an appropriate performance benchmark and compare the return of its portfolio to the return of the benchmark.

17.0 Reporting

The Director of Finance/Treasurer shall submit a quarterly investment report to the City Council and City Manager following the end of each quarter. This report will include the following elements:

- Type of investment
- Institutional issuer
- Purchase date
- Date of maturity
- Amount of deposit or cost of the investment
- Face value of the investment
- Current market value of securities and source of valuation
- Rate of interest
- Interest earnings
- Statement relating the report to its compliance with the Statement of Investment Policy or the manner in which the portfolio is not in compliance
- Statement on availability of funds to meet the next six month's obligations
- Monthly and year-to-date budget amounts for interest income
- Percentage of portfolio by investment type
- Days to maturity for all investments
- Comparative report on interest yields
- Monthly transactions
- Compare portfolio total return to market benchmark total return

In addition, a commentary on capital markets and economic conditions may be included with the report.

18.0 Investment Policy Review and Adoption

This Investment Policy shall be reviewed at least annually by the Director of Finance/Treasurer to ensure its consistency with the overall objective of preservation of principal, liquidity, and return, and its relevance to current law and financial and economic trends. Each fiscal year, the Finance Director shall provide a copy of the City's current Investment Policy and Guidelines to the City Council. By virtue of a resolution of the City Council of the City of Chula Vista, the Council shall acknowledge the receipt of the Policy for the respective fiscal year.

Council Policy 220-01, Last updated March 1, 2022 via *Council Resolution 2022-052*

**GENERAL FUND
RESERVE POLICY**

General Fund Reserve Policy

The City Council specifically amended this policy on November 3, 2020 with the adoption of Pension & Other Post-Employment Benefits (OPEB) Reserve Fund Policy No. 220-09, which provides, in relevant part, that:

1. Allocations for the Pension Reserve Fund (“PRF”) will only occur after the full funding of the 15% General Fund Operating Reserves; and
2. Upon meeting the 15% General Fund Operating Reserves, 75% of all future surplus funds will be transferred to the PRF, and the remaining 25% will be allocated to the Economic Contingency Reserves and Catastrophic Event Reserves in accordance with this Policy; and
3. In the event all three General fund reserve accounts are fully funded at the stated policy percentage, 100% of surplus funds will be transferred to the PRF until it reaches 15% of General Fund Expenses (excluding Measure A & P, identical dollar amount to the General Fund Operating Reserves).

Purpose:

Public entities purposely accumulate and then maintain adequate reserves to help ensure both financial stability and the continued ability to provide core services in difficult times. Sufficient reserves create financial stability, improve credit quality and allow the public entity to better weather downturns in the economy and the impacts of negative events, both major and minor. Properly funded reserves allow for the continued maintenance of property, the replenishment of vehicles and equipment, and payment of expenses beyond the amount of the funds available for a single fiscal year.

Background:

The General Fund Reserve policy is established to ensure that the City’s finances are managed in a manner which will (1) continue to provide for the delivery of quality services, (2) maintain and enhance service delivery as the community grows in accordance with the General Plan, (3) minimize or eliminate the need to raise taxes and fees because of temporary revenue shortfalls, and (4) establish the reserves necessary to meet known and unknown future obligations and ability to respond to unexpected opportunities.

Fiscal stability is an important factor in operating a City. Establishing certain financial reserves would protect the City against unexpected interruptions in revenues, vulnerability to Federal or State actions, adverse economic conditions, unpredictable one-time costs, and exposure to natural disasters and emergencies.

There are additional benefits to establishing a minimum General Fund reserve. Credit rating agencies carefully monitor levels of reserves in a government’s General Fund to evaluate a government’s continued creditworthiness. A higher credit rating results in savings to the taxpayer when the City issues debt or participates in short-term borrowing. Finally, reserve levels are a crucial consideration in long-term financial planning.

The Government Finance Officers Association (GFOA), an international organization that promotes the professional financial management of governments for the public interest, recommends maintaining a minimum unreserved fund balance (reserves) in the General Fund of no less than 5% to 15% of general fund operating revenues, or no less than one to two months of regular general fund operating expenditures. A government’s particular situation may require levels of unreserved fund balance in the general fund significantly in excess of these recommended minimum levels. Cities with higher reserve levels are better positioned to protect public services during economic downturns. GFOA recommends that in establishing a policy governing the level of unreserved fund balance in the general fund, a government should consider a variety of factors, including:

- The predictability of its revenues and the volatility of its expenditures (i.e. higher levels of unreserved fund balance may be needed if significant revenue sources are subject to unpredictable fluctuations or if operating expenditures are highly volatile.)
- The availability of resources in other funds as well as the potential drain upon general fund resources from other funds (i.e., the availability of resources in other funds may reduce the amount of reserves needed in the general fund, just as deficits in other funds may require that a higher level of reserves be maintained in the general fund).

- Liquidity (i.e., a disparity between when financial resources actually become available to make payments and the average maturity of related liabilities may require that a higher level of resources be maintained).
- Designations (i.e., governments may wish to maintain higher levels of unreserved fund balance to compensate for any portion of unreserved fund balance already designated for a specific purpose).

Policy:

This Policy establishes three (3) distinct General Fund Reserves:

1. General Fund Operating Reserves – minimum 15% total General Fund operating expenditures
2. Economic Contingency Reserves – minimum 5% total General Fund operating expenditures
3. Catastrophic Event Reserves – 3% total General Fund operating expenditures

The total recommended minimum reserve level for the three categories combined is 23% of total General Fund operating expenditures.

General Fund Operating Reserves

The General Fund Operating Reserves represent unrestricted resources available for appropriations by the City Council to address extraordinary needs of an emergency nature.

The City shall maintain General Fund Operating Reserve levels of no less than 15% of the annual operating budget. This level of reserves represents approximately 1.8 months of General Fund operating expenditures. The reserves may be used to provide temporary financing for unanticipated extraordinary needs of an emergency nature, such as major storm drain repairs, litigation or settlement costs or an unexpected liability created by Federal or State legislative action.

If funds are appropriated (spent) from the operating reserves due to unanticipated needs, the funds should be replenished in the budget process during the subsequent fiscal year to maintain the minimum reserve balance. If the magnitude of the event caused the General Fund Operating Reserves to be deeply reduced, the City Manager and Finance Director shall provide the City Council with a plan to incrementally replenish the reserves to the minimum 15% level.

Authorized use (mid-year appropriations) of the General Fund Operating Reserves will require approval by at least four of five votes of the City Council.

Economic Contingency Reserve

The Economic Contingency Reserve represents monies set aside to mitigate service impacts during a significant downturn in the economy which impacts City revenues such as sales tax, property tax, business license tax, etc.

The City shall maintain General Fund Economic Contingency Reserve levels of no less than 5% of the annual operating budget to provide for unexpected financial impacts related to a significant economic slowdown.

Funds may be appropriated from the Economic Contingency Reserves only after the City Manager and the Finance Director have prepared an analysis providing sufficient evidence that the remaining reserves are adequate to offset potential downturns in revenue sources and provide sufficient cash balance for the daily financial needs of the City for the remainder of the fiscal year. Once the analysis has been presented to the City Council, action to appropriate from the reserves will require a declaration that a fiscal emergency or extraordinary need exists through an affirmative vote by at least four of five votes of the City Council.

If the Economic Contingency Reserves should ever drop below the minimum reserve level, the City Manager and Finance Director will develop a plan to replenish the reserves. The plan will be included in the adoption of the City's annual operating budget and Long-Term Financial Plan.

Catastrophic Event Reserves

The Catastrophic Event Reserves are monies set aside to fund unanticipated expenses related to a major natural disaster in the City.

A reserve level of 3% of the General Fund operating budget should be maintained as Catastrophic Event Reserves. These funds are associated with the City's Disaster Preparedness Program. The City is susceptible to earthquakes, fires, floods and terrorist threats. In the event that the City Council proclaims a local emergency, the Catastrophic Event Reserves can be utilized to fund recovery costs until reimbursements from federal and/or state agencies can be recovered.

Authorized use of the Catastrophic Event Reserves will require a Proclamation of a Local Emergency by the City Council or Director of Emergency Services. In addition, authorized use (mid-year appropriations) of the Catastrophic Event Reserves will require approval by at least four of five votes of the City Council.

Calculation of Reserves

The reserves will be calculated using the following year's Adopted General Fund budgeted operating expenditures. Reserves will be evaluated annually in conjunction with the development of the City's 10-Year General Fund Long-Term Financial Plan and Annual Operating Budget process. There is no maximum reserve level as any additional reserves would provide a greater level of fiscal security.

Council Policy 220-03, Last updated November 3, 2020 via *Council Resolution 2020-254*

**MEASURE A
RESERVE FUND
POLICY**

Measure A Reserve Fund Policy

Background

On June 15, 2018, Chula Vista voters approved Measure A Sales and Use Tax, a one-half (½) cent Public Safety General Transactions and Use Tax (Sales Tax) in the City of Chula Vista. The Measure A Reserve Fund policy is established to avoid any impacts to the General Fund due to temporary sales tax revenue shortfalls, and to establish the reserves necessary to meet known and unknown future obligations for the City's Police and Fire Departments.

Purpose

To establish a formal Measure A Sales Tax Reserve Fund Policy.

Policy

This policy establishes s Measure A Fund Economic Contingency Reserve:

Measure A Fund Economic Contingency Reserve

The City shall maintain a Measure A Fund Economic Contingency Reserve levels of no less than 60 days (approximately 16% of the annual operating budget) of operations to provide for unexpected financial impacts related to a significant economic slowdown. The reserve level is defined as the number of days of operation in its normal course of business and shall be calculated based on the annual operating budget for the fiscal year, less any budgeted debt service. If funds are appropriated (spent) from the operating reserves due to unanticipated needs, the funds should be replenished by that department in the budget process during the subsequent fiscal year to maintain the minimum reserve balance. If the magnitude of the event caused the Measure A Fund Economic Contingency Reserve to be deeply reduced, the City Manager and Finance Director shall provide the City Council with a plan to incrementally replenish the reserves to the minimum level.

Authorized use (mid-year appropriations) of the Measure A Economic Contingency Reserve will require approval by a (4/5) vote of the City Council.

Calculation of Reserves

The reserves will be calculated using the following year's Adopted Measure A Fund budgeted operating expenditures. Reserves will be evaluated annually in conjunction with the development of the Annual Budget process. There is no maximum reserve level as any reserves above the required minimum would provide a greater level of fiscal security in the case of an unexpected economic slowdown. Any reserves above the required minimum could also be used to support public safety, consistent with the Measure A Public Safety Expenditure Plan through the application of Measure A sales tax revenues that will ensure the best return on investment in terms of staffing improvements for the improved deployment of resources and include the uses of these non-recurring funds for one-time essential public safety purchases (i.e., capital, consulting, software, etc.).

Council Policy 220-10, Last updated May 24, 2022 via *Council Resolution 2022-130*

PENSION RESERVE POLICY

Pension Reserve Policy

Background

The following policy has been developed in response to large annual pension cost increases as a result of current and retired employees living longer, lower than anticipated investment returns by CalPERS over the last several years, and CalPERS policies which require all cities to pay for the existing unfunded liability over a thirty-year period, and for any new unfunded liabilities to be paid over a twenty-year period. The CalPERS valuation utilized for the pension obligation bonds issuance was for the period June 30, 2019: the total Miscellaneous plan Unfunded Actuarial Liability (UAL) was \$190,478,272 and the total Safety plan UAL was \$163,766,889. This policy will formalize a funding mechanism for the establishment of a Pension Reserve Fund (PRF) to be used at the City's discretion to help offset future pension cost increases.

The City also provides certain Other Pension Employment Benefits (OPEB) in the form of subsidized health care rates for Tier 1 retirees. As of June 30, 2019, the total OPEB liability for the City is \$15,938,213. The City budgets the implied subsidy amounts on an annual basis.

Purpose

To establish a formal City Pension Reserve Fund Policy and OPEB Reserve Fund Policy.

Policy

Allocation Methodology

This policy amends the General Fund Reserve Policy – Fiscal Health Plan, all allocations for the PRF will only occur after the full funding of the 15% General Fund Operating Reserves.

Upon meeting the 15% General Fund Operating Reserves 75% (seventy-five percent) of all future surplus funds shall be transferred to the PRF for the purposes of that fund while the remaining 25% (twenty-five percent) is allocated to the Economic Contingency Reserves and Catastrophic Event Reserves in accordance with the General Fund Reserve Policy- Fiscal Health Plan. In the event all three General fund reserve accounts are fully funded at the stated policy percentage, 100% of surplus funds will be transferred to the PRF until it reaches 15% of General Fund Expenses (excluding Measure A & P, identical dollar amount to the General Fund Operating Reserves).

Ongoing surplus funds are determined upon the close of the fiscal year if revenues exceed actual expenditures within the General Fund. Special consideration shall be made by the Finance Director each year when determining potential Surplus Funds so as not to leave any General Fund supported funds (Workers Compensation, Public Liability, Insurance Fund) with a negative fund balance.

In addition, if Pension Obligation Bonds are issued, the City shall budget a minimum of 75% of the net annual savings (determined at bond issuance for years 1-10, not adjusted annually for any new unfunded liability or change in actuarial assumptions) for bond fiscal years 1 through 10 to be transferred to the Pension Reserve Fund on an annual basis. This fund will take the form of a Section 115 Trust and will replace the Pension Reserve Fund described above. Upon full funding of the 15% Pension Reserve Fund in the 115 Trust, all surplus funds will be allocated 50% to an OPEB Reserve Fund and 50% to an POB Bond Call Fund. Once 75% funding of outstanding OPEB liability is achieved, all remaining surplus funds will be deposited into the POB Bond Call Fund. The Finance Department shall provide a comprehensive reserve fund status report, including five-year reserve fund balance projections, annually to the City Council along with the Comprehensive Annual Financial Report.

In the event of an economic hardship, or other unanticipated fiscal emergency, the City Council may make an emergency declaration to reduce the annual transfer to the PRF, only if all funds in the Emergency Reserve and Economic Contingency Reserve have been depleted. This declaration will only apply to the fiscal year in which it was made. Ongoing fiscal challenges will require a second or third emergency declaration.

Other Provisions

PRF funds may be used towards: repayment of future CalPERS unfunded liability in part or whole; the issuance of debt for the purposes of refinancing or issuing pension obligation bonds or other similar debt instruments; establishment of an OPEB reserve fund; to pay off any outstanding POB's; and any other unanticipated pension related cost or charge. The Finance Department shall create the PRF in the fiscal year in which the first scheduled transfer is to occur.

It is anticipated that pension fund contributions will eventually stabilize around the year 2030 and will slowly be reduced until the outstanding unfunded pension liability is paid in full by the year 2045. Pension Obligation Bonds may be considered to smooth the impacts over that twenty-four-year period. This PRF will remain in place until such time pension contributions have stabilized and the City has no remaining unfunded liability or projected liability in the future.

If any part of this Policy conflicts with Federal or State laws, or the City of Chula Vista Municipal Code, or Charter, those laws will take precedence over this Pension Reserve Fund Policy.

Definitions:

Surplus Funds – Actual revenues exceeding expenditures, if applicable, for each fiscal year. The surplus funds determination is typically made around October of each year for the prior fiscal year.

Bond Fiscal Year – Begins the first fiscal year immediately following the issuance of pension obligation bonds.

Council Policy 220-09, Last updated November 3, 2020 via *Council Resolution 2020-254*

DEBT ADMINISTRATION

Debt Administration

Debt Portfolio

The City of Chula Vista periodically utilizes various mechanisms for borrowing to finance large capital assets such as infrastructure, buildings and large equipment. The City's Debt Portfolio is a summary of its outstanding bonded indebtedness by issuance. The purpose of this report is to provide Chula Vista citizens, investors and the general public information on the City's bonded indebtedness. Also included within the report are Redevelopment Agency/ Successor Agency obligations, and other City debt such as Special Tax District liabilities and HUD Section 108 Loan repayments.

The City's debt portfolio can be accessed at the following link:

www.chulavistaca.gov/departments/finance/financial-reports

Based on the estimated balances for the year ending June 30, 2022, the City and the former Redevelopment Agency (Agency) borrowed funds through several long-term debt issues and held other obligations which are to be funded for a period of time exceeding one year. A summary of the City's current debt obligations is categorized in the following table.

Long Term Debt

Description	Principal	Interest	Total	Outstanding Balance	Final Maturity	Purpose
General Fund Obligations						
2014 Refunding COP	45,920,000	22,832,196	68,752,196	31,635,000	2032	Police Facility Project

This section discusses the various types of long-term debt that the City has incurred. Bond financings, notes payable, capital leases and advances from other funds are the traditional forms of long-term debt that the City has incurred. However, also captured in this section are professional estimates derived from actuarial studies for workers compensation and general liability claims. In addition, the Finance Department provides an estimate of the City's liability for compensated absences as of the end of each fiscal year. The following sections discuss the details of the City's long-term debt.

Tax Allocation Bonds (\$20.9 million)

Tax Allocation Bonds (TABs) are issued by the Agency and utilize tax increment revenue for debt service. The 2016 Tax Allocation Refunding Bonds were issued to refund the 2006 Senior Tax Allocation Refunding Bonds, Series A, the 2006 Subordinate Tax Allocation Refunding Bonds, Series B and the 2008 Tax Allocation Refunding Bonds.

Certificates of Participation / Lease Revenue Bonds (\$126.3 million)

As of June 30, 2022, the City currently has three outstanding Certificates of Participation and four outstanding Lease Revenue Bonds. In February 2014, the Chula Vista Public Financing Authority (CVPFA) issued the 2014 COP to refund the 2002 COP (Police Facility Project), fund a reserve fund, and pay the costs incurred in connection with the execution and delivery of the Certificates. In September 2015, the CVPFA issued the 2015 COP to refund the 2004 COP (Civic Center Project Phase I) and partially refund the 2006 COP (Civic Center Project Phase II), fund a reserve fund, and pay the costs incurred in connection with the execution and delivery of the Certificates. In July 2016, the CVPFA issued the 2016 COP to refund the remaining 2006 COP (Civic Center Project Phase II), fund a reserve fund and to pay the costs incurred in connection with the execution and delivery of the Certificates. In July 2016, the Chula Vista Municipal Financing Authority (CVMFA) issued the 2016 Lease Revenue Refunding Bonds (LRRB) to refund the 2010 COP (Capital Facilities Refunding Projects) and to fund a reserve fund. In July 2017, the CVMFA issued the 2017 Lease Revenue Bonds (LRB) to finance infrastructure, facilities and equipment and pay the costs incurred in connection with the issuance of the Bonds using Measure P Sales Tax as the dedicated revenue source for the debt service payments. In December 2017, the CVMFA issued the Lease Revenue Bonds Series 2017A and the Lease Revenue Bonds Series 2017B to finance photovoltaic energy systems at various City facilities, capitalize interest on the Bonds and pay the costs incurred in connection with the issuance of the Bonds.

Pension Obligation Bonds (\$343.5 million)

In February 2021, the City of Chula Vista issued the Series 2021 Taxable Pension Obligation Bonds to pay all of the City's currently unamortized, unfunded accrued actuarial liability to the California Public Employees Retirement System with respect to the City's defined benefit retirement plans for City employees, to pay the premium for a municipal bond insurance policy for the Insured Bonds, and to pay costs of issuance of the Bonds.

Bond Premium (\$13.6 million)

The premium is composed of seven bond issuances. One premium is in connection with the 2014 COP refunding bonds. The original amount of the premium is \$3,537,111 and will be amortized over the life of the bonds. The

second premium is related to the 2015 COP refunding bonds. The original amount of the premium is \$2,262,493 and will be amortized over the life of the bonds. The third premium is related to the 2016 COP refunding bonds. The original amount of the premium is \$319,652 and will be amortized over the life of the bonds. The fourth premium is related to the 2016 LRRB. The original amount of the premium is \$2,516,621 and will be amortized over the life of the bonds. The fifth premium is related to the 2016 TARBs. The original amount of the premium is \$4,687,799 and will be amortized over the life of the bonds. The sixth premium is related to the 2017 LRB. The original amount of the premium is \$10,008,509 and will be amortized over the life of the bonds. The seventh premium is related to the Lease Revenue Bonds Series 2017B. The original amount of the premium is \$135,516 and will be amortized over the life of the bonds.

Capital Leases (\$9.1 million)

In July 2013, the City Council authorized a 16-year lease purchase agreement with Banc of America to fund various solar energy projects for City facilities. The original amount of the loan was \$2,121,500 and will be repaid through future energy savings.

In November 2015, the City entered into a 10-year capital lease agreement with PNC Equipment Finance for the acquisition of two Pierce Arrow XT Triple Combination Pumper / Fire Engines. The original amount of the lease is \$1,285,053.

In August 2016, the City entered into a 10-year capital lease agreement with JPMorgan Chase Bank for the acquisition of one Pierce Aerial Ladder Truck. The original amount of the lease is \$1,229,470.

In June 2017, the City entered into a 10-year Capital Lease Agreement with Motorola Solutions, Inc. for the acquisition of a PSA System. The original amount of the lease is \$1,351,409.

In January 2018, the City entered into a 5-year Capital Lease Agreement with Mail Finance, Inc. for the acquisition of a mail folding machine. The original amount of the loan was \$17,245.

In October 2019, the City entered into a 4-year Capital Lease Agreement with DELL Financial Services for 120 Mobile Data Computers. The original amount of the loan was \$303,013.85.

In September 2018, the City entered into a 10-year Capital Lease Agreement with JP Morgan Chase Bank N.A. for one Pierce Arrow XT Triple Combination Pumper/Fire Engine. The original amount of the loan was \$720,785.92

In July 2020, the City entered into a 5-year Capital Lease Agreement with Banc of America Public Capital Corporation for one Pierce Aerial Ladder Truck and one Pierce Arrow XT Triple Combination Pumper/Fire Engine. The original amount of the loan was \$2,363,757.44.

In July 2020, the City entered into a 5-year Capital Lease Agreement with Banc of America Public Capital Corporation for additional equipment related to the \$2,363,757.44 lease agreement above. The original amount of the loan was \$4,493,100.00.

Notes/Loans Payable (\$1.2 million)

In September 2007, the City Council authorized the City's participation in the California Energy Commission and San Diego Gas and Electric On-Bill Financing program. The loans were to bridge the financial gap between energy conservation project capital costs and available rebates for energy conservation equipment. The original loan amount, which is paid in full, was \$665,884 for the On-Bill Financing program. In fiscal year 2012 additional loans, totaling \$3.7 million were entered into with the California Energy Commission.

In December 2012, the City entered into a lease purchase agreement with Banc of America to purchase certain energy conservation equipment. The agreement would bridge the financial gap between the Municipal Streetlight Retrofit Project capital costs and the available rebates for energy conservation equipment. The original loan amount was \$2.7 million.

CDBG Section 108 Loan (\$4.4 million)

The City entered into a contract for Loan Guarantee Assistance with the U.S. Department of Housing and Urban Development (HUD) as part of the Section 108 Loan Program in the amount of \$9,500,000 in June 2008. The Section 108 Loan is an “advance” of future CDBG entitlement funds and as such is repaid with a portion of the City’s annual entitlement. Proceeds of the loan will be used to fund multiple capital improvement projects. Debt service payments will be made with future CDBG entitlements for 20 years.

On November 27, 2018, the City received notice from HUD regarding the opportunity to refinance the existing loan with a lower interest rate. On December 6, 2018, the City notified HUD of its election to redeem the current note. The City signed the agreement for the refinancing on January 23, 2019. This refinancing will result in cost savings to the City from lower interest rates received during the remaining life of the loan.

Miscellaneous Claims Payable (\$31 million)

The Miscellaneous Claims Payable represents the probable amount of loss as estimated by legal counsel and risk management staff due to worker’s compensation and general liability claims filed against the City.

Compensated Absences (\$11 million)

The obligation for Compensated Absences represents the estimated dollar value of accumulated leave balances, primarily vacation leave, for employees that would have to be paid off if all permanent employees were terminated as of June 30, 2021.

Advances From Other Funds (\$40.3 million)

Per Resolution 2015-035 of the City Council, interfund loans from the Transportation Development Impact Fee to the Fire Suppression System expansion component of the Public Development Impact Fee were consolidated into one loan totaling \$10,500,000. The principal balance for the loan was \$8,150,862 as of June 30, 2021. In accordance with Council Policy No. 220-06, approved via Resolution 2015-028, the financing costs shall be calculated using the City’s pooled investment earning rate on a quarterly basis.

City Council authorized a loan to Western PAD from Eastern PAD in the amount of \$9,630,000 to acquire the 14.41 acre site located in the lower Sweetwater Valley owned by the Redevelopment Agency and \$310,000 to acquire the 1.89 acre site located at Auto Park Place, Chula Vista. Per Resolution 2015-035 of the City Council, these loans were consolidated. The loan will be repaid as funds become available, either as a result of credit acquisitions by the Agency or the payment of PAD fees by developers in western Chula Vista; in conjunction with Council Policy No 200-06, approved via Resolution 2015-028, the financing costs shall be calculated using the City’s pooled investment earning rate on a quarterly basis. The principal balance was \$9,219,238 as of June 30, 2021. The Agency will ensure that PAD funds are repaid to fully fund the development of the park for which they were originally collected.

The City Council authorized and set terms for loans from the Trunk Sewer fund to Salt Creek for \$16,848,381, to the Storm Drain fund for \$744,612, and \$803,331 from the Sewer Facility fund for capital improvement projects, via Resolution 2015-035. In accordance with Council Policy No. 220-06, approved via Resolution 2015-028, the financing costs shall be calculated using the City’s pooled investment earning rate on a quarterly basis. The principal balance was \$18,001,404 at June 30, 2021, of which all \$18,001,404 is outstanding from the Sewer Fund to the Sewer Development Impact Fees Fund and the portion due from the Sewer Fund to the Storm Drain Fund has been paid in full.

On June 23, 2020, The City Council authorized a loan from the Measure A Fund to the Enterprise Transport Program Fund to cover start-up costs related to the new Ambulance Transport Services Program in the amount of \$4,881,710, via Resolution 2020-152. The loan will be repaid from the final reimbursement under the City’s expiring ambulance services contract plus revenues generated from the initial years of the Fire Department’s Ambulance Services Operations, but no later than after 5 years of ambulance service operations. At June 30, 2021, Measure A had loaned the Enterprise Transport Program Fund a total of \$ 3,209,317.49 and this balance remained unchanged (no payments to principal were made in the fiscal year ending June 30, 2021). Loan disbursements will continue in Fiscal Year 2022 until the approved loan amount is reached.

General Fund Long-Term Debt for Fiscal Year 2023

The General Fund’s annual debt service “commitment” for the Certificates of Participation and the Lease Revenue Bonds and Pension Obligation Bonds in fiscal year 2023 is approximately \$33.9 million, or 7.3% of the General Fund operating budget. However, it must be noted that although this amount is truly a General Fund commitment, only \$23.8 million will actually be paid from General Fund resources, with the remaining amount paid from available development impact fees and residential construction tax. The \$23.8 million represents approximately 10.5% of the General Fund operating budget. The \$33.9 million represents ongoing level debt service payments as depicted in the following chart.

**GANN
APPROPRIATIONS
LIMIT**

GANN Appropriations Limit

Article XIII B of the California Constitution, approved by the voters in 1979, imposed the concept of spending limits on local governments. This Constitutional provision and related implementing legislation specifies that annual increases in appropriations financed from “Proceeds of Taxes” are limited to a base year (1978-79) amount increased annually by an inflation factor comprised of the change in population of the City combined with the greater of the change in new non-residential construction or the change in the California per capita personal income. By definition, “Proceeds of Taxes” includes such revenues as property taxes, sales and use taxes, utility users taxes, transient occupancy taxes, and state subventions. Revenues from other sources like fees/charges and federal grants are considered “Non-Proceeds of Taxes” and are not subject to the annual spending limit. This calculation has always been perfunctory for the City of Chula Vista, since the proceeds of taxes for the City are far less than the statutory appropriations limit.

The State Department of Finance and the San Diego County Assessor’s Office are charged with providing the data necessary for local jurisdictions to establish their appropriations limit. According to these sources, for purposes of the fiscal year 2023 calculation, the population increased 0.40%. California per capita personal income increased by 5.73% and new non-residential construction increased by 2.11%. Consequently, the California per capita personal income was used in the formula to compute the limit since this increase is the greater of the two amounts.

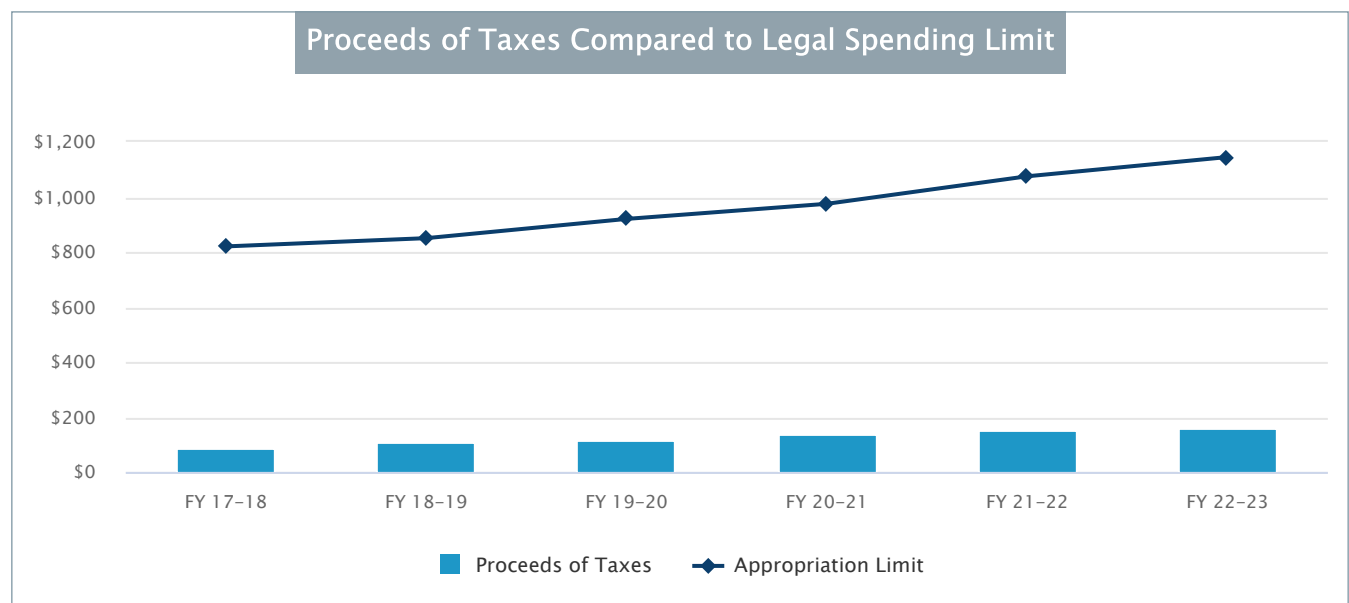

Fiscal Year 2023 Appropriations Limit

The fiscal year 2023 Appropriations Limit has been calculated as follows:

Fiscal Year 2023 Appropriation Limit		
Fiscal Year 2022 Appropriation Limit		\$ 1,139,948,192
Increased by an inflation factor composed of the increases in population and per capita income change	x	1.0749623
Fiscal Year 2023 Appropriation Limit		\$ 1,225,401,274

Proceeds of Taxes

The “Proceeds of Taxes” as included in the fiscal year 2023 Adopted Budget that are subject to the appropriations limit are estimated to be \$148,997,068. Therefore, the City has what is referred to as an appropriation “gap” of \$1,076,404,206 (\$1,225,401,274 - \$148,997,068). Simply stated, this means that the City could collect and spend up to \$1,076,404,206 more in taxes during Fiscal Year 2023 without exceeding the Constitutional limit.

**LEGAL DEBT
MARGIN**

Legal Debt Margin

Under State law, the City has a legal debt limitation not to exceed 15% of the total assessed valuation of taxable property within City boundaries. As of June 30, 2022, the City's legal debt limit is \$916,252,007. In accordance with California Government Code Section 43605, only the City's general obligation bonds are subject to this limit. The City of Chula Vista has no outstanding General Obligation Bonds. The table below summarizes the City's debt limit margin.

Computation of Debt Limit Margin

Fiscal Years Ended 2020 through 2022

	June 30, 2020	June 30, 2021	June 30, 2022
Total Assessed Valuation	\$ 30,596,085,455	\$ 32,404,145,562	\$ 33,593,920,198
Conversion Percentage	25%	25%	25%
Adjusted Assessed Valuation	\$ 7,649,021,364	\$ 8,101,036,391	\$ 8,398,480,050
Debt Limitation Percentage	15%	15%	15%
Debt Limit	\$ 1,147,353,205	\$ 1,215,155,459	\$ 1,259,772,007
Total Debt Applicable to Limit:			
Pension Obligation Bonds	\$ -	\$ -	\$ 343,520,000
Legal Debt Margin	\$ 1,147,353,205	\$ 1,215,155,459	\$ 916,252,007

The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the State.

SERVICE IMPACTS

Service Impacts

The service level impacts of an annual operating budget are the changes in the quantity and quality of the services provided by a City year over year. As economic cycles occur and City revenues rise and fall, it becomes a challenge to maintain service levels and implement a sustainable budget. In accordance with the City of Chula Vista's budget priorities and Strategic Plan, the fiscal year 2023 Adopted Budget includes various changes in how services are funded and delivered. Departmental service impacts are highlighted in the *Department Summary Reports* section of this document under *Significant Budget Adjustments & Service Impacts*. Highlights of changes in services funding are described below.

Services Funding

In general, local governments provide many services to the general population at no charge, such as public safety, libraries, and roadways and park maintenance. These services are paid for with general revenues that the City receives, including taxes, charges for services, user fees and a variety of other smaller types of general revenues.

Tax Changes

Tax revenue is generally unrestricted and allocated to the City's General Fund for programming expenditures. The City collects several types of tax revenue, such as property tax, sales tax, utility users' tax, business license tax and transient occupancy tax. A discussion on the City's major revenue sources, legislative factors and trends impacting these revenues is provided in the *General Fund Revenue Summary* section of this document.

There are no changes in tax rates planned for Fiscal Year 2023.

Fees Changes

Cities also offer many services that provide a specific benefit to the requesting party, for which a fee is assessed. Development plans review, building inspections, golf greens, and public park space rentals are examples of some of the services the City provides that are paid for directly by the public—residents, non-residents, businesses, developers, etc.—based on receiving a specific benefit.

The City's Master Fee Schedule was adopted to set the fees for a variety of services the City provides directly to the public. Fees levels are generally regulated by state laws (Propositions 13, 26 and 218) and the citywide *Cost Recovery Policy 159-03*. City fees may not exceed the reasonable cost of providing a service/benefit (with exceptions) and are to be periodically reviewed in order to keep pace with changes in the cost of living (Consumer Price Index) and methods or levels of service delivery. All changes to the Master Fee Schedule are approved by City Council.

The full Master Fee Schedule can be accessed at the following link: www.chulavistaca.gov/departments/finance/master-fee-schedule.

A summary of the changes made to the Master Fee Schedule during the fiscal year 2022 and during the development of the fiscal year 2023 Adopted Budget is outlined below.

Description	Change	Fund Impact	Justification
Waste Collection Rate Adjustment - Organic Waste Reduction Regulations (SB 1383)	See Master Fee Schedule, Chapter 17 - Solid Waste & Recycling Service Charges. Rates increased on average approximately 15%.	Rate increases will generate additional revenues to the General Fund based on the current franchise agreement with Republic Service to collect 20% of percentage of gross receipts. The impact for FY 2023 is an increase of \$1.11 million in franchise fees revenues.	Senate Bill (SB) 1383 established methane emission reduction targets of short-lived climate pollutants. This state law requires jurisdictions to establish new organic waste collection programs that prevent disposal of organic waste into landfills. The City worked with a third party consultant and franchise solid waste hauler Republic Services to propose an appropriate rate adjustment to residential and commercial service fees in order to implement the organic waste collection program meeting the requirements of SB 1383.
General Business Fees: Cannabis Employee Background Review Fee Renewal	\$222 / annually	No material impact to General Fund. Fee revenues are set at a level to offset costs of providing background reviews.	Fee level is established to recover staff and consultant costs for processing the background review renewal.
Booking Fees	Removal of \$155 Booking Fees	No material impact to City's Jail Fund. Removal of these fees will have a minimal impact on revenues; the previous annual budget was \$9,000.	This change is due to a repeal of California Government Code §29550.3 via Assembly Bill (AB) 1869 allowing a city which books or processes persons to a jail administered by the city to establish and collect an administrative fee for an arrested person. AB 1869 is designed to reduce the economic burden on people who are arrested, including disproportionate numbers of low-income people and people of color.
General Business Fees: Short-Term Rental Permits	\$250 Application, \$175 Annual Renewal, \$40 Event Permit	No material impact to the General Fund. Penalty revenues are anticipated to fully offset the cost of a Code Enforcement Officer II position to enforce the short-term rental compliance program.	The proposed ordinance establishes a new regulatory structure for short-term rentals that will be enforced jointly by the Chula Vista Police Department and the Code Enforcement section of the Development Services Department. The fees are recommended in order to offset the reasonably anticipated cost of providing Short-Term Rental permitting services, such as the cost of a Code Enforcement Officer position.
Sewer Service Charge (Sewer Rates)	No change through June 30, 2022; rate increase of 4.5% starting July 1, 2022, an increase of 5% starting July 1, 2023, an increase of 5% starting July 1, 2024, and an increase of 5.5% starting July 1, 2025.	Sewer Service Revenue and Trunk Sewer Capital Funds will increase revenues for FY 2022-23 through FY 2025-26 to ensure sewer expenses are covered and reserves met.	Based on an independent financial rate study of the City's sewer services, rate increases are needed to fund the cost of operating and maintaining the city's sewer collection system, investment in the infrastructure needed to provide the service consistent with applicable federal, state, and local laws, and ensure adequate financial reserves.
Industrial Wastewater Discharge Permit Fees	See Master Fee Schedule, Chapter 12 – Sewer Fees, Sewer Service Charges	The increase in the proposed Industrial Wastewater Discharge Permit Fee will ensure the program is recovering the associated costs. There will be no net change in the Sewer Services Revenue Fund in the current or future fiscal years.	City Council Policy 159-03 on Citywide Cost Recovery includes that city services mainly benefiting specific individuals or businesses should pay for the benefit in proportion to the benefit received. As such, the fees increases will pass on the costs charged by San Diego for managing each Industrial Use permit on to the individual Industrial User (IU).

**ACCOUNTING
SYSTEMS AND
BUDGETARY
CONTROL**

Accounting Systems and Budgetary Control

The City of Chula Vista’s budget provides an overview of the fiscal and operational status of the City, highlighting policy issues, decisions, and changes in service levels. The budget is comprised of a series of funds used to account for revenues and expenditures. These funds are generally categorized as governmental or proprietary funds.

Funds Structure

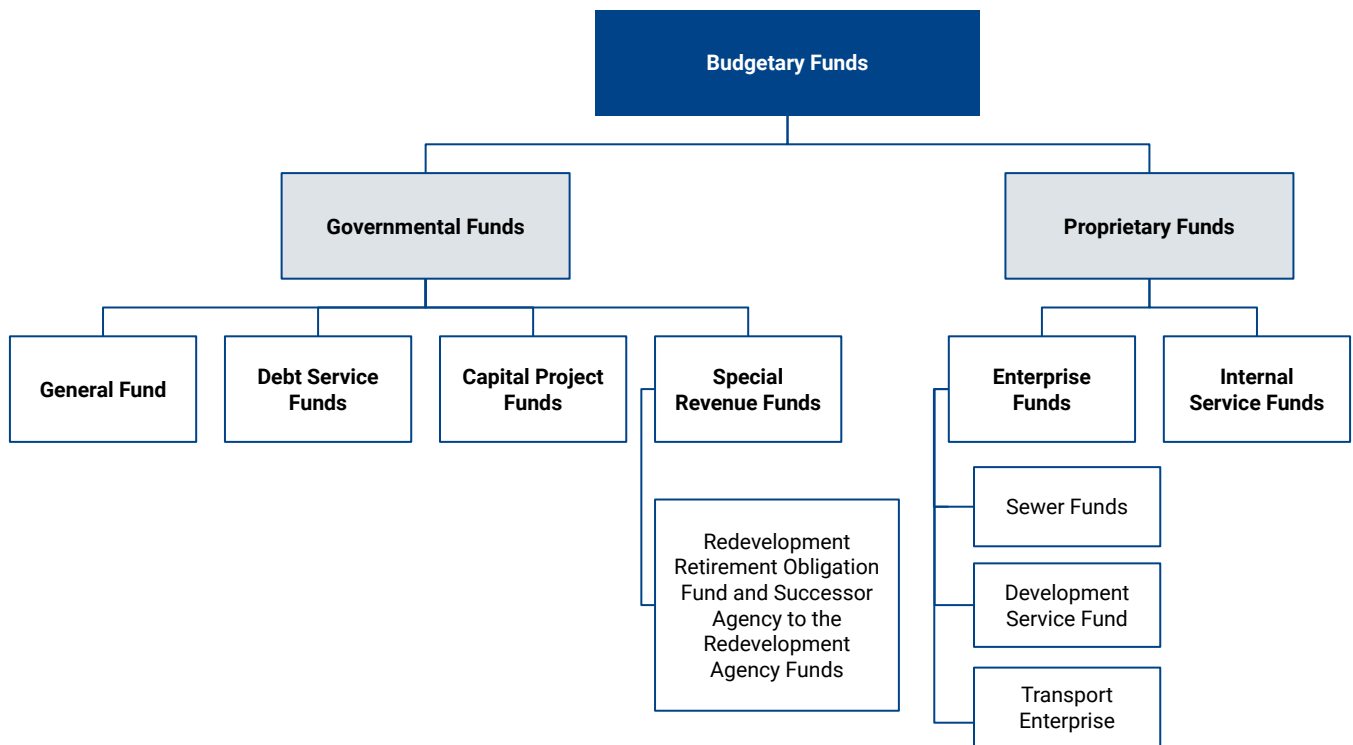

Governmental funds include activities associated with the operations of the City such as the provision of library, recreation, and public safety services. Special revenue funds, capital project funds, debt service funds, and the City’s general fund are different types of governmental funds.

Proprietary funds are used to account for activities often found in the private sector including two fund types: enterprise funds and internal service funds. Operations of the development service and sewer systems are accounted for as enterprise funds. Examples of functions accounted for by internal service funds include fleet management and worker’s compensation.

Budget Book Organization

The budget document is organized around the following major funds – General Fund, Development Services Fund, Redevelopment Retirement Obligation Fund and Successor Agency to the Redevelopment Agency Funds, Sewer Funds, Fleet Service Funds, Capital Projects Funds, Debt Service Funds, and Other Funds. Details about each of these funds can be found in the corresponding sections of the document.

City of Chula Vista Fund Structure

Each fund is considered an autonomous accounting entity. Funds are used to separate the various financial activities of the City and to demonstrate compliance with specific regulations, restrictions, or limitations. This may include demonstrating that restricted revenues are spent only for allowable purposes.

Basis of Accounting & Budgeting

The City's accounting records and budget are prepared and maintained using a modified accrual basis of accounting—less unrealized gains or losses resulting from the change in fair value of investments—which follows the accounting practices for governmental units as recommended by the Governmental Accounting Standards Board. Basic City operations are accounted for in the City's General Fund, with other activities accounted for in separate funds as required by law or determined by management discretion. Generally, revenues are recorded when measurable and available, and liabilities are recorded when incurred.

Internal Controls

In administering the City's accounting systems, primary consideration is given to the adequacy of internal accounting controls, which include an array of administrative procedures. These controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, as well as the reliability of financial records for accurate and fair presentation of financial reports. The concept of reasonable assurance recognizes that the cost of specific controls should not exceed the benefits likely to be derived from exercising the controls, and that this evaluation necessarily involves estimates and judgments by management. It is believed that the City's internal accounting controls adequately safeguard City assets and provide reasonable assurance of proper recording of financial transactions.

Budgetary Control

The City Charter charges the Director of Finance with the responsibility to supervise and be responsible for the disbursement of all monies and have control over all expenditures to ensure that budget appropriations are not exceeded. The level of budgetary control, that is the level at which expenditures are not to exceed Council approved appropriations, is established at the department and expenditure category level (e.g., personnel services, supplies and services, capital).

Budget Modifications

Any budget modification that would result in an appropriation increase requires City Council approval. The City Manager and Finance Director are jointly authorized to transfer up to \$15,000 of appropriations between expenditure categories within a departmental budget. Any appropriations transfers between departments, in excess of \$15,000, and transfers from CIP projects, require City Council approval.

Encumbrances

An encumbrance (commitment) accounting system is utilized as a technique to enhance budgetary control during the fiscal year. Appropriations encumbered (committed) at year-end may be carried forward with City Manager approval and are available to be used for those commitments during the subsequent fiscal year. Unspent and unencumbered appropriations lapse at year-end and become generally available for re-appropriation the following fiscal year.

GLOSSARY

Glossary

A

Accrual Basis of Accounting – A method of accounting by which transactions are recognized when they occur, regardless of the timing of cash receipts and disbursements.

Accounting System – The collective set of records and procedures used to record, classify, and report information on the financial status and operations of the City.

Accounts Payable – Amounts owed by the City to external entities for goods and services received.

Accounts Receivable – Amounts due to the City from external entities for goods and services furnished.

Adopted Budget – The title of the budget following its formal adoption by resolution of the City Council.

Ad Valorem – In proportion to value, a basis for levy of taxes on property.

Amended Budget – The title of the budget version that includes all amendments to the Adopted Budget approved by Council throughout the fiscal year.

Appropriation – A legislative act by the City Council authorizing the expenditure of a designated amount of public funds for a specific purpose.

Audit – An examination of City records and accounts by an external source to check their validity and accuracy.

B

Balanced Budget – The amount of budgeted expenditures is equal to or less than the amount of budgeted revenues plus other available sources. For budgeting purposes, the use of contingency reserves or use of fund balance will be considered revenue in defining a balanced budget.

Bond – A certificate of debt issued by a government or corporation guaranteeing payment of the original investment plus interest by a specified future date.

Budget – A spending plan and policy guide comprised of an itemized summary of the City's probable expenditures and revenues for a given fiscal year.

C

Calendar Year (CY) – The 12-month period from January through December.

Capital Expenditures – A specific undertaking involving procurement, construction or installation of facilities or related equipment which improves, preserves, enhances or modernizes the City's provision of municipal services, has a useful life of at least five years, and costs in excess of \$10,000.

Capital Improvement Program – An ongoing five-year plan of single and multiple-year capital expenditures which is updated annually.

Capital Improvement Project (CIP) – Any major capital investment with a value of \$50,000 or more and a minimum useful life of five years at a fixed location. CIPs may include construction or major repair of City buildings and facilities such as streets, roads, storm drains, traffic signals, parks, community centers, etc.

Capital Project Funds – Funds that are utilized to account for resources used for the acquisition and construction of capital facilities by the City, with the exception of those assets financed by proprietary funds.

Clean Renewable Energy Bonds (CREBs) – A certificate of debt issued by a government to finance renewable energy projects.

Community Development Block Grant (CDBG) Funds – Funds received from the federal government and expenditures as prescribed under the Community Development Grant Program.

D

Debt Service Funds – Funds used for payment of interest and principal to holders of the City's various debt instruments.

Deferred Maintenance – A backlog of needed repairs to City facilities including facility maintenance, painting and structural repairs.

Depreciation – The expense incurred with the expiration of a capital asset.

Direct Costs – Operational expenditures exclusive to a specific service or program.

Discretionary Revenue – Revenues that are generated by general or specific taxing authority such as Property or Sales Taxes.

E

Encumbrance – The designation or reserving of funds to buy an item or service.

Enterprise Funds – Funds established to account for specific services funded directly by fees and charges to users such as sewer services. These funds are intended to be self-supporting.

Expenditure – The actual outlay of monies set aside by appropriation for identified goods and services.

F

Fiscal Year (FY) – The twelve-month period beginning July 1st and ending June 30th of the subsequent calendar year.

Fixed Assets – An asset with a useful life greater than three years.

Fringe Benefits – This consists of the costs to provide employee benefits that include the flexible benefit program, insurance, and retirement.

Full-time Equivalent Positions (FTE) – The conversion of part-time, temporary, or volunteer positions to a decimal equivalent of a full-time position based on an annual amount of 2,080 hours worked.

Fund – A set of interrelated accounts to record revenues and expenditures.

Fund Balance – The excess of an entity's assets over its liabilities. A negative fund balance is sometimes referred to as a fund deficit.

G

Generally Accepted Accounting Principles – A uniform set of minimum standards for external financial accounting and reporting.

Gann Appropriation Limit – A State of California mandated appropriation limit imposed on local jurisdictions.

General Fund – The City's main operating fund that is used to pay for City services.

General Plan – The fundamental policy document that guides the City's future growth and development.

General Revenue – See Discretionary Revenues.

Governmental Funds – Funds that are typically used to account for tax-supported activities. These include the general fund, special revenue funds, debt service funds, and capital project funds.

Grants – A contribution by a government or other organization to provide funding for a specific project. Grants can either be classified as capital projects or programmatic, depending on the grant.

I

Indirect Cost – Costs that are essential to the operation of the City but not exclusive to any specific service or program. Indirect costs are primarily associated with support departments such as City Clerk, City Attorney, Administration, Information Technology Services (ITS), Human Resources, and Finance.

Infrastructure – Basic physical assets such as buildings, streets, sewers, and parks.

Interest Expense – Interest costs paid by the City of Chula Vista on loans and bonds.

Internal Service Funds – Funds that are used to finance and account for goods, special activities, and services performed by one City department for other City departments on a cost reimbursement basis.

L

Levy – To impose or collect a tax, special assessments, or charges for the support of City services.

Liability – Debt or other legal obligations arising out of past transactions that will be liquidated, renewed, or refunded at some future date.

M

Major Fund – Funds whose revenues, expenditures/expenses, assets or liabilities are at least 10% of the total for their fund category (governmental or enterprise) *and* 5% of the aggregate of all governmental and enterprise funds in total. The general fund is always considered a major fund.

Memorandum of Understanding (MOU) – A document detailing the outcomes of labor negotiations between the City and its various bargaining units.

Modified Accrual Basis of Accounting – A method of accounting in which revenues are recognized in the period they become available and measurable, and expenditures are recognized in the period the associated liability is incurred.

Municipal Code – A collection of ordinances approved by City Council.

N

Non-Capital Improvement Project Expenditures – Expenditures in this category are for large maintenance costs, studies and various community outreach programs. By their nature, these maintenance upkeeps and programs are expended beyond a one-year period. Recording these types of expenditures in an operating type budget would skew the comparison of budgets from year to year, because of this, the City finds it more efficient to record these types of expenditures in the Non-Capital Improvement Project category.

Non-Major Fund – All funds which do not meet the criteria for a major fund. Major funds are funds where revenues, expenditures/expenses, assets or liabilities are at least 10% of the total for their fund category (governmental or enterprise) and 5% of the aggregate of all governmental and enterprise funds in total.

O

Operating Budget – Costs associated with the ongoing municipal services.

Ordinance – A formal legislative enactment by the City Council.

Other Expenditures – All budgeted expenditures that do not fall into one of the following primary expenditure categories: Personnel, Supplies and Services, Utilities, Transfers Out, CIP and Non-CIP Projects, and Capital.

P

Personnel Services Expenditures – Expenses related to employee compensation including salaries, wages, and benefits.

Program Revenue – Revenues generated by a given activity.

Proposed Budget – The title of the budget prior to its formal adoption by resolution of the City Council.

Proprietary Funds – Funds used to account for a government’s business-type activities, which are supported, at least in part, by fees or charges.

R

Reserves – The portion of the General Fund balance set aside for contingencies.

Resolution – A special order of the City Council that requires less legal formality than an Ordinance.

Revenue – Funds received from various sources to finance expenditures.

S

Sewer Funds – Funds that account for revenues and expenditures related to the City’s sewer programs, including maintenance and expansion of the City’s conveyance system and payment of Metro Sewer treatment costs.

Special Revenue Funds – Funds that are used to account for proceeds derived from specific revenues sources, which are legally restricted to expenditures for special purposes. (e.g. Transportation Funds, Parking Funds, Public Safety Funds)

Spending Plan – A preliminary budget approved by Council contingent upon subsequent adoption of appropriations.

Supplies and Services Expenditures – Expenditures for supplies required for the daily operation of the City and for contractual and professional services.

T

Transfers Out Expenditures – Expenditures in this category are the authorized exchanges of cash, positions, or other resources between organizational units.

U

Unfunded Accrued Liability – Expenditures related to the shortfall between what the City has in assets and what it will need in assets to fully pay out the benefits that it has promised to retirees under CalPERS.

Utilities Expenditures – Expenses related to the consumption of services including electricity, natural gas, water, and telephone services.

Y

Yield – The rate of return earned on an investment based on the price paid.
